

(Pub. L. 111-85, title III, Oct. 28, 2009, 123 Stat. 2871.)

## REFERENCES IN TEXT

Section 2 of the Act of June 18, 1954 (68 Stat. 255), referred to in text, probably means section 2 of act June 18, 1954, ch. 310, 68 Stat. 256, which is not classified to the Code.

“This account” and “this appropriation”, referred to in text, mean funds appropriated under the heading “FALCON AND AMISTAD OPERATING AND MAINTENANCE FUND” of title III of the Energy and Water Development and Related Agencies Appropriations Act, 2010, Pub. L. 111-85.

## CODIFICATION

Section was enacted as part of the Energy and Water Development and Related Agencies Appropriations Act, 2010, and not as part of the Department of Energy Organization Act which comprises this chapter.

### § 7277. Report concerning review of United States coal imports

#### (a) In general

The Energy Information Administration shall issue a report quarterly, and provide an annual summary of the quarterly reports to the Congress, on the status of United States coal imports. Such quarterly reports may be published as a part of the Quarterly Coal Report published by the Energy Information Administration.

#### (b) Contents

Each report required by this section shall—

(1) include current and previous year data on the quantity, quality (including heating value, sulfur content, and ash content), and delivered price of all coals imported by domestic electric utility plants that imported more than 10,000 tons during the previous calendar year into the United States;

(2) identify the foreign nations exporting the coal, the domestic electric utility plants receiving coal from each exporting nation, the domestically produced coal supplied to such plants, and the domestic coal production, by State, displaced by the imported coal;

(3) identify (to the extent allowed under disclosure policy), at regional and State levels of aggregation, transportation modes and costs for delivery of imported coal from the exporting country port of origin to the point of consumption in the United States; and

(4) specifically highlight and analyze any significant trends of unusual variations in coal imports.

#### (c) Date of reports

The first report required by this section shall be submitted to Congress in March 1986. Subsequent reports shall be submitted within 90 days after the end of each quarter.

#### (d) Limitation

Information and data required for the purpose of this section shall be subject to the law regarding the collection and disclosure of such data.

(Pub. L. 99-58, title II, § 202, July 2, 1985, 99 Stat. 107.)

## CODIFICATION

Section was enacted as part of the Energy Policy and Conservation Amendments Act of 1985, and also as part

of the National Coal Imports Reporting Act of 1985, and not as part of the Department of Energy Organization Act which comprises this chapter.

## SHORT TITLE

Pub. L. 99-58, title II, § 201, July 2, 1985, 99 Stat. 107, provided that: “This title [enacting this section and provisions set out as a note below] may be cited as the ‘National Coal Imports Reporting Act of 1985’.”

## TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions in this section requiring submittal of reports to Congress, see section 3003 of Pub. L. 104-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the 14th item on page 90 of House Document No. 103-7.

## ANALYSIS OF UNITED STATES COAL IMPORT MARKET; REPORT BY SECRETARY OF ENERGY TO CONGRESS

Pub. L. 99-58, title II, § 203, July 2, 1985, 99 Stat. 108, provided that:

“(a) IN GENERAL.—The Secretary of Energy shall, through the Energy Information Administration, conduct a comprehensive analysis of the coal import market in the United States and report the findings of such analysis to the Committee on Energy and Natural Resources of the Senate and the appropriate committees of the House of Representatives, within nine months of the date of enactment of this Act [July 2, 1985].

“(b) CONTENTS.—The report required by this section shall—

“(1) contain a detailed analysis of potential domestic markets for foreign coals, by producing nation, between 1985 and 1995;

“(2) identify potential domestic consuming sectors of imported coal and evaluate the magnitude of any potential economic disruptions for each impacted State, including analysis of direct and indirect employment impact in the domestic coal industry and resulting income loss to each State;

“(3) identify domestically produced coal that potentially could be replaced by imported coal;

“(4) identify contractual commitments of domestic utilities expiring between 1985 and 1995 and describe spot buying practices of domestic utilities, fuel cost patterns, plant modification costs required to burn foreign coals, proximity of navigable waters to utilities, demand for compliance coal, availability of less expensive purchased power from Canada, and State and local considerations;

“(5) evaluate increased coal consumption by domestic electric utilities resulting from increased power sales and analyze the potential coal import market represented by this increased coal consumption, including consumption by existing coal-fired plants, new coal-fired plants projected up to the year 1995, and plants planning to convert to coal by 1995;

“(6) identify existing authorities available to the Federal Government relating to coal imports, assess the potential impact of exercising each of these authorities, and describe executive branch plans and strategies to address coal imports;

“(7) identify and characterize the coal export policies of all major coal exporting nations, including the United States, Australia, Canada, Colombia, Poland, and South Africa, with specific analysis of—

“(A) direct or indirect Government subsidies to coal exporters;

“(B) health, safety, and environmental regulations imposed on each coal producer; and

“(C) trade policies relating to coal exports;

“(8) evaluate the excess capacity of foreign producers, potential development of new export-oriented coal mines in foreign nations, operating costs of foreign coal mines, capacity of ocean vessels to transport foreign coal, and constraints on importing coal into the United States because of port and harbor availability;

“(9) identify specifically the participation of all United States corporations involved in mining and exporting coal from foreign nations; and

“(10) identify the policies governing coal imports of all coal-importing industrialized nations (including the United States, Japan, and European nations) by considering such factors as import duties or tariffs, import quotas, and other governmental restrictions or trade policies impacting coal imports.”

