(g) Federal pay

(1) In general

For purposes of any order issued under section 904 of this title—

(A) Federal pay under a statutory pay system, and

(B) elements of military pay,

shall be subject to reduction under an order in the same manner as other administrative expense components of the Federal budget; except that no such order may reduce or have the effect of reducing the rate of pay to which any individual is entitled under any such statutory pay system (as increased by any amount payable under section 5304 of title 5 or section 302 of the Federal Employees Pay Comparability Act of 1990) or the rate of any element of military pay to which any individual is entitled under title 37, or any increase in rates of pay which is scheduled to take effect under section 5303 of title 5, section 1009 of title 37, or any other provision of law.

(2) Notwithstanding any other provision of law, administrative expenses of any program, project, activity, or account which is self-supporting and does not receive appropriations shall be subject to reduction under a sequester order, unless specifically exempted in this subchapter.

(3) Payments made by the Federal Government to reimburse or match administrative costs incurred by a State or political subdivision under or in connection with any program, project, activity, or account shall not be considered administrative expenses of the Federal Government for purposes of this section, and shall be subject to reduction or sequestration under this subchapter to the extent (and only to the extent) that other payments made by the Federal Government under or in connection with that program, project, activity, or account are subject to such reduction or sequestration; except that Federal payments made to a State as reimbursement of administrative costs incurred by such State under or in connection with the unemployment compensation programs specified in subsection (h)(1)¹ shall be subject to reduction or sequestration under this subchapter notwithstanding the exemption otherwise granted to such programs under that subsection.

(4) Notwithstanding any other provision of law, this subsection shall not apply with respect to the following:

(B) any advance made to a State from the Federal unemployment account (established by section 904(g) of such Act [42 U.S.C. 1104(g)] under title XII of such Act [42 U.S.C. 1321 et seq.] and any advance appropriated to the Fed-

eral unemployment account pursuant to section 1203 of such Act [42 U.S.C. 1323], and

(C) any payment made from the Federal Employees Compensation Account (as established under section 909 of such Act [42 U.S.C. 1109]) for the purpose of carrying out chapter 85 of title 5 and funds appropriated or transferred to or otherwise deposited in such Account,

shall not be subject to reduction.

(2)(A) A State may reduce each weekly benefit payment made under the Federal-State Extended Unemployment Compensation Act of 1970 for any week of unemployment occurring during any period with respect to which payments are reduced under an order issued under section 904 of this title by a percentage not to exceed the percentage by which the Federal payment to the State under section 204 of such Act is to be reduced for such week as a result of such order.

(B) A reduction by a State in accordance with subparagraph (A) shall not be considered as a failure to fulfill the requirements of section 3304(a)(11) of title 26.

(j) Commodity Credit Corporation**(1) Powers and authorities of the Commodity Credit Corporation**

This title¹ shall not restrict the Commodity Credit Corporation in the discharge of its authority and responsibility as a corporation to buy and sell commodities in world trade, to use the proceeds as a revolving fund to meet other obligations and otherwise operate as a corporation, the purpose for which it was created.

(2) Reduction in payments made under contracts

(A) Loan eligibility under any contract entered into with a person by the Commodity Credit Corporation prior to the time an order has been issued under section 904 of this title shall not be reduced by an order subsequently issued. Subject to subparagraph (B), after an order is issued under such section for a fiscal year, any cash payments for loans or loan deficiencies made by the Commodity Credit Corporation shall be subject to reduction under the order.

(B) Each loan contract entered into with producers or producer cooperatives with respect to a particular crop of a commodity and subject to reduction under subparagraph (A) shall be reduced in accordance with the same terms and conditions. If some, but not all, contracts applicable to a crop of a commodity have been entered into prior to the issuance of an order under section 904 of this title, the order shall provide that the necessary reduction in payments under contracts applicable to the commodity be uniformly applied to all contracts for the next succeeding crop of the commodity, under the authority provided in paragraph (3).

(3) Delayed reduction in outlays permissible

Notwithstanding any other provision of this title,¹ if an order under section 904 of this title is issued with respect to a fiscal year, any reduction under the order applicable to contracts described in paragraph (1) may provide

¹ See References in Text note below.

for reductions in outlays for the account involved to occur in the fiscal year following the fiscal year to which the order applies.

(4) Uniform percentage rate of reduction and other limitations

All reductions described in paragraph (2) which are required to be made in connection with an order issued under section 904 of this title with respect to a fiscal year shall be made so as to ensure that outlays for each program, project, activity, or account involved are reduced by a percentage rate that is uniform for all such programs, projects, activities, and accounts, and may not be made so as to achieve a percentage rate of reduction in any such item exceeding the rate specified in the order.

(5) Dairy program

Notwithstanding any other provision of this subsection, as the sole means of achieving any reduction in outlays under the milk price support program, the Secretary of Agriculture shall provide for a reduction to be made in the price received by producers for all milk produced in the United States and marketed by producers for commercial use. That price reduction (measured in cents per hundred weight of milk marketed) shall occur under section 1446(d)(2)(A) of title 7, shall begin on the day any sequestration order is issued under section 904 of this title, and shall not exceed the aggregate amount of the reduction in outlays under the milk price support program that otherwise would have been achieved by reducing payments for the purchase of milk or the products of milk under this subsection during the applicable fiscal year.

