§ 956. Investment of earnings in United States property

(a) General rule

In the case of any controlled foreign corporation, the amount determined under this section with respect to any United States shareholder for any taxable year is the lesser of—

(B) the average referred to in subsection (a)(1)(A) for such taxable year shall be determined by only taking into account quarters ending on or before such last day, and

(C) in determining applicable earnings, the amount taken into account by reason of being described in paragraph (2) of section 316(a) shall be the portion of the amount so described which is allocable (on a pro rata basis) to the part of such year during which the corporation is a controlled foreign corporation.
