

dustrial development and better places in which to live and work. The Nation has a backlog of needed public projects, and an acceleration of these projects now will not only increase employment at a time when jobs are urgently required but will also meet longstanding public needs, improve community services, and enhance the health and welfare of citizens of the Nation.

(b) The Congress further finds that Federal assistance to stimulate public works investment in order to increase employment opportunities is most urgently needed in those areas, both urban and rural, which qualify as redevelopment areas because they suffer from persistent and chronic unemployment and economic underdevelopment, as well as in other areas which have suffered from substantial unemployment for a period of at least twelve months.

SHORT TITLE

Pub. L. 87-658, §1, Sept. 14, 1962, 76 Stat. 541, provided: "That this Act [enacting this chapter and amending section 462 of former Title 40, Public Buildings, Property, and Works, and section 1492 of this title] may be cited as the 'Public Works Acceleration Act'."

§ 2642. Acceleration of public works

(a) Eligible areas

For the purposes of this section the term "eligible area" means—

(1) those areas which the Secretary of Labor designates each month as having been areas of substantial unemployment for at least nine of the preceding twelve months; and

(2) those areas which are designated by the Secretary of Commerce under subsections (a) and (b) of section 2504 of this title as "redevelopment areas".

(b) Authority to initiate and accelerate projects; allocation of funds

The President is authorized to initiate and accelerate in eligible areas those Federal public works projects which have been authorized by Congress, and those public works projects of States and local governments for which Federal financial assistance is authorized under provisions of law other than this chapter, by allocating funds appropriated to carry out this section—

(1) to the heads of the departments, agencies, and instrumentalities of the Federal Government responsible for the construction of Federal public works projects, and

(2) to the heads of the departments, agencies, and instrumentalities of the Federal Government responsible for the administration of laws authorizing Federal financial assistance to public works projects of State and local governments.

(c) Grants-in-aid; law governing; amount of Federal contributions

All grants-in-aid made from allocations made by the President under this section shall be made by the head of the department, agency, or instrumentality of the Federal Government administering the law authorizing such grants, and, except as otherwise provided in this sub-

section, shall be made in accordance with all of the provisions of such law except (1) provisions requiring allocation of funds among the States, and (2) limitations upon the total amount of such grants for any period. Notwithstanding any provisions of such law requiring the Federal contribution to the State or local government involved to be less than a fixed portion of the cost of a project, grants-in-aid may be made under authority of this section which bring the total of all Federal contributions to such project up to 50 per centum of the cost of such project, or up to 75 per centum of the cost of such project if the State or local government does not have economic and financial capacity to assume all of the additional financial obligations required.

(d) Authorization of appropriations

There is authorized to be appropriated not to exceed \$900,000,000 to be allocated by the President in accordance with subsection (b) of this section, except that not less than \$300,000,000 shall be allocated for public works projects in areas designated by the Secretary of Commerce as redevelopment areas under subsection (b) of section 2504 of this title.

(e) Rules and regulations; considerations

The President shall prescribe rules, regulations, and procedures to carry out this section which will assure that adequate consideration is given to the relative needs of eligible areas. In prescribing such rules, regulations, and procedures the President shall consider among other relevant factors (1) the severity of the rates of unemployment in the eligible areas and the duration of such unemployment and (2) the income levels of families and the extent of underemployment in eligible areas.

(f) Restrictions on allocated funds

Funds allocated by the President under this section shall be available only for projects—

(1) which can be initiated or accelerated within a reasonably short period of time;

(2) which will meet an essential public need;

(3) a substantial portion of which can be completed within twelve months after initiation or acceleration;

(4) which will contribute significantly to the reduction of local unemployment;

(5) which are not inconsistent with locally approved comprehensive plans for the jurisdiction affected, wherever such plans exist.

(g) Limit on allocations available for projects in any one State

Not more than 10 per centum of all amounts allocated by the President under this section shall be made available for public works projects within any one State.

(h) Criteria determining substantial unemployment

The criteria to be used by the Secretary of Labor in determining areas of substantial unemployment for the purposes of paragraph (1) of subsection (a) of this section shall be the criteria established in section 6.3 of title 29 of the Code of Federal Regulations as in effect May 1, 1962.

