§ 417. Benefits for veterans

(a) Determination of benefits

(1) For purposes of determining entitlement to and the amount of any monthly benefit for any month after August 1950, or entitlement to and the amount of any lump-sum death payment in case of a death after such month, payable under this subchapter on the basis of the wages and self-employment income of any World War II veteran, and for purposes of section 416(i)(3) of this title, such veteran shall be deemed to have been paid wages (in addition to the wages, if any, actually paid to him) of \$160 in each month during any part of which he served in the active military or naval service of the United States during World War II. This subsection shall not be applicable in the case of any monthly benefit or lump-sum death payment if—

(A) a larger such benefit or payment, as the case may be, would be payable without its application; or

(B) a benefit (other than a benefit payable in a lump sum unless it is a commutation of, or a substitute for, periodic payments) which is based, in whole or in part, upon the active military or naval service of such veteran during World War II is determined by any agency or wholly owned instrumentality of the United States (other than the Department of Veterans Affairs) to be payable by it under any other law of the United States or under a system established by such agency or instrumentality.

The provisions of clause (B) of this paragraph shall not apply in the case of any monthly benefit or lump-sum death payment under this subchapter if its application would reduce by \$0.50 or less the primary insurance amount (as computed under section 415 of this title prior to any recomputation thereof pursuant to section 415(f) of this title) of the individual on whose wages and self-employment income such benefit or

payment is based. The provisions of clause (B) of this paragraph shall also not apply for purposes of section 416(i)(3) of this title.

(2) Upon application for benefits or a lump-sum death payment on the basis of the wages and self-employment income of any World War II veteran, the Commissioner of Social Security shall make a decision without regard to clause (B) of paragraph (1) of this subsection unless the Commissioner has been notified by some other agency or instrumentality of the United States that, on the basis of the military or naval service of such veteran during World War II, a benefit described in clause (B) of paragraph (1) of this subsection has been determined by such agency or instrumentality to be payable by it. If the Commissioner has not been so notified, the Commissioner of Social Security shall then ascertain whether some other agency or wholly owned instrumentality of the United States has decided that a benefit described in clause (B) of paragraph (1) of this subsection is payable by it. If any such agency or instrumentality has decided, or thereafter decides, that such a benefit is payable by it, it shall so notify the Commissioner of Social Security, and the Commissioner of Social Security shall certify no further benefits for payment or shall recompute the amount of any further benefits payable, as may be required by paragraph (1) of this subsection.

(3) Any agency or wholly owned instrumentality of the United States which is authorized by any law of the United States to pay benefits, or has a system of benefits which are based, in whole or in part, on military or naval service during World War II shall, at the request of the Commissioner of Social Security, certify to the Commissioner, with respect to any veteran, such information as the Commissioner of Social Security deems necessary to carry out the Commissioner's functions under paragraph (2) of this subsection.

(b) Determination of insurance status

(1) Subject to paragraph (3), any World War II veteran who died during the period of three years immediately following his separation from the active military or naval service of the United States shall be deemed to have died a fully insured individual whose primary insurance amount is the amount determined under section 415(c) of this title as in effect in December 1978. Notwithstanding section 415(d) of this title as in effect in December 1978, the primary insurance benefit (for purposes of section 415(c) of this title as in effect in December 1978) of such veteran shall be determined as provided in this subchapter as in effect prior to August 28, 1950, except that the 1 per centum addition provided for in section 409(a)(4)(B) of this title as in effect prior to August 28, 1950, shall be applicable only with respect to calendar years prior to 1951. This subsection shall not be applicable in the case of any monthly benefit or lump-sum death payment if—

(A) a larger such benefit or payment, as the case may be, would be payable without its application;

(B) any pension or compensation is determined by the Secretary of Veterans Affairs to be payable by him on the basis of the death of such veteran;

(C) the death of the veteran occurred while he was in the active military or naval service of the United States; or

(D) such veteran has been discharged or released from the active military or naval service of the United States subsequent to July 26, 1951.

