(B) the determination of household income in cases where the taxpayer was not required to file a return of tax imposed by this chapter for the second preceding taxable year.

(c) Payment of premium tax credits and cost-sharing reductions

(1) In general

The Secretary shall notify the Secretary of the Treasury and the Exchange through which the individual is enrolling of the advance determination under section 18081 of this title.

(2) Premium tax credit

(A) In general

The Secretary of the Treasury shall make the advance payment under this section of any premium tax credit allowed under section 36B of title 26 to the issuer of a qualified health plan on a monthly basis (or such other periodic basis as the Secretary may provide).

(B) Issuer responsibilities

An issuer of a qualified health plan receiving an advance payment with respect to an individual enrolled in the plan shall—

(i) reduce the premium charged the insured for any period by the amount of the advance payment for the period;

(ii) notify the Exchange and the Secretary of such reduction;

(iii) include with each billing statement the amount by which the premium for the plan has been reduced by reason of the advance payment; and

(iv) in the case of any nonpayment of premiums by the insured—

(I) notify the Secretary of such nonpayment; and

(II) allow a 3-month grace period for nonpayment of premiums before discontinuing coverage.

(3) Cost-sharing reductions

The Secretary shall also notify the Secretary of the Treasury and the Exchange under paragraph (1) if an advance payment of the cost-sharing reductions under section 18071 of this title is to be made to the issuer of any qualified health plan with respect to any individual enrolled in the plan. The Secretary of the Treasury shall make such advance payment at such time and in such amount as the Secretary specifies in the notice.

(d) No Federal payments for individuals not lawfully present

Nothing in this subtitle or the amendments made by this subtitle allows Federal payments, credits, or cost-sharing reductions for individuals who are not lawfully present in the United States.

(e) State flexibility

Nothing in this subtitle or the amendments made by this subtitle shall be construed to prohibit a State from making payments to or on behalf of an individual for coverage under a qualified health plan offered through an Exchange that are in addition to any credits or cost-sharing reductions allowable to the individual under this subtitle and such amendments.

(Pub. L. 111–148, title I, §1412, Mar. 23, 2010, 124 Stat. 231.)

REFERENCES IN TEXT

This subtitle, referred to in subsecs. (d) and (e), is subtitle E (§§1401–1421) of title I of Pub. L. 111–148, which enacted this subchapter and sections 36B and 45R of Title 26, Internal Revenue Code, amended section 405 of this title, sections 38, 196, 280C, 6103, and 7213 of Title 26, and section 1324 of Title 31, Money and Finance, and enacted provisions set out as notes under sections 36B and 38 of Title 26. For complete classification of subtitle E to the Code, see Tables.

§ 18083. Streamlining of procedures for enrollment through an Exchange and State medicaid, CHIP, and health subsidy programs

(a) In general

The Secretary shall establish a system meeting the requirements of this section under which residents of each State may apply for enrollment in, receive a determination of eligibility for participation in, and continue participation in, applicable State health subsidy programs. Such system shall ensure that if an individual applying to an Exchange is found through screening to be eligible for medical assistance under the State medicaid plan under title XIX[1] [42 U.S.C. 1396 et seq.], or eligible for enrollment under a State children's health insurance program (CHIP) under title XXI of such Act [42 U.S.C. 1397aa et seq.], the individual is enrolled for assistance under such plan or program.

(b) Requirements relating to forms and notice

(1) Requirements relating to forms

(A) In general

The Secretary shall develop and provide to each State a single, streamlined form that—

(i) may be used to apply for all applicable State health subsidy programs within the State;

(ii) may be filed online, in person, by mail, or by telephone;

(iii) may be filed with an Exchange or with State officials operating one of the other applicable State health subsidy programs; and

(iv) is structured to maximize an applicant's ability to complete the form satisfactorily, taking into account the characteristics of individuals who qualify for applicable State health subsidy programs.

