(b) Services provided

Any such health care program may include (1) medical examinations for applicants for employment, (2) medical examinations and inoculations or vaccinations, and other preventive and remedial care and services as necessary, for members of the Service and employees of the Department who are citizens of the United States and for members of their families, (3) health education and disease prevention programs for all employees, and (4) examinations necessary in order to establish disability or incapacity of participants in the Foreign Service Retirement and Disability System or Foreign Service Pension System or to provide survivor benefits under subchapter VIII.

(c) Facilities; employment of personnel

The Secretary of State may establish health care facilities and provide for the services of physicians, nurses, or other health care personnel at Foreign Service posts abroad at which, in the opinion of the Secretary of State, a sufficient number of Government employees are assigned to warrant such facilities or services.

(d) Costs of treatment
