

EFFECTIVE DATE OF 1994 AMENDMENT

For effective date and applicability of amendment by Pub. L. 103-355, see section 10001 of Pub. L. 103-355, set out as a note under section 2302 of this title.

REGULATIONS

Pub. L. 101-510, div. A, title VIII, §834(b), Nov. 5, 1990, 104 Stat. 1614, provided that: “Not later than 180 days after the date of the enactment of this Act [Nov. 5, 1990], the Secretary of Defense shall publish for public comment new regulations to carry out the requirements in this section [enacting this section]. The Secretary shall promulgate final regulations to carry out such requirements not later than 270 days after the date of the enactment of this Act.”

SELECTION OF SERVICE PROVIDERS FOR AUDITING SERVICES AND AUDIT READINESS SERVICES

Pub. L. 114-328, div. A, title VIII, §892, Dec. 23, 2016, 130 Stat. 2324, provided that: “The Department of Defense shall select service providers for auditing services and audit readiness services based on the best value to the Department, as determined by the resource sponsor for an auditing contract, rather than based on the lowest price technically acceptable service provider.”

PROVISIONS NOT AFFECTED BY PUB. L. 103-355

Repeal of subsec. (c) of this section by Pub. L. 103-355 not to be construed as modifying or superseding, or as intended to impair or restrict, authorities or responsibilities under former 40 U.S.C. 759 or chapter 11 of Title 40, Public Buildings, Property, and Works, see section 1004(d) of Pub. L. 103-355, set out as a note under section 2304a of this title.

§ 2332. Share-in-savings contracts

(a) **AUTHORITY TO ENTER INTO SHARE-IN-SAVINGS CONTRACTS.**—(1) The head of an agency may enter into a share-in-savings contract for information technology (as defined in section 11101(6) of title 40) in which the Government awards a contract to improve mission-related or administrative processes or to accelerate the achievement of its mission and share with the contractor in savings achieved through contract performance.

(2)(A) Except as provided in subparagraph (B), a share-in-savings contract shall be awarded for a period of not more than five years.

(B) A share-in-savings contract may be awarded for a period greater than five years, but not more than 10 years, if the head of the agency determines in writing prior to award of the contract that—

(i) the level of risk to be assumed and the investment to be undertaken by the contractor is likely to inhibit the government from obtaining the needed information technology competitively at a fair and reasonable price if the contract is limited in duration to a period of five years or less; and

(ii) usage of the information technology to be acquired is likely to continue for a period of time sufficient to generate reasonable benefit for the government.

(3) Contracts awarded pursuant to the authority of this section shall, to the maximum extent practicable, be performance-based contracts that identify objective outcomes and contain performance standards that will be used to measure achievement and milestones that must be met before payment is made.

(4) Contracts awarded pursuant to the authority of this section shall include a provision con-

taining a quantifiable baseline that is to be the basis upon which a savings share ratio is established that governs the amount of payment a contractor is to receive under the contract. Before commencement of performance of such a contract, the senior procurement executive of the agency shall determine in writing that the terms of the provision are quantifiable and will likely yield value to the Government.

(5)(A) The head of the agency may retain savings realized through the use of a share-in-savings contract under this section that are in excess of the total amount of savings paid to the contractor under the contract, but may not retain any portion of such savings that is attributable to a decrease in the number of civilian employees of the Federal Government performing the function. Except as provided in subparagraph (B), savings shall be credited to the appropriation or fund against which charges were made to carry out the contract and shall be used for information technology.

(B) Amounts retained by the agency under this subsection shall—

(i) without further appropriation, remain available until expended; and

(ii) be applied first to fund any contingent liabilities associated with share-in-savings procurements that are not fully funded.

(b) **CANCELLATION AND TERMINATION.**—(1) If funds are not made available for the continuation of a share-in-savings contract entered into under this section in a subsequent fiscal year, the contract shall be canceled or terminated. The costs of cancellation or termination may be paid out of—

(A) appropriations available for the performance of the contract;

(B) appropriations available for acquisition of the information technology procured under the contract, and not otherwise obligated; or

(C) funds subsequently appropriated for payments of costs of cancellation or termination, subject to the limitations in paragraph (3).

(2) The amount payable in the event of cancellation or termination of a share-in-savings contract shall be negotiated with the contractor at the time the contract is entered into.

(3)(A) Subject to subparagraph (B), the head of an agency may enter into share-in-savings contracts under this section in any given fiscal year even if funds are not made specifically available for the full costs of cancellation or termination of the contract if funds are available and sufficient to make payments with respect to the first fiscal year of the contract and the following conditions are met regarding the funding of cancellation and termination liability:

(i) The amount of unfunded contingent liability for the contract does not exceed the lesser of—

(I) 25 percent of the estimated costs of a cancellation or termination; or

(II) \$5,000,000.