(2) Upon an application for benefits or a lump-sum death payment on the basis of the wages and self-employment income of any World War II veteran, the Commissioner of Social Security shall make a decision without regard to paragraph (1)(B) of this subsection unless the Commissioner has been notified by the Secretary of Veterans Affairs that pension or compensation is determined to be payable by that Secretary by reason of the death of such veteran. The Commissioner of Social Security shall thereupon report such decision to the Secretary of Veterans Affairs. If the Secretary of Veterans Affairs in any such case has made an adjudication or thereafter makes an adjudication that any pension or compensation is payable under any law administered by it, the Secretary of Veterans Affairs shall notify the Commissioner of Social Security, and the Commissioner of Social Security shall certify no further benefits for payment, or shall recompute the amount of any further benefits payable, as may be required by paragraph (1) of this subsection. Any payments theretofore certified by the Commissioner of Social Security on the basis of paragraph (1) of this subsection to any individual, not exceeding the amount of any accrued pension or compensation payable to him by the Secretary of Veterans Affairs, shall (notwithstanding the provisions of section 5301 of title 38) be deemed to have been paid to him by that Secretary on account of such accrued pension or compensation. No such payment certified by the Commissioner of Social Security, and no payment certified by the Commissioner for any month prior to the first month for which any pension or compensation is paid by the Secretary of Veterans Affairs shall be deemed by reason of this subsection to have been an erroneous payment.

(3)(A) The preceding provisions of this subsection shall apply for purposes of determining the entitlement to benefits under section 402 of this title, based on the primary insurance amount of the deceased World War II veteran, of any surviving individual only if such surviving individual makes application for such benefits before the end of the 18-month period after November 1990.

(B) Subparagraph (A) shall not apply if any person is entitled to benefits under section 402 of this title based on the primary insurance amount of such veteran for the month preceding the month in which such application is made.

(c) Filing proof of support

In the case of any World War II veteran to whom subsection (a) is applicable, proof of support required under section 402(h) of this title may be filed by a parent at any time prior to July 1951 or prior to the expiration of two years after the date of the death of such veteran, whichever is the later.

(d) Definitions

For the purposes of this section—

(1) The term “World War II” means the period beginning with September 16, 1940, and ending at the close of July 24, 1947.

(2) The term “World War II veteran” means any individual who served in the active military or naval service of the United States at any time during World War II and who, if discharged or released therefrom, was so discharged or released under conditions other than dishonorable after active service of ninety days or more or by reason of a disability or injury incurred or aggravated in service in line of duty; but such term shall not include any individual who died while in the active military or naval service of the United States if his death was inflicted (other than by an enemy of the United States) as lawful punishment for a military or naval offense.

(e) Determination based on wages and self-employment

(1) For purposes of determining entitlement to and the amount of any monthly benefit or lump-sum death payment payable under this subchapter on the basis of wages and self-employment income of any veteran (as defined in paragraph (4) of this subsection), and for purposes of section 416(i)(3) of this title, such veteran shall be deemed to have been paid wages (in addition to the wages, if any, actually paid to him) of \$160 in each month during any part of which he served in the active military or naval service of the United States on or after July 25, 1947, and prior to January 1, 1957. This subsection shall not be applicable in the case of any monthly benefit or lump-sum death payment if—

(A) a larger such benefit or payment, as the case may be, would be payable without its application; or

(B) a benefit (other than a benefit payable in a lump sum unless it is a commutation of, or a substitute for, periodic payments) which is based, in whole or in part, upon the active military or naval service of such veteran on or after July 25, 1947, and prior to January 1, 1957, is determined by any agency or wholly owned instrumentality of the United States (other than the Department of Veterans Affairs) to be payable by it under any other law of the United States or under a system established by such agency or instrumentality.

