

National Forest Management Act of 1976, to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revision of the plans, but shall review the wilderness option when the plans are revised, which revisions will ordinarily occur on a ten-year cycle, or at least every fifteen years, unless, prior to such time the Secretary of Agriculture finds that conditions in a unit have significantly changed;

(3) areas in the State of Oklahoma reviewed in such final environmental statement or referenced in subsection (d) and not designated wilderness upon enactment of this subchapter shall be managed for multiple use in accordance with land management plans pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 [16 U.S.C. 1604], as amended by the National Forest Management Act of 1976, except that such areas need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of the initial land management plans;

(4) in the event that revised land management plans in the State of Oklahoma are implemented pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 [16 U.S.C. 1604], as amended by the National Forest Management Act of 1976, and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans, and areas recommended for wilderness designation shall be managed for the purpose of protecting their suitability for wilderness designation as may be required by the Forest and Rangeland Renewable Resources Planning Act of 1974 [16 U.S.C. 1600 et seq.], as amended by the National Forest Management Act of 1976, and other applicable law; and

(5) unless expressly authorized by Congress, the Department of Agriculture shall not conduct any further statewide roadless area review and evaluation of the National Forest System lands in the State of Oklahoma for the purpose of determining their suitability for inclusion in the National Wilderness Preservation System.

(c) Use of term

As used in this section, and as provided in section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 [16 U.S.C. 1604], as amended by the National Forest Management Act of 1976, the term "revision" shall not include an "amendment" to a plan.

(d) Application of provisions

The provisions of this section shall also apply to:

(1) those National Forest System roadless lands in the State of Oklahoma in the Ouachita National Forest which were evaluated in the Rich Mountain and Beech Creek unit plans; and

(2) National Forest System roadless lands in the State of Oklahoma which are less than five thousand acres in size.

§ 460vv-5. Adjacent management

Congress does not intend that designation of wilderness areas in the State of Oklahoma lead to the creation of protective perimeters or buffer zones around each wilderness area. The fact that nonwilderness activities or uses can be seen or heard from areas within the wilderness shall not, of itself, preclude such activities or uses up to the boundary of the wilderness area.

§ 460vv-6. Winding Stair Mountain National Recreation Area

(a) Establishment

In order to ensure the conservation and protection of certain natural, scenic, historic, pastoral, and fish and wildlife values and to provide for the enhancement of the recreational values associated therewith, there is hereby established the Winding Stair Mountain National Recreation Area located in the Ouachita National Forest, Oklahoma.

(b) Area included

The Winding Stair Mountain National Recreation Area (hereafter in this subchapter referred to as the "recreation area") shall comprise approximately 26,445 acres as generally depicted on the map entitled "Winding Stair Mountain National Recreation Area—Proposed", dated March 1988, which shall be on file and available for public inspection in the Office of the Chief, Forest Service, Department of Agriculture.

(c) Maps and description

The Secretary of Agriculture (hereinafter in this section referred to as the "Secretary") shall, as soon as practicable after October 18, 1988, file a map and a legal description of the recreation area with the Committee on Interior and Insular Affairs and the Committee on Agriculture of the United States House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the United States Senate and each such map and legal description shall have the same force and effect as if included in this subchapter; except that correction of clerical

cal and typographical errors in such legal description and map may be made. The map and legal description shall be on file and available for public inspection in the Office of the Chief of the Forest Service, Department of Agriculture.

(d) Administration

The Secretary shall administer the recreation area in accordance with the laws, rules and regulations applicable to the national forests in such manner as will best further the purposes of this section, as set forth in subsection (a). Management and utilization of natural resources within the recreation area shall be permitted to the extent such management and utilization is compatible with and does not impair the purposes for which the recreation area is established.

(e) Timber management

Any sales of timber from within the recreation area shall be designed so as to not detract from the scenic values of the recreation area. Management practices that would detract from the scenic quality and natural beauty within view from the Talimena Drive or the Holson Valley Road shall not be conducted in the recreation area. Unevenaged timber management shall be the timber management practice in the recreation area, except that the Secretary may use evenaged management practices in order to promote public safety, mitigate the effects of fire, insects, and disease, or allow scenic vistas and recreational development or if such practices result in irregular cuts behind geographic barriers blocking the view from the Talimena Drive and the Holson Valley Road.