(ii) Unfunded contingent liability in excess of \$1,000,000 has been approved by the Director of the Office of Management and Budget or the Director's designee.

(B) The aggregate number of share-in-savings contracts that may be entered into under sub-

paragraph (A) by all agencies to which this chapter applies in a fiscal year may not exceed 5 in each of fiscal years 2003, 2004, and 2005.

(c) DEFINITIONS.—In this section:

(1) The term “contractor” means a private entity that enters into a contract with an agency.

(2) The term “savings” means—

(A) monetary savings to an agency; or

(B) savings in time or other benefits realized by the agency, including enhanced revenues (other than enhanced revenues from the collection of fees, taxes, debts, claims, or other amounts owed the Federal Government).

(3) The term “share-in-savings contract” means a contract under which—

(A) a contractor provides solutions for—

(i) improving the agency’s mission-related or administrative processes; or

(ii) accelerating the achievement of agency missions; and

(B) the head of the agency pays the contractor an amount equal to a portion of the savings derived by the agency from—

(i) any improvements in mission-related or administrative processes that result from implementation of the solution; or

(ii) acceleration of achievement of agency missions.

(d) TERMINATION.—No share-in-savings contracts may be entered into under this section after September 30, 2005.

(Added Pub. L. 107-347, title II, §210(a)(1), Dec. 17, 2002, 116 Stat. 2932.)

EFFECTIVE DATE

Section effective 120 days after Dec. 17, 2002, see section 402(a) of Pub. L. 107-347, set out as a note under section 3601 of Title 44, Public Printing and Documents.

§ 2333. Joint policies on requirements definition, contingency program management, and contingency contracting

(a) JOINT POLICY REQUIREMENT.—The Secretary of Defense, in consultation with the Chairman of the Joint Chiefs of Staff, shall develop joint policies for requirements definition, contingency program management, and contingency contracting during combat operations and post-conflict operations.

(b) REQUIREMENTS DEFINITION MATTERS COVERED.—The joint policy for requirements definition required by subsection (a) shall, at a minimum, provide for the following:

(1) The assignment of a senior commissioned officer or civilian member of the senior executive service, with appropriate experience and qualifications related to the definition of requirements to be satisfied through acquisition contracts (such as for delivery of products or services, performance of work, or accomplishment of a project), to act as head of requirements definition and coordination during combat operations, post-conflict operations, and contingency operations, if required, including leading a requirements review board involving all organizations concerned.

(2) An organizational approach to requirements definition and coordination during com-

bat operations, post-conflict operations, and contingency operations that is designed to ensure that requirements are defined in a way that effectively implements United States Government and Department of Defense objectives, policies, and decisions regarding the allocation of resources, coordination of inter-agency efforts in the theater of operations, and alignment of requirements with the proper use of funds.

(c) CONTINGENCY PROGRAM MANAGEMENT MATTERS COVERED.—The joint policy for contingency program management required by subsection (a) shall, at a minimum, provide for the following:

(1) The assignment of a senior commissioned officer or civilian member of the senior executive service, with appropriate program management experience and qualifications, to act as head of program management during combat operations, post-conflict operations, and contingency operations, including stabilization and reconstruction operations involving multiple United States Government agencies and international organizations, if required.

(2) A preplanned organizational approach to program management during combat operations, post-conflict operations, and contingency operations that is designed to ensure that the Department of Defense is prepared to conduct such program management.

(3) Identification of a deployable cadre of experts, with the appropriate tools and authority, and trained in processes under paragraph (6).

(4) Utilization of the hiring and appointment authorities necessary for the rapid deployment of personnel to ensure the availability of key personnel for sufficient lengths of time to provide for continuing program and project management.

(5) A requirement to provide training (including training under a program to be created by the Defense Acquisition University) to program management personnel in—

(A) the use of laws, regulations, policies, and directives related to program management in combat or contingency environments;

(B) the integration of cost, schedule, and performance objectives into practical acquisition strategies aligned with available resources and subject to effective oversight; and

(C) procedures of the Department of Defense related to funding mechanisms and contingency contract management.

(6) Appropriate steps to ensure that training is maintained for such personnel even when they are not deployed in a contingency operation.

(7) Such steps as may be needed to ensure jointness and cross-service coordination in the area of program management during contingency operations.

(d) CONTINGENCY CONTRACTING MATTERS COVERED.—(1) The joint policy for contingency contracting required by subsection (a) shall, at a minimum, provide for the following:

(A) The designation of a senior commissioned officer or civilian member of the senior
