SUBCHAPTER I—MANUFACTURES, MINERAL INDUSTRIES, AND OTHER BUSINESSES

§ 131. Collection and publication; five-year periods

The Secretary shall take, compile, and publish censuses of manufactures, of mineral industries, and of other businesses, including the distributive trades, service establishments, and transportation (exclusive of means of transportation for which statistics are required by law to be filed with, and are compiled and published by, a designated regulatory body), in the year 1964, then in the year 1968, and every fifth year thereafter, and each such census shall relate to the year immediately preceding the taking thereof.

(Aug. 31, 1954, ch. 1158, 68 Stat. 1019; Pub. L. 85–207, §8, Aug. 28, 1957, 71 Stat. 482; Pub. L. 88–532, Aug. 31, 1964, 78 Stat. 737.)

HISTORICAL AND REVISION NOTES

Based on title 13, U.S.C., 1952 ed., §121 (June 19, 1948, ch. 502, §1, 62 Stat. 478; June 18, 1954, ch. 315, 68 Stat. 258).

Section was subsection (a) of section 121 of title 13, U.S.C., 1952 ed. The remainder of such section 121, which constituted subsection (b) thereof, is incorporated in subchapter IV of this chapter.

At the beginning, “The Secretary”, meaning the Secretary of Commerce, was substituted for a reference to the Director of the Bureau of the Census, and, at the end, the provision that the territorial scope of the censuses should be determined by the Secretary was substituted for the provision of section 121 of title 13, U.S.C., 1952 ed., that such determination should be made by the Director with the approval of the Secretary, to conform with 1950 Reorganization Plan No. 5, §§1, 2, eff. May 24, 1950, 15 F.R. 3174, 64 Stat. 1263, which transferred all functions of all officers and employees, agencies and bureaus of the Department of Commerce to the Secretary. However, the Secretary, under that plan, may delegate any of such transferred functions, as well as any other of his functions, to any of such officers, employees, agencies and bureaus. See, also, section 4 of this title.

The reference in section 121 of title 13, U.S.C., 1952 ed., to the year “1949” as the year for commencement of the quinquennial censuses was changed to the year “1954”, since the former designation is obsolete, and the provision of such section that the census of manufacturers should not be taken in 1949 was omitted as obsolete.

Changes were made in phraseology.

AMENDMENTS

1964—Pub. L. 88–532 substituted “in the year 1964, then in the year 1968, and” for “in the year 1954 and” and struck out provisions which related to the taking of certain censuses in the year 1955.

1957—Pub. L. 85–207 struck out sentence which included the United States and its territories and such possessions as the Secretary might determine in the censuses to be taken. See section 191 of this title.

CENSUS DATA ON WOMEN OWNED BUSINESSES; STUDY AND REPORT

Pub. L. 100–533, title V, §501, Oct. 25, 1988, 102 Stat. 2697, provided that:

“(a) BUREAU OF LABOR STATISTICS.—The Bureau of Labor Statistics of the Department of Labor shall include in any census report it may prepare on women owned business data on—

“(c) COMBINED STUDY.—Not later than one hundred and eighty days after the effective date of this section [Oct. 25, 1988], the Office of the Chief Counsel for Advocacy of the Small Business Administration (hereinafter referred to in this subsection as the ‘Office’) shall conduct a study and prepare a report recommending the most cost effective and accurate means to gather and present the data required to be collected pursuant to subsections (a) and (b). The Department of Commerce and the Department of Labor shall provide the Office such assistance and cooperation as may be necessary and appropriate to achieve the purposes of this subsection.”

§ 132. Controlling law; effect on other agencies

To the extent that the provisions of this subchapter or subchapter IV of this chapter conflict with any other provision of this title or other law, pertaining to the Secretary of the Department of Commerce, the provisions of this title shall control; but nothing in this title shall be deemed to revoke or impair the authority of any other Federal agency with respect to the collection or release of information.

(Aug. 31, 1954, ch. 1158, 68 Stat. 1019.)