The provisions of clause (B) of this paragraph shall not apply in the case of any monthly benefit or lump-sum death payment under this subchapter if its application would reduce by \$0.50 or less the primary insurance amount (as computed under section 415 of this title prior to any recomputation thereof pursuant to subsection (f) of section 415 of this title) of the individual on whose wages and self-employment income such benefit or payment is based. The provisions of clause (B) of this paragraph shall also not apply for purposes of section 416(i)(3) of this title. In the case of monthly benefits under this subchapter for months after December 1956 (and any lump-sum death payment under this subchapter with respect to a death occurring after December 1956) based on the wages and self-employment income of a veteran who performed service (as a member of a uniformed service) to which the provisions of section 410(l)(1) of this

title are applicable, wages which would, but for the provisions of clause (B) of this paragraph, be deemed under this subsection to have been paid to such veteran with respect to his active military or naval service performed after December 1950 shall be deemed to have been paid to him with respect to such service notwithstanding the provisions of such clause, but only if the benefits referred to in such clause which are based (in whole or in part) on such service are payable solely by the Army, Navy, Air Force, Marine Corps, Coast Guard, Coast and Geodetic Survey, National Oceanic and Atmospheric Administration Corps, or Public Health Service.

(2) Upon application for benefits or a lump-sum death payment on the basis of the wages and self-employment income of any veteran, the Commissioner of Social Security shall make a decision without regard to clause (B) of paragraph (1) of this subsection unless the Commissioner has been notified by some other agency or instrumentality of the United States that, on the basis of the military or naval service of such veteran on or after July 25, 1947, and prior to January 1, 1957, a benefit described in clause (B) of paragraph (1) of this subsection has been determined by such agency or instrumentality to be payable by it. If the Commissioner has not been so notified, the Commissioner of Social Security shall then ascertain whether some other agency or wholly owned instrumentality of the United States has decided that a benefit described in clause (B) of paragraph (1) of this subsection is payable by it. If any such agency or instrumentality has decided, or thereafter decides, that such a benefit is payable by it, it shall so notify the Commissioner of Social Security, and the Commissioner of Social Security shall certify no further benefits for payment or shall recompute the amount of any further benefits payable, as may be required by paragraph (1) of this subsection.

(3) Any agency or wholly owned instrumentality of the United States which is authorized by any law of the United States to pay benefits, or has a system of benefits which are based, in whole or in part, on military or naval service on or after July 25, 1947, and prior to January 1, 1957, shall, at the request of the Commissioner of Social Security, certify to the Commissioner, with respect to any veteran, such information as the Commissioner of Social Security deems necessary to carry out the Commissioner's functions under paragraph (2) of this subsection.

(4) For the purposes of this subsection, the term "veteran" means any individual who served in the active military or naval service of the United States at any time on or after July 25, 1947, and prior to January 1, 1957, and who, if discharged or released therefrom, was so discharged or released under conditions other than dishonorable after active service of ninety days or more or by reason of a disability or injury incurred or aggravated in service in line of duty; but such term shall not include any individual who died while in the active military or naval service of the United States if his death was inflicted (other than by an enemy of the United States) as lawful punishment for a military or naval offense.

(f) Right to annuity; waiver

(1) In any case where a World War II veteran (as defined in subsection (d)(2)) or a veteran (as defined in subsection (e)(4)) has died or shall hereafter die, and his or her surviving spouse or child is entitled under subchapter III of chapter 83 of title 5 to an annuity in the computation of which his or her active military or naval service was included, clause (B) of subsection (a)(1) or clause (B) of subsection (e)(1) shall not operate (solely by reason of such annuity) to make such subsection inapplicable in the case of any monthly benefit under section 402 of this title which is based on his or her wages and self-employment income; except that no such surviving spouse or child shall be entitled under section 402 of this title to any monthly benefit in the computation of which such service is included by reason of this subsection (A) unless such surviving spouse or child after December 1956 waives his or her right to receive such annuity, or (B) for any month prior to the first month with respect to which the Director of the Office of Personnel Management certifies to the Commissioner of Social Security that (by reason of such waiver) no further annuity will be paid to such surviving spouse or child under such subchapter III on the basis of such veteran's military or civilian service. Any such waiver shall be irrevocable.

