

96 Stat. 2439, authorized an appropriation of \$500,000 to the Secretary for highway safety programs under this section.

#### DEFINITIONS

For additional definitions of terms used in this section, see section 134 of this title.

### § 136. Control of junkyards

(a) The Congress hereby finds and declares that the establishment and use and maintenance of junkyards in areas adjacent to the Interstate System and the primary system should be controlled in order to protect the public investment in such highways, to promote the safety and recreational value of public travel, and to preserve natural beauty.

(b) Federal-aid highway funds apportioned on or after January 1, 1968, to any State which the Secretary determines has not made provision for effective control of the establishment and maintenance along the Interstate System and the primary system of outdoor junkyards, which are within one thousand feet of the nearest edge of the right-of-way and visible from the main traveled way of the system, shall be reduced by amounts equal to 7 percent of the amounts which would otherwise be apportioned to such State under paragraphs (1) through (6) of section 104(b), until such time as such State shall provide for such effective control. Any amount which is withheld from apportionment to any State hereunder shall be reapportioned to the other States. Whenever he determines it to be in the public interest, the Secretary may suspend, for such periods as he deems necessary, the application of this subsection to a State.

(c) Effective control means that by January 1, 1968, such junkyards shall be screened by natural objects, plantings, fences, or other appropriate means so as not to be visible from the main traveled way of the system, or shall be removed from sight.

(d) The term "junk" shall mean old or scrap copper, brass, rope, rags, batteries, paper, trash, rubber debris, waste, or junked, dismantled, or wrecked automobiles, or parts thereof, iron, steel, and other old or scrap ferrous or non-ferrous material.

(e) The term "automobile graveyard" shall mean any establishment or place of business which is maintained, used, or operated for storing, keeping, buying, or selling wrecked, scrapped, ruined, or dismantled motor vehicles or motor vehicle parts.

(f) The term "junkyard" shall mean an establishment or place of business which is maintained, operated, or used for storing, keeping, buying, or selling junk, or for the maintenance or operation of an automobile graveyard, and the term shall include garbage dumps and sanitary fills.

(g) Notwithstanding any provision of this section, junkyards, auto graveyards, and scrap metal processing facilities may be operated within areas adjacent to the Interstate System and the primary system which are within one thousand feet of the nearest edge of the right-of-way and which are zoned industrial under authority of State law, or which are not zoned under authority of State law, but are used for

industrial activities, as determined by the several States subject to approval by the Secretary.

(h) Notwithstanding any provision of this section, any junkyard in existence on the date of enactment of this section which does not conform to the requirements of this section and which the Secretary finds as a practical matter cannot be screened, shall not be required to be removed until July 1, 1970.

(i) The Federal share of landscaping and screening costs under this section shall be 75 per centum.

(j) Just compensation shall be paid the owner for the relocation, removal, or disposal of junkyards lawfully established under State law. The Federal share of such compensation shall be 75 per centum.

(k) All public lands or reservations of the United States which are adjacent to any portion of the interstate and primary systems shall be effectively controlled in accordance with the provisions of this section.

(l) Nothing in this section shall prohibit a State from establishing standards imposing stricter limitations with respect to outdoor junkyards on the Federal-aid highway systems than those established under this section.

(m) There is authorized to be appropriated to carry out this section, out of any money in the Treasury not otherwise appropriated, not to exceed \$20,000,000 for the fiscal year ending June 30, 1966, not to exceed \$20,000,000 for the fiscal year ending June 30, 1967, not to exceed \$3,000,000 for the fiscal year ending June 30, 1970, not to exceed \$3,000,000 for the fiscal year ending June 30, 1971, not to exceed \$3,000,000 for the fiscal year ending June 30, 1972, and not to exceed \$5,000,000 for the fiscal year ending June 30, 1973. The provisions of this chapter relating to the obligation, period of availability, and expenditure of Federal-aid primary highway funds shall apply to the funds authorized to be appropriated to carry out this section after June 30, 1967.

(n) DEFINITIONS.—For purposes of this section, the terms "primary system" and "Federal-aid primary system" mean any highway that is on the National Highway System, which includes the Interstate Highway System.

### § 137. Fringe and corridor parking facilities

(a) The Secretary may approve as a project on a Federal-aid highway the acquisition of land adjacent to the right-of-way outside a central business district, as defined by the Secretary, and the construction of publicly owned parking facilities thereon or within such right-of-way, including the use of the air space above and below the established grade line of the highway pavement, to serve an urban area of fifty thousand population or more. Such parking facility shall be located and designed in conjunction with existing or planned public transportation facilities. In the event fees are charged for the use of any such facility, the rate thereof shall not be in excess of that required for maintenance and operation (including compensation to any person for operating such facility).

(b) The Secretary shall not approve any project under this section until—

(1) he has determined that the State, or the political subdivision thereof, where such proj-

ect is to be located, or any agency or instrumentality of such State or political subdivision, has the authority and capability of constructing, maintaining, and operating the facility;

(2) he has entered into an agreement governing the financing, maintenance, and operation of the parking facility with such State, political subdivision, agency, or instrumentality, including necessary requirements to insure that adequate public transportation services will be available to persons using such facility; and

(3) he has approved design standards for constructing such facility developed in cooperation with the State transportation department.

(c) The term “parking facilities” for purposes of this section shall include access roads, buildings, structures, equipment, improvements, and interests in lands.

(d) Nothing in this section, or in any rule or regulation issued under this section, or in any agreement required by this section, shall prohibit (1) any State, political subdivision, or agency or instrumentality thereof, from contracting with any person to operate any parking facility constructed under this section, or (2) any such person from so operating such facility.

(e) The Secretary shall not approve any project under this section unless he determines that it is based on a continuing comprehensive transportation planning process carried on in accordance with section 134 of this title.

(f)(1) The Secretary may approve for Federal financial assistance from funds apportioned under section 104(b)(1), projects for designating existing facilities, or for acquisition of rights of way or construction of new facilities, including the addition of electric vehicle charging stations or natural gas vehicle refueling stations, for use as preferential parking for carpools, provided that such facilities (A) are located outside of a central business district and within an interstate highway corridor, and (B) have as their primary purpose the reduction of vehicular traffic on the interstate highway.

(2) Nothing in this subsection, or in any rule or regulation issued under this subsection, or in any agreement required by this subsection, shall prohibit (A) any State, political subdivision, or agency or instrumentality thereof, from contracting with any person to operate any parking facility designated or constructed under this subsection, or (B) any such person from so operating such facility. Any fees charged for the use of any such facility in connection with the purpose of this subsection shall not be in excess of the amount required for operation and maintenance, including compensation to any person for operating the facility.

(3) For the purposes of this subsection, the terms “facilities” and “parking facilities” are synonymous and shall have the same meaning given “parking facilities” in subsection (c) of this section.

(g) FUNDING.—The addition of electric vehicle charging stations or natural gas vehicle refueling stations to new or previously funded parking facilities shall be eligible for funding under this section.
