

eligible for consideration under this chapter, the Secretary of the Interior shall submit to the Federal Trade Commission a copy of such application and such other information as the Commission may reasonably require. The Commission may prepare and submit to the President a report on the impact of implementation of such application upon competition and restraint of trade and on whether such implementation would be inconsistent with the antitrust laws. Such report shall be made available to the public. Nothing in this subsection shall be construed to prevent the President from making his decision under section 2007(a) of this title in the absence of such report.

(2) Nothing in this chapter shall bar the Attorney General or any other appropriate officer or agent of the United States from challenging any anticompetitive act or practice related to the ownership, construction, or operation of any crude oil transportation system approved under this chapter. The approval of any such system under this chapter shall not be deemed to convey to any person immunity from civil or criminal liability or to create defenses to actions under the antitrust laws and shall not modify or abridge any private right of action under such laws.

(e) Filing and review of permits, rights-of-way applications, etc., not affected

Nothing in this chapter shall be construed to prevent the acceptance and review by any Federal agency of any application for any Federal permit, right-of-way, or other authorizations under other provisions of law for a crude oil transportation system eligible for consideration under this chapter; except that any determination with respect to such an application may be made only in accordance with the provisions of section 2009(a) of this title.

DEFINITIONS

The definitions of "State" and "antitrust laws" in section 2602 of Title 16, Conservation, apply to this section.

§ 2006. Environmental impact statements

(a) Preparation of environmental impact statements

Any Federal agency required under section 102 of the National Environmental Policy Act of 1969 (42 U.S.C. 4332) to issue an environmental impact statement concerning a proposed crude oil transportation system eligible for consideration under this chapter shall, in preparing such statement, utilize, to the maximum extent practicable and consistent with such Act [42 U.S.C. 4321 et seq.], appropriate data, analyses, conclusions, findings, and decisions regarding environmental impacts developed or made by any other Federal or State agency.

(b) Filing of environmental impact statements

On or before December 1, 1978, all environmental impact statements concerning proposed crude oil transportation systems eligible for consideration under this chapter and required under section 102 of the National Environmental

Policy Act of 1969 [42 U.S.C. 4332] shall be completed, made available for public review and comment, revised to the extent appropriate in light of such comment, and submitted to the President and the Council on Environmental Quality; except that in the case of any environmental impact statement concerning any crude oil transportation system which is eligible for consideration and which was filed under section 2004(2) of this title, such actions may be taken not later than 60 days after December 1, 1978.

(c) Report of Council on Environmental Quality

Promptly after receiving an environmental impact statement referred to in subsection (b) for a crude oil transportation system, the Council on Environmental Quality shall submit to the President a report on the Council's opinion concerning such statement and concerning other matters related to the environmental impact of such system.

§ 2007. Decision of President

(a) Decision concerning approval or disapproval of proposed systems

(1) After reviewing all the information submitted to him concerning the various proposed crude oil transportation systems eligible for consideration under this chapter (including environmental impact statements, comments, reports, recommendations, and other information submitted to him at any time before he makes his decision) and after consulting the Secretaries of Energy, the Interior, and Transportation, the President shall decide which, if any, of such systems shall be approved for the purposes of section 2008 of this title (relating to procedures for waiver of law), section 2009 of this title (relating to expedited procedures for issuance of permits), section 2010 of this title (relating to negotiations with the Government of Canada), and section 2011 of this title (relating to judicial review). A decision approving a crude oil transportation system may include such modifications and alterations in such system as the President finds appropriate. The President shall issue his decision within 45 days after receiving recommendations and comments submitted to him under section 2005(c) of this title, except that the President, for such period as he deems necessary, but not to exceed 60 days, may delay his decision and its issuance if he determines that additional time is otherwise necessary to enable him to make a decision. If the President so delays his decision, he shall promptly notify the House of Representatives and the Senate of
