the Secretary of the Interior may, notwithstanding any other provision of law, accept relinquishment of so much of such claims as involved lands within the right-of-way through execution of an agreement with the appropriate Village Corporation effective on or after the date of transfer. Upon such relinquishment, the interest of the United States in the right-of-way shall be conveyed to the State pursuant to section 1203(b)(1)(B) or (2) of this title.

(ii) With respect to a claim described in clause (i) of this subparagraph that is not settled or relinquished prior to final administrative adjudication, the Congress finds that exclusive control over the right-of-way by the Alaska Railroad has been and continues to be necessary to afford sufficient protection for safe and economic operation of the railroad. Upon failure of the interested Village Corporation to relinquish so much of its claims as involve lands within the right-of-way prior to final adjudication of valid existing rights, the Secretary shall convey to the State pursuant to section 1203(b)(1)(B) or (2) of this title all right, title and interest of the United States in and to the right-of-way free and clear of such Village Corporation's claim to and interest in lands within such right-of-way.

(B) Where lands within the right-of-way, or any interest in such lands, have been conveyed from Federal ownership prior to January 14, 1983, or is subject to a claim of valid existing rights by a party other than a Village Corporation, the conveyance to the State of the Federal interest in such properties pursuant to section 1203(b)(1)(B) or (2) of this title shall grant not less than an exclusive-use easement in such properties. The foregoing requirements shall not be construed to permit the conveyance to the State of less than the entire Federal interest in the rail properties of the Alaska Railroad required to be conveyed by section 1203(b) of this title. If an action is commenced against the State or the United States contesting the validity or existence of a reservation of right-of-way for the use or benefit of the Alaska Railroad made prior to January 14, 1983, the Secretary of the Interior, through the Attorney General, shall appear in and defend such action.

(c) Judicial review; remedies available; standing of State

(1) The final administrative adjudication pursuant to subsection (b) of this section shall be final agency action and subject to judicial review only by an action brought in the United States District Court for the District of Alaska.

(2) No administrative or judicial action under this chapter shall enjoin or otherwise delay the transfer of the Alaska Railroad pursuant to this chapter, or substantially impair or impede the operations of the Alaska Railroad or the Stateowned railroad.

(3) Before the date of transfer, the State shall have standing to participate in any administrative determination or judicial review pursuant to this chapter. If transfer to the State does not occur pursuant to section 1203 of this title, the State shall not thereafter have standing to participate in any such determination or review.

(d) Omitted

(e) Liability of State for damage to land while used under license

The State shall be liable to a party receiving a conveyance of land among the rail properties of the Alaska Railroad subject to the license granted pursuant to section 1203(b)(1)(C) of this title for damage resulting from use by the State of the land under such license in a manner not authorized by such license.

§1206. Employees of Alaska Railroad

(a) Coverage under Federal civil service retirement laws; election, funding, nature of benefits, etc., for employees transferring to Stateowned railroad; voluntary separation incentives

(1) Any employees who elect to transfer to the State-owned railroad and who on the day before the date of transfer are subject to the civil service retirement law (subchapter III of chapter 83 of title 5) shall, so long as continually employed by the State-owned railroad without a break in service, continue to be subject to such law, except that the State-owned railroad shall have the option of providing benefits in accordance with the provisions of paragraph (2) of this subsection. Employment by the State-owned railroad without a break in continuity of service shall be considered to be employment by the United States Government for purposes of subchapter III of chapter 83 of title 5. The Stateowned railroad shall be the employing agency for purposes of section 8334(a) of title 5 and shall contribute to the Civil Service Retirement and Disability Fund a sum as provided by such section, except that such sum shall be determined by applying to the total basic pay (as defined in section 8331(3) of title 5) paid to the employees of the State-owned railroad who are covered by the civil service retirement law, the per centum rate determined annually by the Director of the Office of Personnel Management to be the excess of the total normal cost per centum rate of the civil service retirement system over the employee deduction rate specified in section 8334(a) of title 5. The State-owned railroad shall pay into the Federal Civil Service Retirement and Disability Fund that portion of the cost of administration of such Fund which is demonstrated by the Director of the Office of Personnel Management to be attributable to its employees.

(2) At any time during the two-year period commencing on the date of transfer, the Stateowned railroad shall have the option of providing to transferred employees retirement benefits, reflecting prior Federal service, in or substantially equivalent to benefits under the retirement program maintained by the State for State employees. If the State decides to provide benefits under this paragraph, the State shall provide such benefits to all transferred employees, except those employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5 within five years after the date of transfer and who elect to remain participants in the Federal retirement program.

(3) If the State provides benefits under paragraph (2) of this subsection—

(A) the provisions of paragraph (1) of this subsection regarding payments into the Civil Service Retirement and Disability Fund for those employees who are transferred to the State program shall have no further force and effect (other than for employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5 within five years after the date of transfer and who elect to remain participants in the Federal retirement program); and

(B) all of the accrued employee and employer contributions and accrued interest on such contributions made by and on behalf of the transferred employees during their prior Federal service (other than amounts for employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5 within five years after the date of transfer and who elect to remain participants in the Federal retirement program) shall be withdrawn from the Federal Civil Service Retirement and Disability Fund and shall be paid into the retirement fund utilized by the State-owned railroad for the transferred employees, in accordance with the provisions of paragraph (2) of this subsection. Upon such payment, credit for prior Federal service under the Federal civil service retirement system shall be forever barred, notwithstanding the provisions of section 8334 of title 5.

