Subject to the provisions of this subchapter, the Secretary shall complete remedial action at the above listed sites before his authority terminates under this subchapter. The Secretary shall within one year of November 8, 1978, also designate all other processing sites within the United States which he determines requires remedial action to carry out the purposes of this subchapter. In making such designation, the Secretary shall consult with the Administrator, the Commission, and the affected States, and in the case of Indian lands, the appropriate Indian tribe and the Secretary of the Interior.

(2) As part of his designation under this subsection, the Secretary, in consultation with the Commission, shall determine the boundaries of each such site.

(3) No site or structure with respect to which remedial action is authorized under Public Law 92-314 in Grand Junction, Colorado, may be designated by the Secretary as a processing site under this section.

(b) Health hazard assessment; priorities for remedial action

Within one year from November 8, 1978, the Secretary shall assess the potential health hazard to the public from the residual radioactive materials at designated processing sites. Based upon such assessment, the Secretary shall, within such one year period, establish priorities for carrying out remedial action at each such site. In establishing such priorities, the Secretary shall rely primarily on the advice of the Administrator.

(c) Notification

Within thirty days after making designations of processing sites and establishing the priorities for such sites under this section, the Secretary shall notify the Governor of each affected State, and, where appropriate, the Indian tribes and the Secretary of the Interior.

(d) Finality of determinations

The designations made, and priorities established, by the Secretary under this section shall be final and not be subject to judicial review.

(e) Certain real property or improved areas

(1) The designation of processing sites within one year after November 8, 1978, under this section shall include, to the maximum extent practicable, the areas referred to in section 7911(6)(B) of this title.

(2) Notwithstanding the one year limitation contained in this section, the Secretary may, after such one year period, include any area described in section 7911(6)(B) of this title as part of a processing site designated under this section if he determines such inclusion to be appropriate to carry out the purposes of this subchapter.

(3) The Secretary shall designate as a processing site within the meaning of section 7911(6) of this title any real property, or improvements thereon, in Edgemont, South Dakota, that—

(A) is in the vicinity of the Tennessee Valley Authority uranium mill site at Edgemont (but not including such site), and

(B) is determined by the Secretary to be contaminated with residual radioactive materials.

In making the designation under this paragraph, the Secretary shall consult with the Administrator, the Commission and the State of South Dakota. The provisions of this subchapter shall apply to the site so designated in the same manner and to the same extent as to the sites designated under subsection (a) except that, in applying such provisions to such site, any reference in this subchapter to November 8, 1978, shall be treated as a reference to January 4, 1983, and in determining the State share under section 7917 of this title of the costs of remedial action, there shall be credited to the State, expenditures made by the State prior to January 4, 1983, which the Secretary determines would have been made by the State or the United States in carrying out the requirements of this subchapter.

(f) Designation of Moab Site as processing site**(1) Designation**

Notwithstanding any other provision of law, the Moab uranium milling site (referred to in this subsection as the "Moab site") located approximately three miles northwest of Moab, Utah, and identified in the Final Environmental Impact Statement issued by the Nuclear Regulatory Commission in March 1996 in conjunction with Source Materials License No. SUA-917, is designated as a processing site.

(2) Applicability

This subchapter applies to the Moab site in the same manner and to the same extent as to other processing sites designated under subsection (a), except that—

(A) sections 7913, 7914(b), 7917(a), 7922(a), and 7925(a) of this title shall not apply; and

(B) a reference in this subchapter to November 8, 1978, shall be treated as a reference to October 30, 2000.

(3) Remediation

Subject to the availability of appropriations for this purpose, the Secretary shall conduct remediation at the Moab site in a safe and environmentally sound manner that takes into consideration the remedial action plan prepared pursuant to section 3405(i) of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (10 U.S.C. 7420 note; Public Law 105-261), including—

(A) ground water restoration; and

(B) the removal, to a site in the State of Utah, for permanent disposition and any necessary stabilization, of residual radioactive material and other contaminated material from the Moab site and the floodplain of the Colorado River.

§ 7913. State cooperative agreements**(a) Authority of Secretary; prompt commencement of preparations**

After notifying a State of the designation referred to in section 7912 of this title, the Secretary subject to section 7923 of this title, is authorized to enter into cooperative agreements with such State to perform remedial actions at each designated processing site in such State (other than a site located on Indian lands referred to in section 7915 of this title). The Secretary shall, to the greatest extent practicable, enter into such agreements and carry out such remedial actions in accordance with the priorities established by him under section 7912 of this title. The Secretary shall commence preparations for cooperative agreements with respect to each designated processing site as promptly as practicable following the designation of each site.

(b) Terms and conditions; limitation of Federal assistance

Each cooperative agreement under this section shall contain such terms and conditions as the Secretary deems appropriate and consistent with the purposes of this chapter, including, but not limited to, a limitation on the use of Federal assistance to those costs which are directly required to complete the remedial action selected pursuant to section 7918 of this title.

(c) Written consent of record interest holder; waiver

(1) Except where the State is required to acquire the processing site as provided in subsection (a) of section 7914 of this title, each cooperative agreement with a State under this section shall provide that the State shall obtain,

in a form prescribed by the Secretary, written consent from any person holding any record interest in the designated processing site for the Secretary or any person designated by him to perform remedial action at such site.

(2) Such written consent shall include a waiver by each such person on behalf of himself, his heirs, successors, and assigns—

(A) releasing the United States of any liability or claim thereof by such person, his heirs, successors, and assigns concerning such remedial action, and

(B) holding the United States harmless against any claim by such person on behalf of himself, his heirs, successors, or assigns arising out of the performance of any such remedial action.

(d) Inspection entries; termination of right of entry

Each cooperative agreement under this section shall require the State to assure that the Secretary, the Commission, and the Administrator and their authorized representatives have a permanent right of entry at any time to inspect the processing site and the site provided pursuant to section 7914(b)(1) of this title in furtherance of the provisions of this subchapter and to carry out such agreement and enforce this chapter and any rules prescribed under this chapter. Such right of entry under this section or section 7916 of this title into an area described in section 7911(6)(B) of this title shall terminate on completion of the remedial action, as determined by the Secretary.

(e) Effective date

Each agreement under this section shall take effect only upon the concurrence of the Commission with the terms and conditions thereof.

(f) Reimbursement

The Secretary may, in any cooperative agreement entered into under this section or section 7915 of this title, provide for reimbursement of the actual costs, as determined by the Secretary, of any remedial action performed with respect to so much of a designated processing site as is described in section 7911(6)(B) of this title. Such reimbursement shall be made only to a property owner of record at the time such remedial action was undertaken and only with respect to costs incurred by such property owner. No such reimbursement may be made unless—

(1) such remedial action was completed prior to November 8, 1978, and unless the application for such reimbursement was filed by such owner within one year after an agreement under this section or section 7915 of this title is approved by the Secretary and the Commission, and

(2) the Secretary is satisfied that such action adequately achieves the purposes of this chapter with respect to the site concerned and is consistent with the standards established by the Administrator pursuant to section 2022(a) of this title.
