§ 9925. Demonstration partnership agreements addressing needs of poor

(a) General authority

(1) In order to stimulate the development of new approaches to provide for greater self-sufficiency of the poor, to test and evaluate such new approaches, to disseminate project results and evaluation findings so that such approaches can be replicated, and to strengthen the integration, coordination, and redirection of activities to promote maximum self-sufficiency among the poor, the Secretary may make grants from funds appropriated under subsection (e) to eligible entities for the development and implementation of new and innovative approaches to deal with particularly critical needs or problems of the poor which are common to a number of communities. Grants may be made only with respect to applications which—

(A) involve activities which can be incorporated into or be closely coordinated with eligible entities' ongoing programs;

(B) involve significant new combinations of resources or new and innovative approaches involving partnership agreements;

(C) are structured in a way that will, within the limits of the type of assistance or activities contemplated, most fully and effectively promote the purposes of the Community Services Block Grant Act [42 U.S.C. 9901 et seq.]; and

(D) contain an assurance that the applicant for such grants will obtain an independent, methodologically sound evaluation of the effectiveness of the activities carried out with such grant and will submit such evaluation to the Secretary.

(2) No grant may be made under this section unless an application is submitted to the Secretary at such time, in such manner, and containing or accompanied by such information, as the Secretary may require.

(3) Initial and subsequent grant awards may fully fund projects for periods of up to 3 years.

(b) Federal share; limitations

(1)(A) Subject to subparagraph (B), grants awarded pursuant to this section shall be used for programs and shall not exceed 50 per centum of the cost of such programs.

(B) After the first funding period for which an eligible entity receives a grant under this section to carry out a program, the amount of a subsequent grant made under this section to such entity to carry out such program may not exceed 80 percent of the amount of the grant previously received by such entity under this section to carry out such program.

(2) Non-Federal contributions may be in cash or in kind, fairly evaluated, including but not limited to plant, equipment, or services.

(3) Not more than one grant in each fiscal year may be made to any eligible entity, and no grant may exceed \$350,000. Not more than 2 grants may be made under this section to an eligible entity to carry out a particular program.

(B) funds or other resources devoted to programs designed to meet the needs of the poor within the community, area, or State will not be diminished in order to provide the matching contributions required under this section.

(c) Programs directed to special populations

(1) In addition to the grant programs described in subsection (a), the Secretary may make grants to community action agencies for the purpose of enabling such agencies to demonstrate new approaches to dealing with the problems caused by entrenched, chronic unemployment and lack of economic opportunities for urban youth. Demonstrations shall include such activities as peer counseling, mentoring, development of job skills, assistance with social skills, community services, family literacy, parenting skills, opportunities for employment or entrepreneurship, and other services designed to assist such at-risk youth to continue their education, to secure meaningful employment, to perform community service, or to pursue other productive alternatives within the community.

(2) Such grants may be made only with respect to applications that—

(A) identify and describe the population to be served, the problems to be addressed, the overall approach and methods of outreach and recruitment to be used, and the services to be provided;

(B) describe how the approach to be used differs from other approaches used for the population to be served by the project;

(C) describe the objectives of the project and contain a plan for measuring progress toward meeting those objectives; and
