

(e) Transferability

A fleet or covered person allocated a credit under this section or to whom a credit is transferred under this section, may transfer freely the credit to another fleet or person who is required to comply with this subchapter. A transferred credit may be counted toward compliance for only one year. In the case of the alternative fuel provider program under section 13251 of this title, a transferred credit may be counted toward compliance only if the requirement of section 13251(a)(4) of this title is met.

(f) Authorization of appropriations

There are authorized to be appropriated such sums as are necessary to carry out this section for each of fiscal years 2008 through 2013.
