HISTORICAL AND REVISION NOTES

This section does not change the present method of administration of the Academy. It makes statutory what has been administrative regulation heretofore, and it is believed highly desirable to make the control of an institution of such national interest as the Academy the subject of a statute.

This section is new. There is no provision in existing law which establishes the Academy and sets it up as an operating unit. Nor is there any provision which creates the office of Superintendent of the Academy, or prescribes his duties and functions. Heretofore this has been accomplished by regulations, and the laws which deal with the Academy assume its existence as a going institution and assume the existence of the Superintendent with certain defined functions and duties.
