

1986—Subsec. (a)(2). Pub. L. 99-509 substituted “average” for “marginal”.

1980—Subsec. (a)(1). Pub. L. 96-294, which directed amendment of par. (1) by inserting provisions setting forth criteria for establishing life-cycle costs for Federal buildings before the period at end, was executed to par. (2) as the probable intent of Congress because par. (1) does not contain a period.

§ 8256. Incentives for agencies

(a) Contracts

(1) Each agency shall establish a program of incentives for conserving, and otherwise making more efficient use of, energy as a result of entering into contracts under subchapter VII of this chapter.

(2) The Secretary shall, not later than 18 months after October 24, 1992, and after consultation with the Director of the Office of Management and Budget, the Secretary of Defense, and the Administrator of General Services, develop appropriate procedures and methods for use by agencies to implement the incentives referred to in paragraph (1).

(b) Federal Energy Efficiency Fund

(1) The Secretary shall establish a Federal Energy Efficiency Fund to provide grants to agencies to assist them in meeting the requirements of section 8253 of this title.

(2) Not later than June 30, 1993, the Secretary shall issue guidelines to be followed by agencies submitting proposals for such grants. All agencies shall be eligible to submit proposals for grants under the Fund.

(3) The Secretary shall award grants from the Fund after a competitive assessment of the technical and economic effectiveness of each agency proposal. The Secretary shall consider the following factors in determining whether to provide funding under this subsection:

(A) The cost-effectiveness of the project.

(B) The amount of energy and cost savings anticipated to the Federal Government.

(C) The amount of funding committed to the project by the agency requesting financial assistance.

(D) The extent that a proposal leverages financing from other non-Federal sources.

(E) Any other factor which the Secretary determines will result in the greatest amount of energy and cost savings to the Federal Government.

(4) There are authorized to be appropriated, to remain available to be expended, to carry out this subsection not more than \$10,000,000 for fiscal year 1994, \$50,000,000 for fiscal year 1995, and such sums as may be necessary for fiscal years thereafter.

(c) Utility incentive programs

(1) Agencies are authorized and encouraged to participate in programs to increase energy efficiency and for water conservation or the management of electricity demand conducted by gas, water, or electric utilities and generally available to customers of such utilities.

(2) Each agency may accept any financial incentive, goods, or services generally available from any such utility, to increase energy efficiency or to conserve water or manage electricity demand.

(3) Each agency is encouraged to enter into negotiations with electric, water, and gas utilities to design cost-effective demand management and conservation incentive programs to address the unique needs of facilities utilized by such agency.

(4) If an agency satisfies the criteria which generally apply to other customers of a utility incentive program, such agency may not be denied collection of rebates or other incentives.

(d) Financial incentive program for facility energy managers

(1) The Secretary shall, in consultation with the Task Force established pursuant to section 8257 of this title, establish a financial bonus program to reward, with funds made available for such purpose, outstanding Federal facility energy managers in agencies and the United States Postal Service.

(2) Not later than June 1, 1993, the Secretary shall issue procedures for implementing and conducting the award program, including the criteria to be used in selecting outstanding energy managers and contributors who have—

(A) improved energy performance through increased energy efficiency;

(B) implemented proven energy efficiency and energy conservation techniques, devices, equipment, or procedures;

(C) developed and implemented training programs for facility energy managers, operators, and maintenance personnel;

(D) developed and implemented employee awareness programs;

(E) succeeded in generating utility incentives, shared energy savings contracts, and other federally approved performance based energy savings contracts;

(F) made successful efforts to fulfill compliance with energy reduction mandates, including the provisions of section 8253 of this title; and

(G) succeeded in the implementation of the guidelines established under section 8262e¹ of this title.

(3) There is authorized to be appropriated to carry out this subsection not more than \$250,000 for each of the fiscal years 1993, 1994, and 1995.

(e) Retention of energy and water savings

An agency may retain any funds appropriated to that agency for energy expenditures, water expenditures, or wastewater treatment expenditures, at buildings subject to the requirements of section 8253(a) and (b) of this title, that are not made because of energy savings or water savings. Except as otherwise provided by law, such funds may be used only for energy efficiency, water conservation, or unconventional and renewable energy resources projects. Such projects shall be subject to the requirements of section 3307 of title 40.

REFERENCES IN TEXT

Section 8262e of this title, referred to in subsec. (d)(2)(G), was in the original “section 159” and was translated as meaning section 159 of Pub. L. 102-486, title I, Oct. 24, 1992, 106 Stat. 2857, which enacted section 8262e of this title, to reflect the probable intent of Congress.

AMENDMENTS

2007—Subsec. (c)(5). Pub. L. 110-140 struck out par. (5) which read as follows:

“(5)(A) An amount equal to fifty percent of the energy and water cost savings realized by an agency (other than the Department of Defense) with respect to funds appropriated for any fiscal year beginning after fiscal year 1992 (including financial benefits resulting from energy savings performance contracts under subchapter VII of this chapter and utility energy efficiency rebates) shall, subject to appropriation, remain available for expenditure by such agency for additional energy efficiency measures which may include related employee incentive programs, particularly at those facilities at which energy savings were achieved.

