

of this title and other energy management goals.

(b) Implementation

(1) The Secretary shall transmit to the Committee on Energy and Natural Resources and the Committee on Governmental Affairs of the Senate and the Committee on Energy and Commerce, the Committee on Government Operations, and the Committee on Public Works and Transportation of the House of Representatives, within 180 days after October 24, 1992, a plan for implementing this section.

(2) The Secretary shall designate buildings to be surveyed in the project so as to obtain a sample of the buildings of the types and in the climates that is representative of buildings owned or leased by Federal agencies in the United States that consume the major portion of the energy consumed in Federal buildings. Such sample shall include, where appropriate, the following types of Federal facility space:

- (A) Housing.
- (B) Storage.
- (C) Office.
- (D) Services.
- (E) Schools.
- (F) Research and Development.
- (G) Industrial.
- (H) Prisons.
- (I) Hospitals.

(3) For purposes of this section, an improvement shall be considered cost effective if the cost of the energy saved or displaced by the improvement exceeds the cost of the improvement over the remaining life of a Federal building or the remaining term of a lease of a building leased by the Federal Government as determined by the life cycle costing methodology developed under section 8254 of this title.

(c) Personnel

(1) In carrying out this section, the Secretary shall utilize personnel who are—

- (A) employees of the Department of Energy; or
- (B) selected by the agencies utilizing the buildings which are being surveyed under this section.

(2) Such personnel shall be detailed for the purpose of carrying out this section without any reduction of salary or benefits.

(d) Report

As soon as practicable after the completion of the project carried out under this section, the Secretary shall transmit a report of the findings and conclusions of the project to the Committee on Energy and Natural Resources and the Committee on Governmental Affairs of the Senate, the Committee on Energy and Commerce, the Committee on Government Operations, and the Committee on Public Works and Transportation of the House of Representatives, and the agencies who own the buildings involved in such project. Such report shall include an analysis of the probability of each agency achieving each of the energy reduction goals established under section 8253(a) of this title.

(Pub. L. 95-619, title V, § 550, as added Pub. L. 102-486, title I, § 152(h)(2), Oct. 24, 1992, 106 Stat.

2850; amended Pub. L. 109-58, title I, § 102(h), Aug. 8, 2005, 119 Stat. 608.)

PRIOR PROVISIONS

A prior section 550 of Pub. L. 95-619 was classified to section 8260 of this title prior to the general amendment of this part by Pub. L. 100-615.

AMENDMENTS

2005—Subsec. (d). Pub. L. 109-58 substituted “each of the energy reduction goals” for “the 20 percent reduction goal”.

CHANGE OF NAME

Committee on Governmental Affairs of Senate changed to Committee on Homeland Security and Governmental Affairs of Senate, effective Jan. 4, 2005, by Senate Resolution No. 445, One Hundred Eighth Congress, Oct. 9, 2004.

Committee on Energy and Commerce of House of Representatives treated as referring to Committee on Commerce of House of Representatives by section 1(a) of Pub. L. 104-14, set out as a note preceding section 21 of Title 2, The Congress. Committee on Commerce of House of Representatives changed to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

Committee on Government Operations of House of Representatives treated as referring to Committee on Government Reform and Oversight of House of Representatives by section 1(a) of Pub. L. 104-14, set out as a note preceding section 21 of Title 2. Committee on Government Reform and Oversight of House of Representatives changed to Committee on Government Reform of House of Representatives by House Resolution No. 5, One Hundred Sixth Congress, Jan. 6, 1999. Committee on Government Reform of House of Representatives changed to Committee on Oversight and Government Reform of House of Representatives by House Resolution No. 6, One Hundred Tenth Congress, Jan. 5, 2007.

Committee on Public Works and Transportation of House of Representatives treated as referring to Committee on Transportation and Infrastructure of House of Representatives by section 1(a) of Pub. L. 104-14, set out as a note preceding section 21 of Title 2.

