(4) The Secretary of Agriculture and the Secretary of Energy may jointly establish categories of projects to which paragraphs (1) and (2) shall not apply. Within 90 days after June 30, 1980, the Secretaries shall identify potential categories and make an initial determination of exempted categories.

**§ 8813. Insured loans**

**(a) Authority of Secretary of Agriculture; maximum amount per project**

Subject to sections 8812 and 8817 of this title, the Secretary of Agriculture may commit to make, and make, insured loans in amounts not to exceed \$1,000,000 per project for the construction of small-scale biomass energy projects.

**(b) Estimated project construction costs as determinative of initial and revised amount of loan; interest rate**

(1) Any insured loan under this section—

(A) may not exceed 90 per centum of the total estimated cost of construction of the biomass energy project involved, and

(B) shall bear interest at rates determined by the Secretary of Agriculture, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, plus not to exceed one per centum, as determined by the Secretary of Agriculture, and adjusted to the nearest one-eighth of one per centum.

(2) In the event the total estimated costs of construction of the project thereafter exceed the total estimated costs initially determined by the Secretary of Agriculture, the Secretary may in addition, upon application therefor, make an insured loan for so much of the additional estimated total costs as does not exceed 10 per centum of the total costs initially estimated.

**(c) Funding requirements; "insured loan" defined**

(1) The Secretary of Agriculture shall make insured loans under this section using, to the extent provided in advance in appropriations Acts, the Agricultural Credit Insurance Fund in section 309 of the Consolidated Farm and Rural Development Act [7 U.S.C. 1929] or the Rural Development Insurance Fund in section 309A of such Act [7 U.S.C. 1929a] (hereinafter in this section referred to as the "Funds"). The Secretary of Agriculture may not use an aggregate amount of funds to make or commit to make insured loans under this section in excess of the aggregate amount for insured loans and administrative costs appropriated and transferred under section 8803 of this title. The terms, conditions, and requirements applicable to such insured loans shall be in accordance with this subchapter.

(2) There shall be reimbursed to the Funds, from appropriations made under section 8803 of this title, amounts equal to the operating and administrative costs incurred by the Secretary of Agriculture in insuring loans under this section.

(3) Notwithstanding any provision of the Consolidated Farm and Rural Development Act [7 U.S.C. 1921 et seq.], no funds made available to

the Secretary of Agriculture under this section for insured loans shall be used for any other purpose.

(4) For purposes of this section, the term “insured loan” means a loan which is made, sold, and insured.

**(d) Preconditions**

An insured loan may not be made under this section unless the applicant for such loan has established to the satisfaction of the Secretary that the applicant is unable without such a loan to obtain sufficient credit elsewhere at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms for loans for similar purposes and periods of time, to finance the construction of the biomass energy project for which such loan is sought.

**§ 8814. Loan guarantees**

**(a) Authority of Secretary concerned**

Subject to sections 8812 and 8817 of this title, the Secretary concerned may commit to guarantee, and guarantee, against loss of principal and interest, loans which are made to provide funds for the construction of biomass energy projects.

**(b) Estimated project construction costs as determinative of initial and revised amount of guarantee**

(1) Any guarantee of a loan under this section may not exceed 90 per centum of the cost of the construction of the biomass energy project involved, as estimated by the Secretary on the date of the guarantee or commitment to guarantee.

(2) In the event the construction costs of the project are thereafter estimated by the Secretary concerned to exceed the construction costs initially estimated by the Secretary, the Secretary may in addition, upon application therefor, guarantee, against loss of principal and interest, a loan for up to 60 per centum of the difference between the construction costs then estimated and the construction costs initially estimated.

**(c) Debt obligation; ineligibility for purchase, etc., by Federal Financing Bank or any Federal agency**

Notwithstanding the provisions of the Federal Financing Bank Act of 1973 (12 U.S.C. 2281 et seq.) or any other provision of law (except as may be specifically provided by reference to this subsection in any Act enacted after June 30, 1980), no debt obligation which is guaranteed or committed to be guaranteed by the Secretary of Agriculture or the Secretary of Energy under this section shall be eligible for purchase by, or commitment to purchase by, or sale or issuance

to, the Federal Financing Bank or any Federal agency.

**(d) Terms and conditions**

The terms and conditions of loan guarantees under this section shall provide that, if the Secretary concerned makes a payment of principal or interest upon the default by a borrower, the Secretary shall be subrogated to the rights of the recipient of such payment (and such subrogation shall be expressly set forth in the loan guarantee or related agreements).

**(e) Termination, cancellation, or revocation, and conclusive nature of guarantee**

Any loan guarantee under this section shall not be terminated, canceled, or otherwise revoked, except in accordance with the terms thereof and shall be conclusive evidence that such guarantee complies fully with the provisions of this chapter and of the approval and legality of the principal amount, interest rate, and all other terms of the securities, obligations, or loans and of the guarantee.

**(f) Payment to lender**

If the Secretary concerned determines that—

(1) the borrower is unable to meet payments and is not in default,

(2) it is in the public interest to permit the borrower to continue with such project, and

(3) the probable net benefit to the United States in paying the principal and interest due under the loan will be greater than that which would result in the event of a default,

then the Secretary may pay to the lender under a loan guarantee agreement an amount not greater than the principal and interest which the borrower is obligated to pay to such lender, if the borrower agrees to reimburse the Secretary for such payment on terms and conditions, including interest, which the Secretary determines are sufficient to protect the financial interests of the United States.

**(g) Preconditions**

(1) A loan may not be guaranteed under this section unless the applicant for such loan has established to the satisfaction of the Secretary concerned that the lender is not willing without such a guarantee to extend credit to the applicant at reasonable rates and terms, taking into consideration prevailing rates and terms for loans for similar purposes and periods of time, to finance the construction of the biomass energy project for which such loan is sought.

(2) The Secretary concerned shall ensure that the lender bears a reasonable degree of risk in the financing of such project.