“(B) Agencies shall establish a fund and maintain strict financial accounting and controls for savings realized and expenditures made under this subsection. Records maintained pursuant to this subparagraph shall be made available for public inspection upon request.”

2005—Subsec. (e). Pub. L. 109-58 added subsec. (e).

1992—Subsec. (a). Pub. L. 102-486, §152(f)(1), (2), substituted “Contracts” for “In general” in heading, designated existing provisions as par. (1), and redesignated former subsec. (b) as subsec. (a)(2) and amended it generally. Prior to amendment, par. (2) read as follows: “The head of each agency shall, no later than 120 days after November 5, 1988, implement procedures for entering into such contracts and for identifying, verifying, and utilizing, on a fiscal year basis, the cost savings resulting from such contracts.”

Subsec. (b). Pub. L. 102-486, §152(f)(4), added subsec. (b). Former subsec. (b) redesignated par. (2) of subsec. (a).

Subsecs. (c), (d). Pub. L. 102-486, §152(f)(3), (4), added subsecs. (c) and (d) and struck out former subsec. (c) which read as follows: “The portion of the funds appropriated to an agency for energy expenses for a fiscal year that is equal to the amount of cost savings realized by such agency for such year from contracts entered into under subchapter VII of this chapter shall remain available for obligation, without further appropriation, to undertake additional energy conservation measures.”

1988—Pub. L. 100-615 amended section generally, substituting statement of incentives for agencies for provisions relating to energy performance targets for Federal buildings.

EFFECTIVE DATE OF 2007 AMENDMENT

Amendment by Pub. L. 110-140 effective on the date that is 1 day after Dec. 19, 2007, see section 1601 of Pub. L. 110-140, set out as an Effective Date note under section 1824 of Title 2, The Congress.

ENERGY EFFICIENCY AND WATER CONSERVATION MEASURES; USE OF REBATES AND SAVINGS

Pub. L. 104-52, title VI, §625, Nov. 19, 1995, 109 Stat. 502, provided that:

“(a) Beginning in fiscal year 1996 and thereafter, for each Federal agency, except the Department of Defense (which has separate authority), and except as provided in Public Law 102-393, title IV, section 13 (40 U.S.C. 490g) [now 40 U.S.C. 592(f)] with respect to the Fund established pursuant to 40 U.S.C. 490(f) [now 40 U.S.C. 592(a)-(c)(1), (d), (e)], an amount equal to 50 percent of—

“(1) the amount of each utility rebate received by the agency for energy efficiency and water conservation measures, which the agency has implemented; and

“(2) the amount of the agency’s share of the measured energy savings resulting from energy-savings performance contracts, may be retained and credited to accounts that fund energy and water conservation activities at the agency’s facilities, and shall remain available until expended for additional specific energy efficiency or water conservation projects or activities, including improvements and retrofits, facility surveys, additional or improved utility metering, and employee training and awareness programs, as authorized by section 152(f) of the Energy Policy Act (Public Law 102-486) [amending this section].

“(b) The remaining 50 percent of each rebate, and the remaining 50 percent of the amount of the agency’s share of savings from energy-savings performance contracts, shall be transferred to the General Fund of the Treasury at the end of the fiscal year in which received.”

§ 8257. Interagency Energy Management Task Force

(a) In general

To assist the interagency committee organized under section 7266 of this title to coordinate the activities of the Federal Government in promoting energy conservation and the efficient use of energy and in informing non-Federal entities of the Federal experience in energy conservation, the Secretary shall establish an Interagency Energy Management Task Force (hereafter in this section referred to as the “Task Force”).

(b) Members

The Task Force shall be composed of the chief energy managers of agencies represented on the interagency committee organized under section 7266 of this title.

(c) Duties

The Task Force shall meet when the Secretary requests, but not less often than twice a year, to—

(1) assess the progress of the various agencies in achieving energy savings;

(2) collect and disseminate information to agencies, States, local governments, and the public on effective survey techniques, innovative approaches to the efficient use of energy, incentive programs developed under section 8256 of this title, innovative contracting methods developed under subchapter VII of this chapter, the use of cogeneration facilities and renewable resources, and other technologies that promote the conservation and efficient use of energy;

(3) coordinate energy surveys conducted by the agencies;

(4) develop options for use in conserving energy;

(5) report to the committee organized under section 7266 of this title; and

(6) review, from time to time as may be necessary, the regulations relating to building temperature settings to determine whether changes in such regulations would be appropriate to assist in meeting the goals specified in section 8253 of this title.

(Pub. L. 95-619, title V, §547, Nov. 9, 1978, 92 Stat. 3279; Pub. L. 100-615, §2(a), Nov. 5, 1988, 102 Stat. 3187.)