(4)(A) The State-owned railroad shall be included in the definition of "agency" for purposes of section 3(a), (b), (c), and (e) of the Federal Workforce Restructuring Act of 1994 and may elect to participate in the voluntary separation incentive program established under such Act. Any employee of the State-owned railroad who meets the qualifications as described under the first sentence of paragraph (1) shall be deemed an employee under such Act.

(B) An employee who has received a voluntary separation incentive payment under this paragraph and accepts employment with the Stateowned railroad within 5 years after the date of separation on which payment of the incentive is based shall be required to repay the entire amount of the incentive payment unless the head of the State-owned railroad determines that the individual involved possesses unique abilities and is the only qualified applicant available for the position.

(b) Coverage for employees not transferring to State-owned railroad

Employees of the Alaska Railroad who do not transfer to the State-owned railroad shall be entitled to all of the rights and benefits available to them under Federal law for discontinued employees.

(c) Rights and benefits of transferred employees whose employment with State-owned railroad is terminated

Transferred employees whose employment with the State-owned railroad is terminated during the two-year period commencing on the date of transfer shall be entitled to all of the rights and benefits of discontinued employees that such employees would have had under Federal law if their termination had occurred immediately before the date of the transfer, except that financial compensation paid to officers of the Alaska Railroad shall be limited to that compensation provided pursuant to section 1203(d)(3)(E) of this title. Such employees shall also be entitled to seniority and other benefits accrued under Federal law while they were employed by the State-owned railroad on the same basis as if such employment had been Federal service.

(d) Lump-sum payment for unused annual leave for employees transferring to State-owned railroad

Any employee who transfers to the Stateowned railroad under this chapter shall not be entitled to lump-sum payment for unused annual leave under section 5551 of title 5, but shall be credited by the State with the unused annual leave balance at the time of transfer.

(e) Continued coverage for certain employees and annuitants in Federal health benefits plans and life insurance plans

(1) Any person described under the provisions of paragraph (2) may elect life insurance coverage under chapter 87 of title 5 and enroll in a health benefits plan under chapter 89 of title 5 in accordance with the provisions of this subsection.

(2) The provisions of paragraph (1) shall apply to any person who—

(A) on March 30, 1994, is an employee of the State-owned railroad;

(B) has 20 years or more of service (in the civil service as a Federal employee or as an employee of the State-owned railroad, combined) on the date of retirement from the State-owned railroad; and

(C)(i) was covered under a life insurance policy pursuant to chapter 87 of title 5 on January 4, 1985, for the purpose of electing life insurance coverage under the provisions of paragraph (1); or

(ii) was enrolled in a health benefits plan pursuant to chapter 89 of title 5 on January 4, 1985, for the purpose of enrolling in a health benefits plan under the provisions of paragraph (1).

(3) For purposes of this section, any person described under the provisions of paragraph (2) shall be deemed to have been covered under a life insurance policy under chapter 87 of title 5 and to have been enrolled in a health benefits plan under chapter 89 of title 5 during the period beginning on January 5, 1985, through the date of retirement of any such person.

(4) The provisions of paragraph (1) shall not apply to any person described under paragraph (2) until the date such person retires from the State-owned railroad.

§1207. State operation

(a) Laws, authorities, etc., applicable to Stateowned railroad with status as rail carrier engaged in interstate and foreign commerce

(1) After the date of transfer to the State pursuant to section 1203 of this title, the Stateowned railroad shall be a rail carrier engaged in interstate and foreign commerce subject to part A of subtitle IV of title 49 and all other Acts applicable to rail carriers subject to that chapter,¹ including the antitrust laws of the United States, except, so long as it is an instrumentality of the State of Alaska, the Railroad Retirement Act of 1974 (45 U.S.C. 231 et seq.), the Railroad Retirement Tax Act (26 U.S.C. 3201 et seq.), the Railway Labor Act (45 U.S.C. 151 et seq.), the Act of April 22, 1908 (45 U.S.C. 51 et seq.) (popularly referred to as the "Federal Employers' Liability Act"), and the Railroad Unemployment Insurance Act (45 U.S.C. 351 et seq.). Nothing in this chapter shall preclude the State from explicitly invoking by law any exemption from the antitrust laws as may otherwise be available.

(2) The transfer to the State authorized by section 1203 of this title and the conferral of jurisdiction to the Interstate Commerce Commission pursuant to paragraph (1) of this subsection are intended to confer upon the State-owned railroad all business opportunities available to comparable railroads, including contract rate agreements meeting the requirements of section 10713^2 of title 49, notwithstanding any participation in such agreements by connecting water carriers.

(3) All memoranda which sanction noncompliance with Federal railroad safety regulations contained in 49 CFR Parts 209–236, and which are in effect on the date of transfer, shall continue in effect according to their terms as "waivers of compliance" (as that term is used in section 20103(d) of title 49).

(4) The operation of trains by the State-owned railroad shall not be subject to the requirement of any State or local law which specifies the minimum number of crew members which must be employed in connection with the operation of such trains.

(6)(A) After the date of transfer, continued operation of the Alaska Railroad by a public corporation, authority or other agency of the State shall be deemed to be an exercise of an essential governmental function, and revenue derived from such operation shall be deemed to accrue to the State for the purposes of section 115(a)(1)of title 26. Obligations issued by such entity shall also be deemed obligations of the State for the purposes of section $103(a)(1)^2$ of title 26, but not obligations within the meaning of section $103(b)(2)^2$ of title 26.