§ 2643. Increase of State or local expenditures

(a) No part of any allocation made by the President under this chapter shall be made available during any fiscal year to any State or local government for any public works project, unless the proposed or planned total expenditure (exclusive of Federal funds) of such State or local government during such fiscal year for all its capital improvement projects is increased by an amount approximately equal to the non-Federal funds required to be made available for such public works project.

(b) No part of any allocation made by the President under this chapter shall be made available for any planning or construction, directly or indirectly, of any school or other educational facility.

CHAPTER 32—THIRD PARTY LIABILITY FOR HOSPITAL AND MEDICAL CARE

Sec.	
2651.	Recovery by United States.
2652.	Regulations.
2653.	Limitation or repeal of other provisions for recovery of hospital and medical care costs.

§ 2651. Recovery by United States**(a) Conditions; exceptions; persons liable; amount of recovery; subrogation; assignment**

In any case in which the United States is authorized or required by law to furnish or pay for hospital, medical, surgical, or dental care and treatment (including prostheses and medical appliances) to a person who is injured or suffers a disease, after the effective date of this Act, under circumstances creating a tort liability upon some third person (other than or in addition to the United States and except employers of seamen treated under the provisions of section 249 of this title) to pay damages therefor, the United States shall have a right to recover (independent of the rights of the injured or diseased person) from said third person, or that person's insurer, the reasonable value of the care and treatment so furnished, to be furnished, paid for, or to be paid for and shall, as to this right be subrogated to any right or claim that the injured or diseased person, his guardian, personal representative, estate, dependents, or survivors has against such third person to the extent of the reasonable value of the care and treatment so furnished, to be furnished, paid for, or to be paid for. The head of the department or agency of the United States furnishing such care or treatment may also require the injured or diseased person, his guardian, personal representative, estate, dependents, or survivors, as appropriate, to assign his claim or cause of action against the third person to the extent of that right or claim.

(b) Recovery of cost of pay for member of uniformed services unable to perform duties

If a member of the uniformed services is injured, or contracts a disease, under circumstances creating a tort liability upon a third person (other than or in addition to the United States and except employers of seamen referred to in subsection (a)) for damages for such injury or disease and the member is unable to perform the member's regular military duties as a result of the injury or disease, the United States shall have a right (independent of the rights of the member) to recover from the third person or an insurer of the third person, or both, the amount equal to the total amount of the pay that accrues and is to accrue to the member for the period for which the member is unable to perform such duties as a result of the injury or disease and is not assigned to perform other military duties.

(c) United States deemed third party beneficiary under alternative system of compensation

(1) If, pursuant to the laws of a State that are applicable in a case of a member of the uniformed services who is injured or contracts a disease as a result of tortious conduct of a third person, there is in effect for such a case (as a substitute or alternative for compensation for damages through tort liability) a system of compensation or reimbursement for expenses of hospital, medical, surgical, or dental care and treatment or for lost pay pursuant to a policy of insurance, contract, medical or hospital service agreement, or similar arrangement, the United States shall be deemed to be a third-party beneficiary of such a policy, contract, agreement, or arrangement.

(2) For the purposes of paragraph (1)—

(A) the expenses incurred or to be incurred by the United States for care and treatment for an injured or diseased member as described in subsection (a) shall be deemed to have been incurred by the member;

(B) the cost to the United States of the pay of the member as described in subsection (b) shall be deemed to have been pay lost by the member as a result of the injury or disease; and

(C) the United States shall be subrogated to any right or claim that the injured or diseased member or the member's guardian, personal representative, estate, dependents, or survivors have under a policy, contract, agreement, or arrangement referred to in paragraph (1) to the extent of the reasonable value of the care and treatment and the total amount of the pay deemed lost under subparagraph (B).

(d) Enforcement procedure; intervention; joinder of parties; State or Federal court proceedings

The United States may, to enforce a right under subsections (a), (b), and (c) (1) intervene or join in any action or proceeding brought by the injured or diseased person, his guardian, personal representative, estate, dependents, or survivors, against the third person who is liable for the injury or disease or the insurance carrier or other entity responsible for the payment or reimbursement of medical expenses or lost pay; or
