Therefore, by the authority vested in me as President by the Constitution and the laws of the United States of America, including the National Narcotics Leadership Act of 1988, as amended (former 21 U.S.C. 1501 *et seq.*), and in order to provide for the effective management of the drug abuse policies of the United States, it is hereby ordered as follows:

(2) The Director shall provide, by July 1 of each year, budget recommendations to the heads of departments and agencies with responsibilities under the National Drug Control Program. The recommendations shall apply to the second following fiscal year and address funding priorities developed in the annual National Drug Control Strategy.

(b) *Measurement of National Drug Control Strategy Outcomes.* (1) The National Drug Control Strategy shall include long-range goals for reducing drug use and the consequences of drug use in the United States, including burdens on hospital emergency rooms, drug use among arrestees, the extent of drug-related crime, high school dropout rates, the number of infants exposed annually to illicit drugs in utero, national drug abuse treatment capacity, and the annual national health care costs of drug use.

(3) The Director shall coordinate an effort among the relevant drug control program agencies to assess the quality, access, management, effectiveness, and standards of accountability of drug abuse treatment, prevention, education, and other demand reduction activities.

(c) *Provision of Reports.* To the extent permitted by law, heads of departments and agencies with responsibilities under the National Drug Control Program shall make available to the Office of National Drug Control Policy, appropriate statistics, studies, and reports, pertaining to Federal drug abuse control.