HISTORICAL AND REVISION NOTES

Based on title 13, U.S.C., 1952 ed., §123 (June 19, 1948, ch. 502, §3, 62 Stat. 479).

Section was derived from all of section 123 of title 13, U.S.C., 1952 ed., except the first sentence. That sentence is incorporated with other provisions in chapter 1 of this title. See Distribution Table.

The reference “Secretary or Department of Commerce” was substituted for reference to the Bureau of the Census to conform with 1950 Reorganization Plan No. 5, §§1, 2, eff. May 24, 1950, 15 F.R. 3174, 64 Stat. 1263. See Revision Note to section 4 of this title.

Changes were made in phraseology.

SUBCHAPTER II—POPULATION, HOUSING, AND UNEMPLOYMENT

AMENDMENTS

1997—Pub. L. 105–113, §3(b)(1), Nov. 21, 1997, 111 Stat. 2275, substituted “POPULATION, HOUSING, AND UNEMPLOYMENT” for “POPULATION, HOUSING, AGRICULTURE, IRRIGATION, AND UNEMPLOYMENT”.

1986—Pub. L. 99–544, §1(b), Oct. 27, 1986, 100 Stat. 3046, struck out “DRAINAGE” after “IRRIGATION”.

§ 141. Population and other census information

(a) The Secretary shall, in the year 1980 and every 10 years thereafter, take a decennial census of population as of the first day of April of such year, which date shall be known as the “decennial census date”, in such form and content as he may determine, including the use of sampling procedures and special surveys. In connection with any such census, the Secretary is authorized to obtain such other census information as necessary.

(b) The tabulation of total population by States under subsection (a) of this section as required for the apportionment of Representatives in Congress among the several States shall be completed within 9 months after the census date and reported by the Secretary to the President of the United States.

(c) The officers or public bodies having initial responsibility for the legislative apportionment or districting of each State may, not later than 3 years before the decennial census date, submit to the Secretary a plan identifying the geographic areas for which specific tabulations of population are desired. Each such plan shall be developed in accordance with criteria established by the Secretary, which he shall furnish to such officers or public bodies not later than April 1 of the fourth year preceding the decennial census date. Such criteria shall include requirements which assure that such plan shall be developed in a nonpartisan manner. Should the Secretary find that a plan submitted by such officers or public bodies does not meet the criteria established by him, he shall consult to the extent necessary with such officers or public bodies in order to achieve the alterations in such plan that he deems necessary to bring it into accord with such criteria. Any issues with respect to such plan remaining unresolved after such consultation shall be resolved by the Secretary, and in all cases he shall have final authority for determining the geographic format of such plan. Tabulations of population for the areas identified in any plan approved by the Secretary shall be completed by him as expeditiously as possible after the decennial census date and reported to the Governor of the State involved and to the officers or public bodies having responsibility for legislative apportionment or districting of such State, except that such tabulations of population of each State requesting a tabulation plan, and basic tabulations of population of each other State, shall, in any event, be completed, reported, and transmitted to each respective State within one year after the decennial census date.

(d) Without regard to subsections (a), (b), and (c) of this section, the Secretary, in the year 1985 and every 10 years thereafter, shall conduct a mid-decade census of population in such form and content as he may determine, including the use of sampling procedures and special surveys, taking into account the extent to which information to be obtained from such census will serve in lieu of information collected annually or less frequently in surveys or other statistical studies. The census shall be taken as of the first day of April of each such year, which date shall be known as the “mid-decade census date”.

(e)(1) If—

(A) in the administration of any program established by or under Federal law which provides benefits to State or local governments or to other recipients, eligibility for or the amount of such benefits would (without regard to this paragraph) be determined by taking into account data obtained in the most recent decennial census, and

(B) comparable data is obtained in a mid-decade census conducted after such decennial census,

then in the determination of such eligibility or amount of benefits the most recent data available from either the mid-decade or decennial census shall be used.

(2) Information obtained in any mid-decade census shall not be used for apportionment of Representatives in Congress among the several