(2) Whenever a surviving spouse waives his or her right to receive such annuity such waiver shall constitute a waiver on his or her own behalf; a waiver by a legal guardian or guardians, or, in the absence of a legal guardian, the person (or persons) who has the child in his or her care, of the child's right to receive such annuity shall constitute a waiver on behalf of such child. Such a waiver with respect to an annuity based on a veteran's service shall be valid only if the surviving spouse and all children, or, if there is no surviving spouse, all the children, waive their rights to receive annuities under subchapter III of chapter 83 of title 5 based on such veteran's military or civilian service.

(g) Appropriation to trust funds

(1) Within thirty days after April 20, 1983, the Commissioner of Social Security shall determine the amount equal to the excess of—

(A) the actuarial present value as of April 20, 1983, of the past and future benefit payments from the Federal Old-Age and Survivors Insurance Trust Fund, the Federal Disability Insurance Trust Fund, and the Federal Hospital Insurance Trust Fund under this subchapter and subchapter XVIII, together with associated administrative costs, resulting from the operation of this section (other than this subsection) and section 410 of this title as in effect before the enactment of the Social Security Amendments of 1950,¹ over

(B) any amounts previously transferred from the general fund of the Treasury to such Trust Funds pursuant to the provisions of this subsection as in effect immediately before April 20, 1983.

Such actuarial present value shall be based on the relevant actuarial assumptions set forth in

¹ See References in Text note below.

the report of the Board of Trustees of each such Trust Fund for 1983 under sections 401(c) and 1395i(b) of this title. Within thirty days after April 20, 1983, the Secretary of the Treasury shall transfer the amount determined under this paragraph with respect to each such Trust Fund to such Trust Fund from amounts in the general fund of the Treasury not otherwise appropriated.

(2) The Commissioner of Social Security shall revise the amount determined under paragraph (1) with respect to each such Trust Fund in 1985 and each fifth year thereafter through 2010, as determined appropriate by the Commissioner of Social Security from data which becomes available to the Commissioner after the date of the determination under paragraph (1) on the basis of the amount of benefits and administrative expenses actually paid from such Trust Fund under this subchapter or subchapter XVIII and the relevant actuarial assumptions set forth in the report of the Board of Trustees of such Trust Fund for such year under section 401(c) or 1395i(b) of this title. The Secretary of Health and Human Services shall revise the amount determined under paragraph (1) with respect to the Federal Hospital Insurance Trust Fund under subchapter XVIII in 2015 and each fifth year thereafter through such date, and using such data, as the Secretary determines appropriate on the basis of the amount of benefits and administrative expenses actually paid from such Trust Fund under subchapter XVIII and the relevant actuarial assumptions set forth in the report of the Board of Trustees of such Trust Fund for such year under section 1395i(b) of this title. Within 30 days after any such revision, the Secretary of the Treasury, to the extent provided in advance in appropriation Acts, shall transfer to such Trust Fund, from amounts in the general fund of the Treasury not otherwise appropriated, or from such Trust Fund to the general fund of the Treasury, such amounts as the Secretary of the Treasury determines necessary to take into account such revision.

(h) Determination of veterans status

(1) For the purposes of this section, any individual who the Commissioner of Social Security finds—

(A) served during World War II (as defined in subsection (d)(1)) in the active military or naval service of a country which was on September 16, 1940, at war with a country with which the United States was at war during World War II;

(B) entered into such active service on or before December 8, 1941;

(C) was a citizen of the United States throughout such period of service or lost his United States citizenship solely because of his entrance into such service;

(D) had resided in the United States for a period or periods aggregating four years during the five-year period ending on the day of, and was domiciled in the United States on the day of, such entrance into such active service; and

(E)(i) was discharged or released from such service under conditions other than dishonorable after active service of ninety days or more or by reason of a disability or injury incurred or aggravated in service in line of duty, or

(ii) died while in such service,

shall be considered a World War II veteran (as defined in subsection (d)(2)) and such service shall be considered to have been performed in the active military or naval service of the United States.

