

average cost of production. This study shall be updated annually and shall include all typical variable costs, including interest costs, a return on fixed costs, and a return for management.

(Pub. L. 91-524, title VIII, § 808, as added Pub. L. 93-86, § 1(27)(B), Aug. 10, 1973, 87 Stat. 237; amended Pub. L. 97-98, title XI, § 1117, Dec. 22, 1981, 95 Stat. 1271.)

CODIFICATION

Section was enacted as part of the Agricultural Act of 1970 as added by the Agriculture and Consumer Protection Act of 1973, and not as part of the Agricultural Act of 1949 which is classified principally to this chapter. For complete classification of the 1949 Act to the Code, see Short Title note set out under section 1421 of this title and Tables.

AMENDMENTS

1981—Pub. L. 97-98 inserted “including interest costs,” after “variable costs,” substituted “, and a return for management” for “equal to the existing interest rates charged by the Federal Land Bank, and return for management comparable to the normal management fees charged by other comparable industries”, and struck out provision that these studies be based upon the size unit that requires one man to farm on a full-time basis.

EFFECTIVE DATE OF 1981 AMENDMENT

Amendment by Pub. L. 97-98 effective Dec. 22, 1981, see section 1801 of Pub. L. 97-98, set out as an Effective Date note under section 4301 of this title.

§ 1442. Price support and acreage requirements for corn and other feed grains

(a) Conditions of eligibility

Notwithstanding any other provision of law, whenever base acreages are in effect for corn, the Secretary shall require, as a condition of eligibility for price support on corn, that the producer (1) devote an acreage of cropland (tilled in normal rotation), at the option of the producer, to either the acreage reserve program for corn or the conservation reserve program, equal to 15 per centum of such producer's farm base acreage for corn, and (2) not exceed such farm base acreage for corn: *Provided*, That price support may be made available to any producer who does not meet the foregoing requirements at such level, not in excess of the level of price support to producers who meet such requirements, as the Secretary determines will facilitate the effective operation of the price support program. Corn acreage allotments shall not be effective for the 1956 crop.

(b) Referendum of producers of corn

Not later than December 15, 1956, the Secretary shall conduct a referendum of producers of corn in 1956 in the commercial corn-producing area to determine whether such producers favor a price-support program as provided in subsection (c) of this section for the 1957 and subsequent crops in lieu of acreage allotments as provided in the Agricultural Adjustment Act of 1938, as amended [7 U.S.C. 1281 et seq.], and price support as provided in section 1441 of this title.

(c) Restriction on acreage allotment of corn; price support level

Notwithstanding any other provision of law, if two-thirds or more of the producers voting in

the referendum conducted pursuant to subsection (b) favor a price-support program as provided in this subsection, no acreage allotment of corn shall be established for the commercial corn-producing area for any county, or for any farm, with respect to the 1957 and subsequent crops, and price support made available for such crops by Commodity Credit Corporation shall be at such level as the Secretary determines will assist producers in marketing corn in the normal channels of trade but not encourage the uneconomic production of corn.

(d) Price support level for 1956 and 1957 crops of grain sorghums, barley, rye, oats, and corn

Notwithstanding any other provision of law, (1) the level of price support for the 1956 crop of grain sorghums, barley, rye, and oats, respectively, shall be 76 per centum of the parity price for the commodity as of May 1, 1956, (2) the level of price support for corn produced outside the commercial corn-producing area, for any crop for which base acreages are in effect (except as provided in (3) below), shall be 82½ per centum of the level of price support for corn in the commercial corn-producing area to producers complying with acreage limitations, and (3) if price support is made available for the 1957 crop of corn in the commercial corn-producing area to producers not complying with acreage limitations, price support shall be made available for the 1957 crop of grain sorghums, barley, rye, oats, and corn produced outside the commercial corn-producing area, respectively, at a level, not less than 70 per centum of the parity price as of the beginning of the marketing year, determined by the Secretary to be fair and reasonable in relation to the level at which price support is made available for corn in the commercial corn-producing area to producers not complying with acreage limitations, taking into consideration the normal price relationships between such commodity and corn in the commercial area, the feed value of such commodity in relation to corn, the supply of such commodity in relation to the demand therefor, and the ability to dispose of stocks of such commodity acquired through price support programs.

(May 28, 1956, ch. 327, title III, § 308, 70 Stat. 206.)

REFERENCES IN TEXT

The Agricultural Adjustment Act of 1938, as amended, referred to in subsec. (b), is act Feb. 16, 1938, ch. 30, 52 Stat. 31, as amended, which is classified principally to chapter 35 (§1281 et seq.) of this title. For complete classification of this Act to the Code, see section 1281 of this title and Tables.

CODIFICATION

Section was enacted as part of the Agricultural Act of 1956, and not as part of the Agricultural Act of 1949 which is classified principally to this chapter. For complete classification of the 1949 Act to the Code, see Short Title note set out under section 1421 of this title and Tables.

