

“(A) amounts appropriated to the Secretary for deposit to the Fund, of which not more than 4 percent shall be available to the Secretary and the National Fish and Wildlife Foundation to defray the costs of administering this chapter and evaluating wildlife conservation and appreciation projects; and

“(B) amounts received as donations from the National Fish and Wildlife Foundation or other private entities or persons for deposit to the Fund.”

Subsec. (g)(3), (4). Pub. L. 103-375, §6(6)(B), struck out pars. (3) and (4) which read as follows:

“(3) The Secretary may accept and use donations from the National Fish and Wildlife Foundation and other private entities or persons for purposes of assisting States under this section.

“(4) Of the total amount provided from the Fund to assist a State in carrying out a wildlife conservation and appreciation project under subsection (a) of this section, at least 50 percent shall have been donated to the Fund by the National Fish and Wildlife Foundation.”

Subsec. (h). Pub. L. 103-375, §6(7), substituted “1998” for “1995” and struck out before period at end “to match the amount of contributions made to the Fund by the National Fish and Wildlife Foundation”.

CHAPTER 57B—PARTNERS FOR FISH AND WILDLIFE

Sec.	
3771.	Findings and purpose.
3772.	Definitions.
3773.	Partners for Fish and Wildlife Program.
3774.	Authorization of appropriations.

§ 3771. Findings and purpose

(a) Findings

Congress finds that—

(1) approximately 60 percent of fish and wildlife in the United States are on private land;

(2) it is imperative to facilitate private landowner-centered and results-oriented efforts that promote efficient and innovative ways to protect and enhance natural resources;

(3) there is no readily available source of technical biological information that the public can access to assist with the application of state-of-the-art techniques to restore, enhance, and manage fish and wildlife habitats;

(4) a voluntary cost-effective program that leverages public and private funds to assist private landowners in the conduct of state-of-the-art fish and wildlife habitat restoration, enhancement, and management projects is needed;

(5) durable partnerships working collaboratively with willing private landowners to implement on-the-ground projects has led to the reduction of endangered species listings;

(6) Executive Order No. 13352 (69 Fed. Reg. 52989) directs the Departments of the Interior, Agriculture, Commerce, and Defense and the Environmental Protection Agency to pursue new cooperative conservation programs involving the collaboration of Federal, State, local, and tribal governments, private for-profit and non-profit institutions, non-governmental entities, and individuals;

(7) since 1987, the Partners for Fish and Wildlife Program has exemplified cooperative conservation as an innovative, voluntary partnership program that helps private landowners restore wetland and other important fish and wildlife habitat; and

(8) through 33,103 agreements with private landowners, the Partners for Fish and Wildlife Program has accomplished the restoration of 677,000 acres of wetland, 1,253,700 acres of prairie and native grasslands, and 5,560 miles of riparian and in-stream habitat since 1987, demonstrating much of that success since only 2001.

(b) Purpose

The purpose of this chapter is to provide for the restoration, enhancement, and management of fish and wildlife habitats on private land through the Partners for Fish and Wildlife Program, a program that works with private landowners to conduct cost-effective habitat projects for the benefit of fish and wildlife resources in the United States.

REFERENCES IN TEXT

Executive Order No. 13352, referred to in subsec. (a)(6), is Ex. Ord. No. 13352, Aug. 26, 2004, 69 F.R. 52989, which is set out as a note under section 4332 of Title 42, The Public Health and Welfare.

SHORT TITLE

Pub. L. 109-294, §1, Oct. 3, 2006, 120 Stat. 1351, provided that: “This Act [enacting this chapter] may be cited as the ‘Partners for Fish and Wildlife Act’.”

§ 3772. Definitions

In this chapter:

(1) Federal trust species

The term “Federal trust species” means migratory birds, threatened species, endangered species, interjurisdictional fish, marine mammals, and other species of concern.

(2) Habitat enhancement

(A) In general

The term “habitat enhancement” means the manipulation of the physical, chemical, or biological characteristics of a habitat to change a specific function or seral stage of the habitat.

(B) Inclusions

The term “habitat enhancement” includes—

(i) an activity conducted to increase or decrease a specific function for the purpose of benefitting species, including—

(I) increasing the hydroperiod and water depth of a stream or wetland beyond what would naturally occur;

(II) improving waterfowl habitat conditions;

(III) establishing water level management capabilities for native plant communities;

(IV) creating mud flat conditions important for shorebirds; and

(V) cross fencing or establishing a rotational grazing system on native range to improve grassland nesting bird habitat conditions; and

(ii) an activity conducted to shift a native plant community successional stage, including—

(I) burning an established native grass community to reduce or eliminate invading brush or exotic species;
