

national advisory group whose duty it shall be (A) to develop a bilateral program for improving navigation, through a coordinated strategy, on the Great Lakes, and (B) to conduct investigations on a continuing basis and make recommendations for a system-wide navigation improvement program to facilitate optimum use of the Great Lakes. The advisory group shall be composed of five members representing the United States, five members representing Canada, and two members from the International Joint Commission established by the treaty between the United States and Great Britain relating to boundary waters between the United States and Canada, signed at Washington, January 11, 1909 (36 Stat. 2448). The five members representing the United States shall include the Secretary of State, one member of the Great Lakes Commodities Marketing Board (as designated by the Board), and three individuals appointed by the President representing commercial, shipping, and environmental interests, respectively.

(2) The United States representatives to the international advisory group shall serve without pay and the United States representatives to the advisory group who are full time officers or employees of the United States shall receive no additional pay by reason of their service on the advisory group, except that the United States representatives shall be allowed travel or transportation expenses under subchapter I of chapter 57 of title 5 while away from their homes or regular place of business and engaged in the actual performance of duties vested in the advisory group.

(3) The international advisory group established by this subsection shall report to Congress and to the Canadian Parliament on its progress in carrying out the duties set forth in this subsection not later than one year after the formation of such group and biennially thereafter.

(d) Review of environmental, economic, and social impacts of navigation in United States portion of Great Lakes

The Secretary and the Administrator of the Environmental Protection Agency, in cooperation with the Secretary of the Interior, the Administrator of the National Oceanic and Atmospheric Administration, and other appropriate Federal and non-Federal entities, shall carry out a review of the environmental, economic, and social impacts of navigation in the United States portion of the Great Lakes. In carrying out such review, the Secretary and the Administrator shall use existing research, studies, and investigations relating to such impacts to the maximum extent possible. Special emphasis shall be made in such review of the impacts of navigation on the shoreline and on fish and wildlife habitat, including, but not limited to, impacts associated with resuspension of bottom sediment. The Secretary and the Administrator shall submit to Congress an interim report of such review not later than September 30, 1988, and a final report of such review along with recommendations not later than September 30, 1990. (Pub. L. 99-662, title XI, §1132, Nov. 17, 1986, 100 Stat. 4246.)

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions in subsec. (c)(3) of this section relating to the requirement that the international advisory group report biennially to Congress, see section 3003 of Pub. L. 104-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and page 193 of House Document No. 103-7.

§ 2309a. Project modifications for improvement of environment

(a) Determination of need

The Secretary is authorized to review water resources projects constructed by the Secretary to determine the need for modifications in the structures and operations of such projects for the purpose of improving the quality of the environment in the public interest and to determine if the operation of such projects has contributed to the degradation of the quality of the environment.

(b) Authority to make modifications

The Secretary is authorized to carry out a program for the purpose of making such modifications in the structures and operations of water resources projects constructed by the Secretary which the Secretary determines (1) are feasible and consistent with the authorized project purposes, and (2) will improve the quality of the environment in the public interest.

(c) Restoration of environmental quality

(1) In general

If the Secretary determines that construction of a water resources project by the Secretary or operation of a water resources project constructed by the Secretary has contributed to the degradation of the quality of the environment, the Secretary may undertake measures for restoration of environmental quality and measures for enhancement of environmental quality that are associated with the restoration, through modifications either at the project site or at other locations that have been affected by the construction or operation of the project, if such measures do not conflict with the authorized project purposes.

(2) Control of sea lamprey

Congress finds that—

(A) the Great Lakes navigation system has been instrumental in the spread of sea lamprey and the associated impacts on its fishery; and

(B) the use of the authority under this subsection for control of sea lamprey at any Great Lakes basin location is appropriate.

(d) Non-Federal share; limitation on maximum Federal expenditure

The non-Federal share of the cost of any modifications or measures carried out or undertaken pursuant to subsection (b) or (c) shall be 25 percent. The non-Federal share may be provided in kind, including a facility, supply, or service that

is necessary to carry out the modification or measure. Not more than \$10,000,000 in Federal funds may be expended on any single modification or measure carried out or undertaken pursuant to this section.

(e) Coordination of actions

The Secretary shall coordinate any actions taken pursuant to this section with appropriate Federal, State, and local agencies.

(f) Omitted

(g) Nonprofit entities

Notwithstanding section 1962d-5b of title 42, a non-Federal sponsor for any project carried out under this section may include a nonprofit entity, with the consent of the affected local government.

(h) Authorization of appropriations

There is authorized to be appropriated not to exceed \$40,000,000 annually to carry out this section.

(i) Definition

In this section, the term “water resources project constructed by the Secretary” includes a water resources project constructed or funded jointly by the Secretary and the head of any other Federal agency (including the Natural Resources Conservation Service).
