SCHEDULE OF CHARGES

Section 5002(f) of Pub. L. 99-272 established the Schedule of Charges which the Federal Communications Commission is required to prescribe pursuant to subsec. (a) of this section. See subsec. (g) of this section as added by Pub. L. 101-239.

§ 159. Regulatory fees

(a) General authority

(1) Recovery of costs

The Commission, in accordance with this section, shall assess and collect regulatory fees to recover the costs of the following regulatory activities of the Commission: enforcement activities, policy and rulemaking activities, user information services, and international activities.

(2) Fees contingent on appropriations

The fees described in paragraph (1) of this subsection shall be collected only if, and only in the total amounts, required in Appropriations Acts.

(b) Establishment and adjustment of regulatory fees

(1) In general

The fees assessed under subsection (a) shall—

(A) be derived by determining the full-time equivalent number of employees performing the activities described in subsection (a) within the Private Radio Bureau, Mass Media Bureau, Common Carrier Bureau, and other offices of the Commission, adjusted to take into account factors that are reason-

ably related to the benefits provided to the payor of the fee by the Commission's activities, including such factors as service area coverage, shared use versus exclusive use, and other factors that the Commission determines are necessary in the public interest;

(B) be established at amounts that will result in collection, during each fiscal year, of an amount that can reasonably be expected to equal the amount appropriated for such fiscal year for the performance of the activities described in subsection (a); and

(C) until adjusted or amended by the Commission pursuant to paragraph (2) or (3), be the fees established by the Schedule of Regulatory Fees in subsection (g).

(2) Mandatory adjustment of schedule

For any fiscal year after fiscal year 1994, the Commission shall, by rule, revise the Schedule of Regulatory Fees by proportionate increases or decreases to reflect, in accordance with paragraph (1)(B), changes in the amount appropriated for the performance of the activities described in subsection (a) for such fiscal year. Such proportionate increases or decreases shall—

(A) be adjusted to reflect, within the overall amounts described in appropriations Acts under the authority of paragraph (1)(A), unexpected increases or decreases in the number of licensees or units subject to payment of such fees; and

(B) be established at amounts that will result in collection of an aggregate amount of fees pursuant to this section that can reasonably be expected to equal the aggregate amount of fees that are required to be collected by appropriations Acts pursuant to paragraph (1)(B).

Increases or decreases in fees made by adjustments pursuant to this paragraph shall not be subject to judicial review. In making adjustments pursuant to this paragraph the Commission may round such fees to the nearest \$5 in the case of fees under \$1,000, or to the nearest \$25 in the case of fees of \$1,000 or more.

(3) Permitted amendments

In addition to the adjustments required by paragraph (2), the Commission shall, by regulation, amend the Schedule of Regulatory Fees if the Commission determines that the Schedule requires amendment to comply with the requirements of paragraph (1)(A). In making such amendments, the Commission shall add, delete, or reclassify services in the Schedule to reflect additions, deletions, or changes in the nature of its services as a consequence of Commission rulemaking proceedings or changes in law. Increases or decreases in fees made by amendments pursuant to this paragraph shall not be subject to judicial review.

(4) Notice to Congress

The Commission shall—

(A) transmit to the Congress notification of any adjustment made pursuant to paragraph (2) immediately upon the adoption of such adjustment; and

(B) transmit to the Congress notification of any amendment made pursuant to para-

graph (3) not later than 90 days before the effective date of such amendment.

(c) Enforcement

(1) Penalties for late payment

The Commission shall prescribe by regulation an additional charge which shall be assessed as a penalty for late payment of fees required by subsection (a) of this section. Such penalty shall be 25 percent of the amount of the fee which was not paid in a timely manner.

(2) Dismissal of applications for filings

The Commission may dismiss any application or other filing for failure to pay in a timely manner any fee or penalty under this section.