(a) Purpose of agreement

(1) The Commissioner of Social Security shall, at the request of any State, enter into an agreement with such State for the purpose of extending the insurance system established by this subchapter to services performed by individuals as employees of such State or any political subdivision thereof. Each such agreement shall contain such provisions, not inconsistent with the provisions of this section, as the State may request.

(2) Notwithstanding section 410(a) of this title, for the purposes of this subchapter the term “employment” includes any service included under an agreement entered into under this section.

(b) Definitions

For the purposes of this section—

(1) The term “State” does not include the District of Columbia, Guam, or American Samoa.

(2) The term “political subdivision” includes an instrumentality of (A) a State, (B) one or more political subdivisions of a State, or (C) a State and one or more of its political subdivisions.

(3) The term “employee” includes an officer of a State or political subdivision.

(4) The term “retirement system” means a pension, annuity, retirement, or similar fund or system established by a State or by a political subdivision thereof.

(5) The term “coverage group” means (A) employees of the State other than those engaged in performing service in connection with a proprietary function; (B) employees of a political subdivision of a State other than those engaged in performing service in connection with a proprietary function; (C) employees of a State engaged in performing service in connection with a single proprietary function; or (D) employees of a political subdivision of a State engaged in performing service in connection with a single proprietary function. If under the preceding sentence an employee would be included in more than one coverage group by reason of the fact that he performs service in connection with two or more proprietary functions or in connection with both a proprietary function and a nonproprietary function, he shall be included in only one such coverage group. The determination of the coverage group in which such employee shall be included shall be made in such manner as may be specified in the agreement. Persons employed under section 709 of title 32, who elected under section 6 of the National Guard Technicians Act of 1968 to remain covered by an employee retirement system of, or plan sponsored by, a State or the Commonwealth of Puerto Rico, shall, for the purposes of this chapter, be employees of the State or the Commonwealth of Puerto Rico and (notwithstanding the preceding provisions of this para-

For purposes of this section, individuals employed pursuant to an agreement, entered into pursuant to section 1624 of title 7 or section 499n of title 7, between a State and the United States Department of Agriculture to perform services as inspectors of agricultural products may be deemed, at the option of the State, to be employees of the State and (notwithstanding the preceding provisions of this paragraph) shall be deemed to be a separate coverage group.

(c) Services covered

(1) An agreement under this section shall be applicable to any one or more coverage groups designated by the State.

(2) In the case of each coverage group to which the agreement applies, the agreement must include all services (other than services excluded by or pursuant to subsection (d) or paragraph (3), (5), or (6) of this subsection) performed by individuals as members of such group.

(3) Such agreement shall, if the State requests it, exclude (in the case of any coverage group) any one or more of the following:

(A) All services in any class or classes of (i) elective positions, (ii) part-time positions, or (iii) positions the compensation for which is on a fee basis;

(4) The Commissioner of Social Security shall, at the request of any State, modify the agreement with such State so as to (A) include any coverage group to which the agreement did not previously apply, or (B) include, in the case of any coverage group to which the agreement applies, services previously excluded from the agreement; but the agreement as so modified may not be inconsistent with the provisions of this section applicable in the case of an original agreement with a State. A modification of an agreement pursuant to clause (B) of the preceding sentence may apply to individuals to whom paragraph (3)(B) of this subsection is applicable (whether or not the previous exclusion of the service of such individuals was pursuant to such paragraph), but only if such individuals are, on the effective date specified in such modification, ineligible to be members of any retirement system or if the modification with respect to such individuals is pursuant to subsection (d)(3).

(5) Such agreement shall, if the State requests it, exclude (in the case of any coverage group) any agricultural labor, or service performed by a student, designated by the State. This paragraph shall apply only with respect to service which is excluded from employment by any provision of section 410(a) of this title other than paragraph (7) of such section and service the remuneration for which is excluded from wages by subparagraph (B) of section 409(a)(7) of this title.
