§ 4405. Conditions relating to wetlands conservation projects

(a) Projects in United States

(1) Subject to the allocation requirements of section 4407(a)(2) of this title and the limitations on Federal contributions under section 4407(b) of this title, the Secretary shall assist in carrying out wetlands conservation projects in the United States, which have been approved by the Migratory Bird Conservation Commission, with the Federal funds made available under this chapter and section 669b(b) of this title.

(2) Except as provided in paragraph (3), any lands or waters or interests therein acquired in whole or in part by the Secretary with the Federal funds made available under this chapter and section 669b(b) of this title to carry out wetlands conservation projects shall be included in the National Wildlife Refuge System.

(3) In lieu of including in the National Wildlife Refuge System any lands or waters or interests therein acquired under this chapter, the Secretary may, with the concurrence of the Migratory Bird Conservation Commission, grant or otherwise provide the Federal funds made available under this chapter and section 669b(b) of this title or convey any real property interest

acquired in whole or in part with such funds without cost to a State or to another public agency or other entity upon a finding by the Secretary that the real property interests should not be included in the National Wildlife Refuge System: *Provided*, That any grant recipient shall have been so identified in the project description accompanying the recommendation from the Council and approved by the Migratory Bird Conservation Commission. The Secretary shall not convey any such interest to a State, another public agency or other entity unless the Secretary determines that such State, agency or other entity is committed to undertake the management of the property being transferred in accordance with the objectives of this chapter, and the deed or other instrument of transfer contains provisions for the reversion of title to the property to the United States if such State, agency or other entity fails to manage the property in accordance with the objectives of this chapter. Any real property interest conveyed pursuant to this paragraph shall be subject to such terms and conditions that will ensure that the interest will be administered for the long-term conservation and management of the wetland ecosystem and the fish and wildlife dependent thereon.

(b) Projects in Canada or Mexico

Subject to the allocation requirements of section 4407(a)(1) of this title and the limitations on Federal contributions under section 4407(b) of this title, the Secretary shall grant or otherwise provide the Federal funds made available under this chapter and section 669b(b) of this title to public agencies and other entities for the purpose of assisting such entities and individuals in carrying out wetlands conservation projects in Canada or Mexico that have been approved by the Migratory Bird Conservation Commission: *Provided*, That the grant recipient shall have been so identified in the project description accompanying the recommendation from the Council and approved by the Migratory Bird Conservation Commission. The Secretary may only grant or otherwise provide Federal funds if the grant is subject to the terms and conditions that will ensure that any real property interest acquired in whole or in part, or enhanced, managed, or restored with such Federal funds will be administered for the long-term conservation and management of such wetland ecosystem and the fish and wildlife dependent thereon. Real property and interests in real property acquired pursuant to this subsection shall not become part of the National Wildlife Refuge System. Acquisitions of real property and interests in real property carried out pursuant to this subsection shall not be subject to any provision of Federal law governing acquisitions of property for inclusion in the National Wildlife Refuge System.

§ 4407. Allocation of amounts available to carry out this chapter

(a) Allocations

Of the sums available to the Secretary for any fiscal year under this chapter and section 669b(b) of this title—

- (1) such percentage of that sum (but at least 30 percent and not more than 60 percent) as is considered appropriate by the Secretary, which can be matched with non-Federal moneys in accordance with the requirements of subsection (b) of this section, less such amount (but not more than 4 percent of such percentage) considered necessary by the Secretary to defray the costs of administering this chapter during such fiscal year, shall be allocated by the Secretary to carry out ap-

(3) The non-Federal share of the United States contribution to the costs of such projects may not be derived from Federal grant programs. In the case of a project carried out in Canada or Mexico, the non-Federal share of the costs of the project may include cash contributions from non-United States sources that are used to pay costs of the project.
