(2) The term "Baseline Estimate", with respect to a unit cost report that is submitted under this section to the service acquisition executive designated by the Secretary concerned on a major defense acquisition program or designated major subprogram, means the cost estimate included in the baseline description for the program or subprogram under section 2435 of this title.

(3) The term "procurement program" means a program for which funds for procurement are authorized to be appropriated in a fiscal year.

(4) The term "significant cost growth threshold" means the following:

(i) at least 15 percent over the program acquisition unit cost for the program or subprogram as shown in the current Baseline Estimate for the program or subprogram; or

(ii) at least 30 percent over the program acquisition unit cost for the program or subprogram as shown in the original Baseline Estimate for the program or subprogram.

(B) In the case of a major defense acquisition program or designated major defense subprogram that is a procurement program, a percentage increase in the procurement unit cost for the program or subprogram of—

- (ii) at least 50 percent over the procurement unit cost for the program or subprogram as shown in the original Baseline Estimate for the program or subprogram.

(6) The term “original Baseline Estimate” has the same meaning as provided in section 2435(d) of this title.

(b) The program manager for a major defense acquisition program (other than a program not required to be included in the Selected Acquisition Report for that quarter under section 2432(b)(3) of this title) shall, on a quarterly basis, submit to the service acquisition executive designated by the Secretary concerned a written report on the unit costs of the program (or of each designated major subprogram under the program). Each report shall be submitted not more than 30 calendar days after the end of that quarter. The program manager shall include in each such unit cost report the following information with respect to the program (as of the last day of the quarter for which the report is made):

(c) If the program manager of a major defense acquisition program for which a unit cost report has previously been submitted under subsection (b) determines at any time during a quarter that there is reasonable cause to believe that the program acquisition unit cost for the program (or for a designated major subprogram under the program) or the procurement unit cost for the program (or for such a subprogram), as applicable, has increased by a percentage equal to or

greater than the significant cost growth threshold; and if a unit cost report indicating an increase of such percentage or more has not previously been submitted to the service acquisition executive designated by the Secretary concerned, then the program manager shall immediately submit to such service acquisition executive a unit cost report containing the information, determined as of the date of the report, required under subsection (b).

(d)(1) When a unit cost report is submitted to the service acquisition executive designated by the Secretary concerned under this section with respect to a major defense acquisition program or any designated major subprogram under the program, the service acquisition executive shall determine whether the current program acquisition unit cost for the program or subprogram has increased by a percentage equal to or greater than the significant cost growth threshold, or the critical cost growth threshold, for the program or subprogram.

(2) When a unit cost report is submitted to the service acquisition executive designated by the Secretary concerned under this section with respect to a major defense acquisition program or any designated major subprogram under the program that is a procurement program, the service acquisition executive, in addition to the determination under paragraph (1), shall determine whether the procurement unit cost for the program or subprogram has increased by a percentage equal to or greater than the significant cost growth threshold, or the critical cost growth threshold, for the program or subprogram.

(3) If, based upon the service acquisition executive's determination, the Secretary concerned determines that the current program acquisition unit cost has increased by a percentage equal to or greater than the significant cost growth threshold or critical cost growth threshold or that the procurement unit cost has increased by a percentage equal to or greater than the significant cost growth threshold or critical cost growth threshold, the Secretary shall notify Congress in writing of such determination and of the increase with respect to the program or subprogram concerned. In the case of a determination based on a quarterly report submitted in accordance with subsection (b), the Secretary shall submit the notification to Congress within 45 days after the end of the quarter. In the case of a determination based on a report submitted in accordance with subsection (c), the Secretary shall submit the notification to Congress within 45 days after the date of that report. The Secretary shall include in the notification the date on which the determination was made.

(e)(1)(A) Except as provided in subparagraph (B), whenever the Secretary concerned determines under subsection (d) that the program acquisition unit cost or the procurement unit cost of a major defense acquisition program or designated major subprogram has increased by a percentage equal to or greater than the significant cost growth threshold for the program or subprogram, a Selected Acquisition Report shall be submitted to Congress for the first fiscal-year quarter ending on or after the date of the determination or for the fiscal-year quarter which immediately precedes the first fiscal-year quar-

ter ending on or after that date. The report shall include the information described in section 2432(e) of this title and shall be submitted in accordance with section 2432(f) of this title.

(2) If the program acquisition unit cost or procurement unit cost of a major defense acquisition program or designated major subprogram (as determined by the Secretary under subsection (d)) increases by a percentage equal to or greater than the critical cost growth threshold for the program or subprogram, the Secretary of Defense shall take actions consistent with the requirements of section 2433a of this title.

(3) If a determination of an increase by a percentage equal to or greater than the significant cost growth threshold is made by the Secretary under subsection (d) and a Selected Acquisition Report containing the information described in subsection (g) is not submitted to Congress under paragraph (1), or if a determination of an increase by a percentage equal to or greater than the critical cost growth threshold is made by the Secretary under subsection (d) and the certification of the Secretary of Defense is not submitted to Congress under paragraph (2), funds appropriated for military construction, for research, development, test, and evaluation, and for procurement may not be obligated for a major contract under the program. The prohibition on the obligation of funds for a major defense acquisition program shall cease to apply at the end of a period of 30 days of continuous session of Congress (as determined under section 7307(b)(2) of this title) beginning on the date—

(A) on which Congress receives the Selected Acquisition Report under paragraph (1) or (2)(B) with respect to that program, in the case of a determination of an increase by a percentage equal to or greater than the significant cost growth threshold (as determined in subsection (d)); or

(B) on which Congress has received both the Selected Acquisition Report under paragraph (1) or (2)(B) and the certification of the Secretary of Defense under paragraph (2)(A) with respect to that program, in the case of an increase by a percentage equal to or greater than the critical cost growth threshold (as determined under subsection (d)).

(f) Any determination of a percentage increase under this section shall be stated in terms of constant base year dollars (as described in section 2430 of this title).

(H) The fiscal year in which information on the program and each designated major subprogram under the program was first included in a Selected Acquisition Report (referred to in this paragraph as the “base year”) and the date of that Selected Acquisition Report in which information on the program or subprogram was first included.

(Q) In any case in which one or more problems with the software component of the program or any designated major subprogram under the program significantly contributed to the increase in program unit costs, the action taken and proposed to be taken to solve such problems.

(2) If a program acquisition unit cost increase or a procurement unit cost increase for a major defense acquisition program or designated major subprogram that results in a report under this subsection is due to termination or cancellation of the entire program or subprogram, only the information specified in clauses (A) through (F) of paragraph (1) and the percentage change in program acquisition unit cost or procurement unit cost that resulted in the report need be included in the report. The certification of the Secretary of Defense under subsection (e) is not required to be submitted for termination or cancellation of a program or subprogram.
