Applications shall be geographically based in particular neighborhoods or sections of municipalities or particular segments of rural areas, and applications shall demonstrate how programs will serve substantial proportions of children and youth resident in the target area with activities designed to have substantial impact on their lives.

(c) Priority

In making such grants, the Council shall give preference to coalitions consisting of a broad spectrum of community-based and social service organizations that have a coordinated team approach to reducing gang membership and the effects of substance abuse, and providing alternatives to at-risk youth.

(d) Federal share

(1) In general

The Federal share of a grant made under this part¹ may not exceed 75 percent of the total costs of the projects described in the applications submitted under subsection (b) for the fiscal year for which the projects receive assistance under this subchapter.

(2) Waiver

The Council may waive the 25 percent matching requirement under paragraph (1) upon making a determination that a waiver is equitable in view of the financial circumstances affecting the ability of the applicant to meet that requirement.

(3) Non-Federal share

The non-Federal share of such costs may be in cash or in kind, fairly evaluated, including plant, equipment, and services.

(4) Nonsupplanting requirement

Funds made available under this subchapter to a governmental entity shall not be used to supplant State or local funds, or in the case of Indian tribal governments, funds supplied by the Bureau of Indian Affairs, but shall be used to increase the amount of funds that would, in the absence of Federal funds received under this subchapter, be made available from State or local sources, or in the case of Indian tribal governments, from funds supplied by the Bureau of Indian Affairs.

(5) Evaluation

The Council shall conduct a thorough evaluation of the programs assisted under this subchapter.
