(d) WAIVER AUTHORITY.—The Secretary of Defense may waive the limitation in subsection (a)

with respect to the procurement of an item listed in that subsection if the Secretary determines that any of the following apply:

(1) Application of the limitation would cause unreasonable costs or delays to be incurred.

(2) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(3) Application of the limitation would impede cooperative programs entered into between the Department of Defense and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items that is entered into under section 2531 of this title, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(4) Satisfactory quality items manufactured by an entity that is part of the national technology and industrial base (as defined in section 2500(1) of this title) are not available.

(5) Application of the limitation would result in the existence of only one source for the item that is an entity that is part of the national technology and industrial base (as defined in section 2500(1) of this title).

(6) The procurement is for an amount less than the simplified acquisition threshold and simplified purchase procedures are being used.

(8) Application of the limitation would adversely affect a United States company.

(e) SONOBUOYS.—

(1) LIMITATION.—The Secretary of Defense may not procure a sonobuoy manufactured in a foreign country if United States firms that manufacture sonobuoys are not permitted to compete on an equal basis with foreign manufacturing firms for the sale of sonobuoys in that foreign country.

(2) WAIVER AUTHORITY.—The Secretary may waive the limitation in paragraph (1) with respect to a particular procurement of sonobuoys if the Secretary determines that such procurement is in the national security interests of the United States.

(3) DEFINITION.—In this subsection, the term “United States firm” has the meaning given such term in section 2532(d)(1) of this title.

(f) PRINCIPLE OF CONSTRUCTION WITH FUTURE LAWS.—A provision of law may not be construed as modifying or superseding the provisions of this section, or as requiring funds to be limited, or made available, by the Secretary of Defense to a particular domestic source by contract, unless that provision of law—

(1) specifically refers to this section;

(2) specifically states that such provision of law modifies or supersedes the provisions of this section; and

(3) specifically identifies the particular domestic source involved and states that the contract to be awarded pursuant to such provision of law is being awarded in contravention of this section.

(g) INAPPLICABILITY TO CONTRACTS UNDER SIMPLIFIED ACQUISITION THRESHOLD.—(1) This section does not apply to a contract or subcontract for an amount that does not exceed the simplified acquisition threshold.

(2) Paragraph (1) does not apply to contracts for items described in subsection (a)(5) (relating to ball bearings and roller bearings), notwithstanding section 1905 of title 41.

(h) IMPLEMENTATION OF NAVAL VESSEL COMPONENT LIMITATION.—In implementing subsection (a)(3)(B), the Secretary of Defense—

(2) This subsection applies to the waiver authority provided by subsection (d) on the basis of the applicability of paragraph (2) or (3) of that subsection.

(3) The waiver authority described in paragraph (2) may not be delegated below the Under Secretary of Defense for Acquisition, Technology, and Logistics.

(4) At least 15 days before the effective date of any waiver made under the waiver authority described in paragraph (2), the Secretary shall publish in the Federal Register and submit to the congressional defense committees a notice of the determination to exercise the waiver authority.

(5) Any waiver made by the Secretary under the waiver authority described in paragraph (2) shall be in effect for a period not greater than one year, as determined by the Secretary.

(j) INAPPLICABILITY TO CERTAIN CONTRACTS TO PURCHASE BALL BEARINGS OR ROLLER BEARINGS.—(1) This section does not apply with respect to a contract or subcontract to purchase items described in subsection (a)(5) (relating to ball bearings and roller bearings) for which—

(A) the amount of the purchase does not exceed \$2,500;

(B) the precision level of the ball or roller bearings to be procured under the contract or subcontract is rated lower than the rating known as Annual Bearing Engineering Committee (ABEC) 5 or Roller Bearing Engineering Committee (RBEC) 5, or an equivalent of such rating;

(C) at least two manufacturers in the national technology and industrial base that are capable of producing the ball or roller bearings have not responded to a request for quotation issued by the contracting activity for that contract or subcontract; and

(D) no bearing to be procured under the contract or subcontract has a basic outside diameter (exclusive of flange diameters) in excess of 30 millimeters.

(2) Paragraph (1) does not apply to a purchase if such purchase would result in the total amount of purchases of ball bearings and roller bearings to satisfy requirements under Department of Defense contracts, using the authority provided in such paragraph, to exceed \$200,000 during the fiscal year of such purchase.
