

italization of any ceding commission incurred on or after September 30, 1990, under any contract which reinsures a specified insurance contract.

(h) Secretarial authority to adjust capitalization amounts

(1) In general

Except as provided in paragraph (2), the Secretary may provide that a type of insurance contract will be treated as a separate category for purposes of this section (and prescribe a percentage applicable to such category) if the Secretary determines that the deferral of acquisition expenses for such type of contract which would otherwise result under this section is substantially greater than the deferral of acquisition expenses which would have resulted if actual acquisition expenses (including indirect expenses) and the actual useful life for such type of contract had been used.

(2) Adjustment to other contracts

If the Secretary exercises his authority with respect to any type of contract under paragraph (1), the Secretary shall adjust the percentage which would otherwise have applied under subsection (c)(1) to the category which includes such type of contract so that the exercise of such authority does not result in a decrease in the amount of revenue received under this chapter by reason of this section for any fiscal year.

(i) Treatment of qualified foreign contracts under adjusted current earnings preference

For purposes of determining adjusted current earnings under section 56(g), acquisition expenses with respect to contracts described in clause (iii) of subsection (e)(1)(B) shall be capitalized and amortized in accordance with the treatment generally required under generally accepted accounting principles as if this subsection applied to such contracts for all taxable years.

§ 851. Definition of regulated investment company

(a) General rule

For purposes of this subtitle, the term “regulated investment company” means any domestic corporation—

(1) which, at all times during the taxable year—

(A) is registered under the Investment Company Act of 1940, as amended (15 U.S.C. 80a-1 to 80b-2) as a management company or unit investment trust, or

(B) has in effect an election under such Act to be treated as a business development company, or

(2) which is a common trust fund or similar fund excluded by section 3(c)(3) of such Act (15 U.S.C. 80a-3(c)) from the definition of “investment company” and is not included in the definition of “common trust fund” by section 584(a).

(b) Limitations

A corporation shall not be considered a regulated investment company for any taxable year unless—

(1) it files with its return for the taxable year an election to be a regulated investment company or has made such election for a previous taxable year;

(2) at least 90 percent of its gross income is derived from—

(A) dividends, interest, payments with respect to securities loans (as defined in section 512(a)(5)), and gains from the sale or other disposition of stock or securities (as defined in section 2(a)(36) of the Investment Company Act of 1940, as amended) or foreign currencies, or other income (including but not limited to gains from options, futures or forward contracts) derived with respect to its business of investing in such stock, securities, or currencies, and

(B) net income derived from an interest in a qualified publicly traded partnership (as defined in subsection (h)); and

(3) at the close of each quarter of the taxable year—

(A) at least 50 percent of the value of its total assets is represented by—

(i) cash and cash items (including receivables), Government securities and securities of other regulated investment companies, and

(ii) other securities for purposes of this calculation limited, except and to the extent provided in subsection (e), in respect of any one issuer to an amount not greater in value than 5 percent of the value of the total assets of the taxpayer and to not more than 10 percent of the outstanding voting securities of such issuer, and

(B) not more than 25 percent of the value of its total assets is invested in—

(i) the securities (other than Government securities or the securities of other regulated investment companies) of any one issuer,

(ii) the securities (other than the securities of other regulated investment companies) of two or more issuers which the taxpayer controls and which are determined, under regulations prescribed by the Secretary, to be engaged in the same or similar trades or businesses or related trades or businesses, or

(iii) the securities of one or more qualified publicly traded partnerships (as defined in subsection (h)).

For purposes of paragraph (2), there shall be treated as dividends amounts included in gross income under section 951(a)(1)(A)(i) or 1293(a) for the taxable year to the extent that, under section 959(a)(1) or 1293(c) (as the case may be), there is a distribution out of the earnings and profits of the taxable year which are attributable to the amounts so included. For purposes of paragraph (2), the Secretary may by regulation exclude from qualifying income foreign currency gains which are not directly related to the company's principal business of investing in stock or securities (or options and futures with respect to stock or securities). For purposes of paragraph (2), amounts excludable from gross income under section 103(a) shall be treated as included in gross income. Income derived from a partnership (other than a qualified publicly traded partnership as defined in subsection (h)) or trust shall be treated as described in paragraph (2) only to the extent such income is attributable to items of income of the partnership or trust (as the case may be) which would be described in paragraph (2) if realized by the regulated investment company in the same manner as realized by the partnership or trust.

(c) Rules applicable to subsection (b)(3)

For purposes of subsection (b)(3) and this subsection—

(1) In ascertaining the value of the taxpayer's investment in the securities of an issuer, for the purposes of subparagraph (B), there shall be included its proper proportion of the investment of any other corporation, a member of a controlled group, in the securities of such issuer, as determined under regulations prescribed by the Secretary.

(2) The term “controls” means the ownership in a corporation of 20 percent or more of
