(e) Permit decision

The Secretary, after consultation with the Administrator, shall issue or deny a vessel permit under this section within 30 days after receiving a complete application. On denying the issuance of the permit for a vessel the Secretary shall—

(1) notify the applicant of the denial and the reasons for the denial; and

(2) provide an opportunity for a hearing on the denial.

(f) Maintaining permit

(1) In general

The permit issued for a vessel under this chapter shall be maintained in a manner prescribed by the Secretary.

(2) Endorsements

If a vessel is a documented vessel, the Secretary may endorse a permit on the vessel's certificate of documentation.

(g) Vessel information system

The Secretary may include information in a permit in the vessel information system maintained under chapter 125 of title 46.

§ 2603. Waste handling practices

(a) In general

(1) Loading

The owner or operator of the waste source shall take all reasonable steps to assure that all municipal or commercial waste is loaded onto a vessel in a manner that assures that waste deposited in coastal waters is minimized.

(2) Securing

The owner or operator of a vessel shall assure that all municipal or commercial waste loaded onto the vessel is secured by netting or other means to assure that waste will not be deposited into coastal waters during transport.

(3) Offloading

The owner or operator of the receiving facility shall take all reasonable steps to assure that any municipal or commercial waste is offloaded from a vessel in a manner that assures that waste deposited into coastal waters is minimized.

(4) Cleaning up

The owner or operator of any waste source or receiving facility shall provide adequate control measures to clean up any municipal or commercial waste which is deposited into coastal waters.

(b) Regulations

The Administrator, in consultation with the Secretary of Transportation, shall prescribe regulations—

(1) requiring that waste sources, receiving facilities, and vessels provide the means and facilities to assure that the waste will not be deposited into coastal waters during loading, offloading, and transport;

(2) requiring, as appropriate, the submission and adoption by each responsible party of an operation and maintenance manual identifying procedures to be used to prevent, report, and clean up any deposit of municipal or commercial waste into coastal waters, including record keeping requirements; and

(3) if the Administrator determines that tracking systems are required to assure adequate enforcement of laws preventing the deposit of municipal or commercial waste into coastal waters, requiring installation of the appropriate systems within 18 months after the Administrator makes that determination.
