(b) Preferences regulations; justification for limitation on operation

In authorizing the operation of vending facilities on Federal property, priority shall be given to blind persons licensed by a State agency as provided in this chapter; and the Secretary, through the Commissioner, shall, after consultation with the Administrator of General Services and other heads of departments, agencies, or instrumentalities of the United States in control of the maintenance, operation, and protection of Federal property, prescribe regulations designed to assure that—

CODIFICATION

The content of Pub. L. 93-516, including provisions thereof which amended and enacted various sections of this chapter, were originally contained in H.R. 14225, 93rd Congress, Second Session, which was pocket-vested during the 31-day intrasession adjournment of the 93rd Congress for the Congressional elections in November, 1974. See 1974 Amendment note below.

Pursuant to an order of the United States District Court for the District of Columbia (*Kennedy v. Jones*, D.C.D.C. 1976, 412 F.Supp. 353) H.R. 14225 was deemed to have become law without the approval of the President on Nov. 21, 1974, and was given the designation Pub. L. 93-651. Therefore, for purposes of codification, this chapter should be deemed to have been amended by Pub. L. 93-651, Nov. 21, 1974, 89 Stat. 2-3, in exactly the same manner as it was amended by Pub. L. 93-516.

AMENDMENTS

1974—Subsec. (a). Pub. L. 93-516 designated first sentence of existing provisions as subsec. (a), substituted “purposes” for “purpose”, “vending facilities” for “vending stands”, and struck out “where such vending stands may be properly and satisfactorily operated by blind persons”. An identical amendment was made by Pub. L. 93-651. See Codification note above.

Subsec. (b). Pub. L. 93-516 designated second sentence of existing provisions as subsec. (b), in the provisions preceding par. (1) of subsec. (b) as so designated, substituted reference to vending facilities for reference to vending stands, substituted provisions requiring that priority be given to blind persons for provisions requiring that preference be given so far as feasible to blind persons, substituted provisions authorizing the Secretary after consultation with the Administrator of General Services, and other heads of departments, agencies, or instrumentalities of the United States in control of maintenance, operation, and protection of Federal property to prescribe regulations for provisions authorizing the head of each department or agency in control of the maintenance, operation, and protection of Federal property after consultation with the Secretary and with the approval of the President to prescribe regulations, struck out provisions that such regulations assure such preference including assignment of vending machine income to achieve and protect such preference for such blind persons without unduly inconveniencing such departments and agencies or adversely affecting the interests of the United States, and added pars. (1) and (2) and provisions following par. (2). An identical amendment was made by Pub. L. 93-651. See Codification note above.

1954—Act Aug. 3, 1954, provided that in authorizing the operation of vending stands preference shall be given, so far as feasible, to blind persons.

CONGRESSIONAL FINDINGS

Pub. L. 93-516, title II, §201, Dec. 7, 1974, 88 Stat. 1622, provided that: “The Congress finds—

“(1) after review of the operation of the blind vending stand program authorized under the Randolph-Sheppard Act of June 20, 1936 [this chapter], that the program has not developed, and has not been sustained, in the manner and spirit in which the Congress intended at the time of its enactment, and that, in fact, the growth of the program has been inhibited by a number of external forces;

“(2) that the potential exists for doubling the number of blind operators on Federal and other property under the Randolph-Sheppard program within the next five years, provided the obstacles to growth are removed, that legislative and administrative means exist to remove such obstacles, and that Congress should adopt legislation to that end; and

“(3) that at a minimum the following actions must be taken to insure the continued vitality and expansion of the Randolph-Sheppard program—

“(A) establish uniformity of treatment of blind vendors by all Federal departments, agencies, and instrumentalities,

“(B) establish guidelines for the operation of the program by State licensing agencies,

“(C) require coordination among the several entities with responsibility for the program,

“(D) establish a priority for vending facilities operated by blind vendors on Federal property,

“(E) establish administrative and judicial procedures under which fair treatment of blind vendors, State licensing agencies, and the Federal Government is assured,

“(F) require stronger administration and oversight functions in the Federal office carrying out the program, and

“(G) accomplish other legislative and administrative objectives which will permit the Randolph-Sheppard program to flourish.”

An identical provision is in section 201 of Pub. L. 93-651. See Codification note above.