REFERENDUM OF PRODUCERS OF CORN

The referendum provided for in subsec. (b) of this section was held on Dec. 11, 1956, and the required two-thirds vote was not obtained in favor of the price support program provided for in subsec. (c) of this section. See 22 F.R. 480.

§ 1443. Omitted

CODIFICATION

Section, act Oct. 31, 1949, ch. 792, title I, §102, as added Aug. 28, 1958, Pub. L. 85-835, title I, §101, 72 Stat. 988, related to acreage allotment and price support levels for the 1959 and 1960 crops of upland cotton.

§ 1444. Cotton price support levels

(a) Basic support levels for 1961 and subsequent years

Notwithstanding the provisions of section 1441 of this title, price support to cooperators for each crop of upland cotton, beginning with the 1961 crop, for which producers have not disapproved marketing quotas shall be at such level not more than 90 per centum of the parity price therefor nor less than the minimum level prescribed below as the Secretary determines appropriate after consideration of the factors specified in section 1421(b) of this title. For the 1961 crop the minimum level shall be 70 per centum of the parity price therefor, and for each subsequent crop the minimum level shall be 65 per centum of the parity price therefor: *Provided*, That the price support for the 1965 crop shall be a national average support price which reflects 30 cents per pound for Middling one-inch cotton. Price support in the case of noncooperators and in case marketing quotas are disapproved shall be as provided in section 1441(d)(3) and (5)¹ of this title.

(b) Additional support levels for 1964 and 1965

If producers have not disapproved marketing quotas, the Secretary shall provide additional price support on the 1964 and 1965 crops of upland cotton to cooperators on whose farms the acreage planted to upland cotton for harvest does not exceed the farm domestic allotment established under section 1350 of this title. Such additional support shall be at a level up to 15 per centum in excess of the basic level of support established under subsection (a) and shall be provided on the normal yield of the acreage planted for harvest within the farm domestic allotment. For purposes of this subsection, an acreage on the farm which the Secretary finds was not planted to cotton in 1965 because of flood, drought, or other natural disaster shall be deemed by the Secretary to be an actual acreage of cotton planted on the farm for harvest, provided such acreage is not subsequently devoted to any price supported crop for 1965.

(c) Alternative operations for carrying out additional price support; payment-in-kind certificates; value, marketing assistance, redemption, and deductions after thirty day period

In order to keep upland cotton to the maximum extent practicable in the normal channels of trade, any additional price support under subsection (b) of this section may be carried out through the simultaneous purchase of cotton at the support price therefor under subsection (b) and the sale of such cotton at the support price therefor under subsection (a) or similar operations, including loans under which the cotton would be redeemable by payment of the amount

for which the cotton would be redeemable if the loan thereon had been made at the support price for such cotton under subsection (a), or payments-in-kind through the issuance of certificates which the Commodity Credit Corporation shall redeem for cotton under regulations issued by the Secretary. If such additional support is provided through the issuance of payment-in-kind certificates, such certificates shall have a value per pound of cotton equal to the difference between the level of support established under subsection (a) and the level of support established under subsection (b). The corporation may, under regulations prescribed by the Secretary, assist the producers and persons receiving payment-in-kind certificates under this section and section 1348 of this title, in the marketing of such certificates at such time and in such manner as the Secretary determines will best effectuate the purposes of the program authorized by this section and such section 1348. In the case of any certificate not presented for redemption within thirty days of the date of its issuance, reasonable costs of storage and other carrying charges as determined by the Secretary for the period beginning thirty days after its issuance and ending with the date of its presentation for redemption shall be deducted from the value of the certificate.

(d) Price support and diversion payments for 1966 through 1970 crops

(1) Notwithstanding any other provision of this Act, if producers have not disapproved marketing quotas, price support and diversion payments shall be made available for the 1966 through 1970 crops of upland cotton as provided in this subsection.

(2) Price support for each such crop of upland cotton shall be made available to cooperators through loans at such level, not exceeding a level which will reflect for Middling one-inch upland cotton at average location in the United States 90 per centum of the estimated average world market price for Middling one-inch upland cotton for the marketing year for such crop, as the Secretary determines will provide orderly marketing of cotton during the harvest season and will retain an adequate share of the world market for cotton produced in the United States taking into consideration the factors specified in section 1421(b) of this title: *Provided*, That the national average loan rate for the 1966 crop shall reflect 21 cents per pound for Middling one-inch upland cotton.

(3) The Secretary also shall provide additional price support for each such crop through payments in cash or in kind to cooperators at a rate not less than 9 cents per pound: *Provided*, That the rate shall be such that the amount obtained by—

(i) multiplying the rate by the farm domestic acreage allotment percentage, and

(ii) dividing the product thus obtained by the cooperator percentage established under section 1428(b) of this title, and

(iii) adding the result thus obtained to the national average loan rate

shall not be less than 65 per centum or more than 90 per centum of the parity price for cotton as of the month in which the payment rate pro-