(6) Certain authority not to be limited

Nothing in this joint resolution shall limit or reduce, in any way, any appropriation that provides the Commodity Credit Corporation with budget authority to cover the Corporation's net realized losses.

(k) Effects of sequestration

The effects of sequestration shall be as follows:

(1) Budgetary resources sequestered from any account shall be permanently cancelled, except as provided in paragraph (6).

(2) Except as otherwise provided, the same percentage sequestration shall apply to all programs, projects, and activities within a budget account (with programs, projects, and activities as delineated in the appropriation Act or accompanying report for the relevant fiscal year covering that account, or for accounts not included in appropriation Acts, as delineated in the most recently submitted President's budget).

(3) Administrative regulations or similar actions implementing a sequestration shall be made within 120 days of the sequestration order. To the extent that formula allocations differ at different levels of budgetary resources within an account, program, project, or activity, the sequestration shall be interpreted as producing a lower total appropriation, with the remaining amount of the appro-

priation being obligated in a manner consistent with program allocation formulas in substantive law.

(4) Except as otherwise provided, obligations in sequestered accounts shall be reduced only in the fiscal year in which a sequester occurs.

(5) If an automatic spending increase is sequestered, the increase (in the applicable index) that was disregarded as a result of that sequestration shall not be taken into account in any subsequent fiscal year.

(6) Budgetary resources sequestered in revolving, trust, and special fund accounts and offsetting collections sequestered in appropriation accounts shall not be available for obligation during the fiscal year in which the sequestration occurs, but shall be available in subsequent years to the extent otherwise provided in law.

§ 907. The baseline

(a) In general

For any budget year, the baseline refers to a projection of current-year levels of new budget authority, outlays, revenues, and the surplus or deficit into the budget year and the outyears based on laws enacted through the applicable date.

(b) Direct spending and receipts

For the budget year and each outyear, the baseline shall be calculated using the following assumptions:

(1) In general

Laws providing or creating direct spending and receipts are assumed to operate in the manner specified in those laws for each such year and funding for entitlement authority is assumed to be adequate to make all payments required by those laws.

(2) Exceptions

(A)(i) No program established by a law enacted on or before August 5, 1997, with estimated current year outlays greater than \$50,000,000 shall be assumed to expire in the budget year or the outyears. The scoring of new programs with estimated outlays greater than \$50,000,000 a year shall be based on scoring by the Committees on Budget or OMB, as applicable. OMB, CBO, and the Budget Committees shall consult on the scoring of such programs where there are differences between CBO and OMB.

(ii) On the expiration of the suspension of a provision of law that is suspended under section 7301 of title 7 and that authorizes a program with estimated fiscal year outlays that are greater than \$50,000,000, for purposes of clause (i), the program shall be assumed to continue to operate in the same manner as the program operated immediately before the expiration of the suspension.

(B) The increase for veterans' compensation for a fiscal year is assumed to be the same as that required by law for veterans' pensions unless otherwise provided by law enacted in that session.

(C) Excise taxes dedicated to a trust fund, if expiring, are assumed to be extended at current rates.

(D) If any law expires before the budget year or any outyear, then any program with estimated current year outlays greater than \$50,000,000 that operates under that law shall be assumed to continue to operate under that law as in effect immediately before its expiration.

(3) Hospital Insurance Trust Fund

Notwithstanding any other provision of law, the receipts and disbursements of the Hospital Insurance Trust Fund shall be included in all calculations required by this Act.

(c) Discretionary appropriations

For the budget year and each outyear, the baseline shall be calculated using the following assumptions regarding all amounts other than those covered by subsection (b):

(1) Inflation of current-year appropriations

Budgetary resources other than unobligated balances shall be at the level provided for the budget year in full-year appropriation Acts. If for any account a full-year appropriation has not yet been enacted, budgetary resources other than unobligated balances shall be at the level available in the current year, adjusted sequentially and cumulatively for expiring housing contracts as specified in paragraph (2), for social insurance administrative expenses as specified in paragraph (3), to offset pay absorption and for pay annualization as specified in paragraph (4), for inflation as specified in paragraph (5), and to account for changes required by law in the level of agency payments for personnel benefits other than pay.

(2) Expiring housing contracts

New budget authority to renew expiring multiyear subsidized housing contracts shall be adjusted to reflect the difference in the number of such contracts that are scheduled to expire in that fiscal year and the number expiring in the current year, with the per-contract renewal cost equal to the average current-year cost of renewal contracts.

(3) Social insurance administrative expenses

Budgetary resources for the administrative expenses of the following trust funds shall be adjusted by the percentage change in the beneficiary population from the current year to that fiscal year: the Federal Hospital Insurance Trust Fund, the Supplementary Medical Insurance Trust Fund, the Unemployment Trust Fund, and the railroad retirement account.

(4) Pay annualization; offset to pay absorption

Current-year new budget authority for Federal employees shall be adjusted to reflect the full 12-month costs (without absorption) of any pay adjustment that occurred in that fiscal year.

(5) Inflation

The inflator used in paragraph (1) to adjust budgetary resources relating to personnel