(B) State authority to establish form

A State may develop and use its own single, streamlined form as an alternative to the form developed under subparagraph (A) if the alternative form is consistent with standards promulgated by the Secretary under this section.

(C) Supplemental eligibility forms

The Secretary may allow a State to use a supplemental or alternative form in the case of individuals who apply for eligibility that is not determined on the basis of the household income (as defined in section 36B of title 26).

[1] So in original. Probably should be followed by ''of the Social Security Act''.

(2) Notice

The Secretary shall provide that an applicant filing a form under paragraph (1) shall receive notice of eligibility for an applicable State health subsidy program without any need to provide additional information or paperwork unless such information or paperwork is specifically required by law when information provided on the form is inconsistent with data used for the electronic verification under paragraph (3) or is otherwise insufficient to determine eligibility.

(c) Requirements relating to eligibility based on data exchanges

(1) Development of secure interfaces

Each State shall develop for all applicable State health subsidy programs a secure, electronic interface allowing an exchange of data (including information contained in the application forms described in subsection (b)) that allows a determination of eligibility for all such programs based on a single application. Such interface shall be compatible with the method established for data verification under section 18081(c)(4) of this title.

(2) Data matching program

Each applicable State health subsidy program shall participate in a data matching arrangement for determining eligibility for participation in the program under paragraph (3) that—

(A) provides access to data described in paragraph (3);

(B) applies only to individuals who—

(i) receive assistance from an applicable State health subsidy program; or

(ii) apply for such assistance—

(I) by filing a form described in subsection (b); or

(II) by requesting a determination of eligibility and authorizing disclosure of the information described in paragraph (3) to applicable State health coverage subsidy programs for purposes of determining and establishing eligibility; and

(C) consistent[2] with standards promulgated by the Secretary, including the privacy and data security safeguards described in section 1942 of the Social Security Act [42 U.S.C. 1396w–2] or that are otherwise applicable to such programs.

(3) Determination of eligibility

(A) In general

Each applicable State health subsidy program shall, to the maximum extent practicable—

(i) establish, verify, and update eligibility for participation in the program using the data matching arrangement under paragraph (2); and

(ii) determine such eligibility on the basis of reliable, third party data, including information described in sections 1137, 453(i), and 1942(a) of the Social Security Act [42 U.S.C. 1320b–7, 653(i), 1396w–2(a)], obtained through such arrangement.

(B) Exception

This paragraph shall not apply in circumstances with respect to which the Secretary determines that the administrative and other costs of use of the data matching arrangement under paragraph (2) outweigh its expected gains in accuracy, efficiency, and program participation.

(4) Secretarial standards

The Secretary shall, after consultation with persons in possession of the data to be matched and representatives of applicable State health subsidy programs, promulgate standards governing the timing, contents, and procedures for data matching described in this subsection. Such standards shall take into account administrative and other costs and the value of data matching to the establishment, verification, and updating of eligibility for applicable State health subsidy programs.

(d) Administrative authority

(1) Agreements

Subject to section 18081 of this title and section 6103(*l*)(21) of title 26 and any other requirement providing safeguards of privacy and data integrity, the Secretary may establish model agreements, and enter into agreements, for the sharing of data under this section.

(2) Authority of exchange to contract out

Nothing in this section shall be construed to—

(A) prohibit contractual arrangements through which a State medicaid agency determines eligibility for all applicable State health subsidy programs, but only if such agency complies with the Secretary's requirements ensuring reduced administrative costs, eligibility errors, and disruptions in coverage; or

(B) change any requirement under title XIX[1] that eligibility for participation in a State's medicaid program must be determined by a public agency.

(e) Applicable State health subsidy program

In this section, the term ''applicable State health subsidy program'' means—

(1) the program under this title[3] for the enrollment in qualified health plans offered through an Exchange, including the premium tax credits under section 36B of title 26 and cost-sharing reductions under section 18071 of this title;

(2) a State medicaid program under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.];

(3) a State children's health insurance program (CHIP) under title XXI of such Act [42 U.S.C. 1397aa et seq.]; and

(4) a State program under section 18051 of this title establishing qualified basic health plans.