§ 107a. Federal and State responsibilities

(a) Functions of Secretary; surveys; designation of State licensing agencies; qualifications for license; evaluation of programs

The Secretary of Education shall—

(1) Insure that the Rehabilitation Services Administration is the principal agency for carrying out this chapter; and the Commissioner shall, within one hundred and eighty days after enactment of the Randolph-Sheppard Act Amendments of 1974, establish requirements for the uniform application of this chapter by each State agency designated under paragraph (5) of this subsection, including appropriate accounting procedures, policies on the selection and establishment of new vending facilities, distribution of income to blind vendors, and the use and control of set-aside funds under section 107b(3) of this title;

(2) Through the Commissioner, make annual surveys of concession vending opportunities for blind persons on Federal and other property in the United States, particularly with respect to Federal property under the control of the General Services Administration, the Department of Defense, and the United States Postal Service;

(3) Make surveys throughout the United States of industries with a view to obtaining information that will assist blind persons to obtain employment;

(4) Make available to the public, and especially to persons and organizations engaged in work for the blind, information obtained as a result of such surveys;

(5) Designate as provided in section 107b of this title the State agency for the blind in each State, or, in any State in which there is no such agency, some other public agency to issue licenses to blind persons who are citizens of the United States for the operating of vending facilities on Federal and other property in such State for the vending of newspapers, periodicals, confections, tobacco products, foods, beverages, and other articles or services dispensed automatically or manually and prepared on or off the premises in accordance with all applicable health laws, as determined by the State licensing agency, and including the vending or exchange of chances for any lottery authorized by State law and conducted by an agency of a State; and

(6) Through the Commission,¹ (A) conduct periodic evaluations of the program authorized by this chapter, including upward mobility and other training required by section 107d-4 of this title, and (B) take such other steps, including the issuance of such rules and regulations, as may be necessary or desirable in carrying out the provisions of this chapter.

(b) Duty of State licensing agencies to prefer blind

The State licensing agency shall, in issuing each such license for the operation of a vending facility, give preference to blind persons who are

in need of employment. Each such license shall be issued for an indefinite period but may be terminated by the State licensing agency if it is satisfied that the facility is not being operated in accordance with the rules and regulations prescribed by such licensing agency. Such licenses shall be issued only to applicants who are blind within the meaning of section 107e of this title.

(c) Selection of location and type of facility

The State licensing agency designated by the Secretary is authorized, with the approval of the head of the department or agency in control of the maintenance, operation, and protection of the Federal property on which the facility is to be located but subject to regulations prescribed pursuant to section 107 of this title, to select a location for such facility and the type of facility to be provided.

(d) Buildings occupied by United States departments, agencies, and instrumentalities required to provide sites for facilities; exceptions

(1) After January 1, 1975, no department, agency, or instrumentality of the United States shall undertake to acquire by ownership, rent, lease, or to otherwise occupy, in whole or in part, any building unless, after consultation with the head of such department, agency, or instrumentality and the State licensing agency, it is determined by the Secretary that (A) such building includes a satisfactory site or sites for the location and operation of a vending facility by a blind person, or (B) if a building is to be constructed, substantially altered, or renovated, or in the case of a building that is already occupied on such date by such department, agency, or instrumentality, is to be substantially altered or renovated for use by such department, agency, or instrumentality, the design for such construction, substantial alteration, or renovation includes a satisfactory site or sites for the location and operation of a vending facility by a blind person. Each such department, agency, or instrumentality shall provide notice to the appropriate State licensing agency of its plans for occupation, acquisition, renovation, or relocation of a building adequate to permit such State agency to determine whether such building includes a satisfactory site or sites for a vending facility.

(2) The provisions of paragraph (1) shall not apply (A) when the Secretary and the State licensing agency determine that the number of people using the property is or will be insufficient to support a vending facility, or (B) to any privately owned building, any part of which is leased by any department, agency, or instrumentality of the United States and in which, (i) prior to the execution of such lease, the lessor or any of his tenants had in operation a restaurant or other food facility in a part of the building not included in such lease, and (ii) the operation of such a vending facility by a blind person would be in proximate and substantial direct competition with such restaurant or other food facility except that each such department, agency, and instrumentality shall make every effort to lease property in privately owned buildings capable of accommodating a vending facility.

¹ So in original. Probably should be "Commissioner."