§ 8259. Definitions

For the purposes of this part—

(1) the term “agency” has the meaning given it in section 551(1) of title 5;

(2) the term “construction” means new construction or substantial rehabilitation of existing structures;

(3) the term “cogeneration facilities” has the same meaning given such term in section 796(18)(A) of title 16;

(4) the term “energy conservation measures” means measures that are applied to a Federal building that improve energy efficiency and are life cycle cost effective and that involve energy conservation, cogeneration facilities, renewable energy sources, improvements in operations and maintenance efficiencies, or retrofit activities;

(5) the term “energy survey” means a procedure used to determine energy and cost savings likely to result from the use of appropriate energy related maintenance and operating procedures and modifications, including the purchase and installation of particular en-

ergy-related equipment and the use of renewable energy sources;

(6) the term “Federal building” means any building, structure, or facility, or part thereof, including the associated energy consuming support systems, which is constructed, renovated, leased, or purchased in whole or in part for use by the Federal Government and which consumes energy; such term also means a collection of such buildings, structures, or facilities and the energy consuming support systems for such collection;

(7) the term “life cycle cost” means the total costs of owning, operating, and maintaining a building over its useful life (including such costs as fuel, energy, labor, and replacement components) determined on the basis of a systematic evaluation and comparison of alternative building systems, except that in the case of leased buildings, the life cycle costs shall be calculated over the effective remaining term of the lease;

(8) the term “renewable energy sources” includes, but is not limited to, sources such as agriculture and urban waste, geothermal energy, solar energy, and wind energy; and

(9) the term “Secretary” means the Secretary of Energy.

(Pub. L. 95-619, title V, § 551, formerly § 549, Nov. 9, 1978, 92 Stat. 3280; Pub. L. 100-615, § 2(a), Nov. 5, 1988, 102 Stat. 3188; renumbered § 551, Pub. L. 102-486, title I, § 152(h)(1), Oct. 24, 1992, 106 Stat. 2848; amended Pub. L. 105-388, § 5(c)(5), Nov. 13, 1998, 112 Stat. 3479.)

PRIOR PROVISIONS

A prior section 551 of Pub. L. 95-619 was classified to section 8261 of this title prior to the general amendment of this part by Pub. L. 100-615.

AMENDMENTS

1998—Par. (8). Pub. L. 105-388 substituted “geothermal” for “goothermal”.

1988—Pub. L. 100-615 amended section generally, substituting provisions relating to definitions for Federal energy management for former provision relating to budget treatment of energy conserving improvements by Federal agencies.

§ 8259a. Energy and water savings measures in congressional buildings

(a) In general

The Architect of the Capitol—

(1) shall develop, update, and implement a cost-effective energy conservation and management plan (referred to in this section as the “plan”) for all facilities administered by Congress (referred to in this section as “congressional buildings”) to meet the energy performance requirements for Federal buildings established under section 8253(a)(1) of this title; and

(2) shall submit the plan to Congress, not later than 180 days after August 8, 2005.

(b) Plan requirements

The plan shall include—

(1) a description of the life cycle cost analysis used to determine the cost-effectiveness of proposed energy efficiency projects;

(2) a schedule of energy surveys to ensure complete surveys of all congressional build-

ings every 5 years to determine the cost and payback period of energy and water conservation measures;

(3) a strategy for installation of life cycle cost-effective energy and water conservation measures;

(4) the results of a study of the costs and benefits of installation of submetering in congressional buildings; and

(5) information packages and “how-to” guides for each Member and employing authority of Congress that detail simple, cost-effective methods to save energy and taxpayer dollars in the workplace.

(c) Annual report

The Architect of the Capitol shall submit to Congress annually a report on congressional energy management and conservation programs required under this section that describes in detail—

(1) energy expenditures and savings estimates for each facility;

(2) energy management and conservation projects; and

(3) future priorities to ensure compliance with this section.

(Pub. L. 95-619, title V, § 552, as added Pub. L. 109-58, title I, § 101(a), Aug. 8, 2005, 119 Stat. 605.)

§ 8259b. Federal procurement of energy efficient products

(a) Definitions

In this section:

(1) Agency

The term “agency” has the meaning given that term in section 7902(a) of title 5.

(2) Energy Star product

The term “Energy Star product” means a product that is rated for energy efficiency under an Energy Star program.

(3) Energy Star program

The term “Energy Star program” means the program established by section 6294a of this title.

(4) FEMP designated product

The term “FEMP designated product” means a product that is designated under the Federal Energy Management Program of the Department of Energy as being among the highest 25 percent of equivalent products for energy efficiency.

(5) Product

The term “product” does not include any energy consuming product or system designed or procured for combat or combat-related missions.

(b) Procurement of energy efficient products

(1) Requirement

To meet the requirements of an agency for an energy consuming product in a product category covered by the Energy Star program or the Federal Energy Management Program for designated products, the head of the agency shall, except as provided in paragraph (2), procure—