§ 18084. Premium tax credit and cost-sharing reduction payments disregarded for Federal and federally-assisted programs

For purposes of determining the eligibility of any individual for benefits or assistance, or the amount or extent of benefits or assistance, under any Federal program or under any State or local program financed in whole or in part with Federal funds—

(1) any credit or refund allowed or made to any individual by reason of section 36B of title 26 (as added by section 1401)[1] shall not be taken into account as income and shall not be taken into account as resources for the month of receipt and the following 2 months; and

(2) any cost-sharing reduction payment or advance payment of the credit allowed under such section 36B that is made under section 18071 or 18082 of this title shall be treated as made to the qualified health plan in which an individual is enrolled and not to that individual.

(Pub. L. 111–148, title I, §1415, Mar. 23, 2010, 124 Stat. 237.)

SUBCHAPTER V—SHARED RESPONSIBILITY FOR HEALTH CARE

PART A—INDIVIDUAL RESPONSIBILITY

§ 18091. Requirement to maintain minimum essential coverage; findings

Congress makes the following findings:

(1) In general

The individual responsibility requirement provided for in this section (in this section referred to as the ''requirement'') is commercial and economic in nature, and substantially affects interstate commerce, as a result of the effects described in paragraph (2).

(2) Effects on the national economy and interstate commerce

The effects described in this paragraph are the following:

(A) The requirement regulates activity that is commercial and economic in nature: economic and financial decisions about how and when health care is paid for, and when health insurance is purchased. In the absence of the requirement, some individuals would make an economic and financial decision to forego health insurance coverage and attempt to self-insure, which increases financial risks to households and medical providers.

(B) Health insurance and health care services are a significant part of the national economy. National health spending is projected to increase from $2,500,000,000,000, or 17.6 percent of the economy, in 2009 to $4,700,000,000,000 in 2019. Private health insurance spending is projected to be $854,000,000,000 in 2009, and pays for medical supplies, drugs, and equipment that are shipped in interstate commerce. Since most health insurance is sold by national or regional health insurance companies, health insurance is sold in interstate commerce and claims payments flow through interstate commerce.

(C) The requirement, together with the other provisions of this Act, will add millions of new consumers to the health insurance market, increasing the supply of, and demand for, health care services, and will increase the number and share of Americans who are insured.

(D) The requirement achieves near-universal coverage by building upon and strengthening the private employer-based health insurance system, which covers 176,000,000 Americans nationwide. In Massachusetts, a similar requirement has strengthened private employer-based coverage: despite the economic downturn, the number of workers offered employer-based coverage has actually increased.

(E) The economy loses up to $207,000,000,000 a year because of the poorer health and shorter lifespan of the uninsured. By significantly reducing the number of the uninsured, the requirement, together with the other provisions of this Act, will significantly reduce this economic cost.

(F) The cost of providing uncompensated care to the uninsured was $43,000,000,000 in 2008. To pay for this cost, health care providers pass on the cost to private insurers, which pass on the cost to families. This cost-shifting increases family premiums by on average over $1,000 a year. By significantly reducing the number of the uninsured, the requirement, together with the other provisions of this Act, will lower health insurance premiums.

(G) 62 percent of all personal bankruptcies are caused in part by medical expenses. By significantly increasing health insurance coverage, the requirement, together with the other provisions of this Act, will improve financial security for families.

(H) Under the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1001 et seq.), the Public Health Service Act (42 U.S.C. 201 et seq.), and this Act, the Federal Government has a significant role in regulating health insurance. The requirement is an essential part of this larger regulation of economic activity, and the absence of the requirement would undercut Federal regulation of the health insurance market.

(I) Under sections 2704 and 2705 of the Public Health Service Act [42 U.S.C. 300gg–3,