**§ 7278. Availability of appropriations for Department of Energy for transportation, uniforms, security, and price support and loan guarantee programs; transfer of funds; acceptance of contributions**

Appropriations for the Department of Energy under this title<sup>1</sup> in this and subsequent Energy and Water Development Appropriations Acts, on and after October 2, 1992, shall be available for hire of passenger motor vehicles; hire, maintenance and operation of aircraft; purchase, repair and cleaning of uniforms; and reimbursement to the General Services Administration for security guard services. From these appropriations, transfers of sums may on and after October 2, 1992, be made to other agencies of the United States Government for the performance of work for which this appropriation is made. None of the funds made available to the Department of Energy under this Act or subsequent Energy and Water Development Appropriations Acts shall be used to implement or finance authorized price support or loan guarantee programs unless specific provision is made for such programs in an appropriation Act. The Secretary is authorized on and after October 2, 1992, to accept lands, buildings, equipment, and other contributions from public and private sources and to prosecute projects in cooperation with other agencies, Federal, State, private, or foreign.

(Pub. L. 102-377, title III, §301, Oct. 2, 1992, 106 Stat. 1338.)

REFERENCES IN TEXT

This title, referred to in text, is title III of Pub. L. 102-377, Oct. 2, 1992, 106 Stat. 1332. For complete classification of title III to Code, see Tables.

CODIFICATION

Section was enacted as part of the Energy and Water Development Appropriations Act, 1993, and not as part of the Department of Energy Organization Act which comprises this chapter.

**§ 7278a. Availability of funds for energy and water development for multiyear contracts, grants, or cooperative agreements of \$1,000,000 or less**

Notwithstanding section 301(c) of this Act, none of the funds made available under the heading “Department of Energy—Energy Programs—Science” in this or any subsequent Energy and Water Development and Related Agencies appropriations Act for any fiscal year may be used for a multiyear contract, grant, cooperative agreement, or Other Transaction Agreement of \$1,000,000 or less unless the contract, grant, cooperative agreement, or Other Transaction Agreement is funded for the full period of performance as anticipated at the time of award.

REFERENCES IN TEXT

Section 301(c) of this Act, referred to in text, means section 301(c) of Pub. L. 114-113, div. D, title III, Dec. 18, 2015, 129 Stat. 2416, which is not classified to the Code.

CODIFICATION

Section was enacted as part of the Energy and Water Development and Related Agencies Appropriations Act, 2016, and also as part of the Consolidated Appropriations Act, 2016, and not as part of the Department of Energy Organization Act which comprises this chapter.

**§ 7279. Identification in budget materials of amounts for certain Department of Energy pension obligations**

The Secretary of Energy shall include in the budget justification materials submitted to Congress in support of the Department of Energy budget for a fiscal year (as submitted with the budget of the President under section 1105(a) of title 31) specific identification, as a budgetary line item, of the amounts required to meet the pension obligations of the Department of Energy for contractor employees at each facility of the Department of Energy operated using amounts authorized to be appropriated for the Department of Energy.

(Pub. L. 111-84, div. C, title XXXI, §3143, Oct. 28, 2009, 123 Stat. 2716.)

CODIFICATION

Section was enacted as part of the National Defense Authorization Act for Fiscal Year 2010, and not as part of the Department of Energy Organization Act which comprises this chapter.

**§ 7279a. Future-years energy program annual submission and budgeting**

**(a) Submission to Congress**

The Secretary of Energy shall submit to Congress each year, at the time that the President's budget is submitted to Congress that year under section 1105(a) of title 31, a future-years energy program reflecting the estimated expenditures and proposed appropriations included in that budget. Any such future-years energy program shall cover the fiscal year with respect to which the budget is submitted and at least the four succeeding fiscal years. A future-years energy program shall be included in the fiscal year 2014 budget submission to Congress and every fiscal year thereafter.

**(b) Elements**

Each future-years energy program shall contain the following:

(1) The estimated expenditures and proposed appropriations necessary to support programs, projects, and activities of the Secretary of Energy during the 5-fiscal year period covered by the program, expressed in a level of detail comparable to that contained in the budget submitted by the President to Congress under section 1105 of title 31.

(2) The estimated expenditures and proposed appropriations shaped by high-level, prioritized program and budgetary guidance that is consistent with the administration's policies
