The Secretary may prescribe regulations relating to hours for distillery operations and to hours for removal of distilled spirits from distilled spirits plants; however, such regulations shall not be more restrictive, as to any operation or function, than the provisions of internal revenue law and regulations relating to such operation or function in effect on the day preceding the effective date of this section.

The Secretary may provide by regulations for the addition of tracer elements to distilled spirits to facilitate the enforcement of this chapter. Tracer elements to be added to distilled spirits at any distilled spirits plant under provisions of this subsection shall be of such character and in such quantity as the Secretary may authorize or require, and such as will not impair the quality of the distilled spirits for their intended use.