(3) Revocations

In addition to or in lieu of the penalties and dismissals authorized by paragraphs (1) and (2), the Commission may revoke any instrument of authorization held by any entity that has failed to make payment of a regulatory fee assessed pursuant to this section. Such revocation action may be taken by the Commission after notice of the Commission's intent to take such action is sent to the licensee by registered mail, return receipt requested, at the licensee's last known address. The notice will provide the licensee at least 30 days to either pay the fee or show cause why the fee does not apply to the licensee or should otherwise be waived or payment deferred. A hearing is not required under this subsection unless the licensee's response presents a substantial and material question of fact. In any case where a hearing is conducted pursuant to this section, the hearing shall be based on written evidence only, and the burden of proceeding with the introduction of evidence and the burden of proof shall be on the licensee. Unless the licensee substantially prevails in the hearing, the Commission may assess the licensee for the costs of such hearing. Any Commission order adopted pursuant to this subsection shall determine the amount due, if any, and provide the licensee with at least 30 days to pay that amount or have its authorization revoked. No order of revocation under this subsection shall become final until the licensee has exhausted its right to judicial review of such order under section 402(b)(5) of this title.

(d) Waiver, reduction, and deferment

The Commission may waive, reduce, or defer payment of a fee in any specific instance for good cause shown, where such action would promote the public interest.

(e) Deposit of collections

Moneys received from fees established under this section shall be deposited as an offsetting collection in, and credited to, the account providing appropriations to carry out the functions of the Commission.

(f) Regulations

(1) In general

The Commission shall prescribe appropriate rules and regulations to carry out the provisions of this section.

(2) Installment payments

Such rules and regulations shall permit payment by installments in the case of fees in large amounts, and in the case of fees in small amounts, shall require the payment of the fee in advance for a number of years not to exceed the term of the license held by the payor.

(g) Schedule

§ 160. Competition in provision of telecommunications service

(a) Regulatory flexibility

Notwithstanding section 332(c)(1)(A) of this title, the Commission shall forbear from applying any regulation or any provision of this chapter to a telecommunications carrier or telecommunications service, or class of telecommunications carriers or telecommunications services, in any or some of its or their geographic markets, if the Commission determines that—

(1) enforcement of such regulation or provision is not necessary to ensure that the charges, practices, classifications, or regulations by, for, or in connection with that telecommunications carrier or telecommunications service are just and reasonable and are not unjustly or unreasonably discriminatory;

(2) enforcement of such regulation or provision is not necessary for the protection of consumers; and

(3) forbearance from applying such provision or regulation is consistent with the public interest.

(b) Competitive effect to be weighed

In making the determination under subsection (a)(3), the Commission shall consider whether forbearance from enforcing the provision or regulation will promote competitive market conditions, including the extent to which such forbearance will enhance competition among providers of telecommunications services. If the Commission determines that such forbearance will promote competition among providers of telecommunications services, that determination may be the basis for a Commission finding that forbearance is in the public interest.

(c) Petition for forbearance

Any telecommunications carrier, or class of telecommunications carriers, may submit a petition to the Commission requesting that the Commission exercise the authority granted under this section with respect to that carrier or those carriers, or any service offered by that carrier or carriers. Any such petition shall be deemed granted if the Commission does not deny the petition for failure to meet the requirements for forbearance under subsection (a) within one year after the Commission receives it, unless the one-year period is extended by the Commission. The Commission may extend the initial one-year period by an additional 90 days if the Commission finds that an extension is necessary to meet the requirements of subsection (a). The Commission may grant or deny a petition in whole or in part and shall explain its decision in writing.

(d) Limitation

Except as provided in section 251(f) of this title, the Commission may not forbear from applying the requirements of section 251(c) or 271 of this title under subsection (a) of this section until it determines that those requirements have been fully implemented.

(e) State enforcement after Commission forbearance

A State commission may not continue to apply or enforce any provision of this chapter

that the Commission has determined to forbear from applying under subsection (a).

(1) shall review all regulations issued under this chapter in effect at the time of the review that apply to the operations or activities of any provider of telecommunications service; and
