### § 810. Operations loss deduction

#### (a) Deduction allowed

There shall be allowed as a deduction for the taxable year an amount equal to the aggregate of—

- (1) the operations loss carryovers to such year, plus
- (2) the operations loss carrybacks to such year.

For purposes of this part, the term “operations loss deduction” means the deduction allowed by this subsection.

#### (b) Operations loss carrybacks and carryovers

##### (1) Years to which loss may be carried

The loss from operations for any taxable year (hereinafter in this section referred to as the “loss year”) shall be—

- (A) an operations loss carryback to each of the 3 taxable years preceding the loss year,
- (B) an operations loss carryover to each of the 15 taxable years following the loss year, and

(C) if the life insurance company is a new company for the loss year, an operations loss carryover to each of the 3 taxable years following the 15 taxable years described in subparagraph (B).

##### (2) Amount of carrybacks and carryovers

The entire amount of the loss from operations for any loss year shall be carried to the earliest of the taxable years to which (by reason of paragraph (1)) such loss may be carried. The portion of such loss which shall be carried to each of the other taxable years shall be the excess (if any) of the amount of such loss over the sum of the offsets (as defined in subsection (d)) for each of the prior taxable years to which such loss may be carried.

##### (3) Election for operations loss carrybacks

In the case of a loss from operations for any taxable year, the taxpayer may elect to relinquish the entire carryback period for such loss. Such election shall be made by the due date (including extensions of time) for filing the return for the taxable year of the loss from operations for which the election is to be in effect, and, once made for any taxable year, such election shall be irrevocable for that taxable year.
