SUBCHAPTER I—GENERAL AUTHORITY**§ 10701. Standards for rates, classifications, through routes, rules, and practices**

(a) A through route established by a rail carrier must be reasonable. Divisions of joint rates by rail carriers must be made without unreasonable discrimination against a participating carrier and must be reasonable.

(b) A rail carrier providing transportation subject to the jurisdiction of the Board under this part may not discriminate in its rates against a connecting line of another rail carrier providing transportation subject to the jurisdiction of the Board under this part or unreasonably discriminate against that line in the distribution of traffic that is not routed specifically by the shipper.

(c) Except as provided in subsection (d) of this section and unless a rate is prohibited by a provision of this part, a rail carrier providing transportation subject to the jurisdiction of the Board under this part may establish any rate for transportation or other service provided by the rail carrier.

(d)(1) If the Board determines, under section 10707 of this title, that a rail carrier has market dominance over the transportation to which a particular rate applies, the rate established by such carrier for such transportation must be reasonable.

(2) In determining whether a rate established by a rail carrier is reasonable for purposes of this section, the Board shall give due consideration to—

(A) the amount of traffic which is transported at revenues which do not contribute to going concern value and the efforts made to minimize such traffic;

(B) the amount of traffic which contributes only marginally to fixed costs and the extent to which, if any, rates on such traffic can be changed to maximize the revenues from such traffic; and

(C) the carrier's mix of rail traffic to determine whether one commodity is paying an unreasonable share of the carrier's overall revenues,

recognizing the policy of this part that rail carriers shall earn adequate revenues, as established by the Board under section 10704(a)(2) of this title.

(3) The Board shall maintain 1 or more simplified and expedited methods for determining the reasonableness of challenged rates in those cases in which a full stand-alone cost presentation is too costly, given the value of the case.

§ 10704. Authority and criteria: rates, classifications, rules, and practices prescribed by Board

(a)(1) When the Board, after a full hearing, decides that a rate charged or collected by a rail carrier for transportation subject to the jurisdiction of the Board under this part, or that a classification, rule, or practice of that carrier, does or will violate this part, the Board may prescribe the maximum rate, classification, rule, or practice to be followed. The Board may order the carrier to stop the violation. When a rate, classification, rule, or practice is prescribed under this subsection, the affected carrier may not publish, charge, or collect a different rate and shall adopt the classification and observe the rule or practice prescribed by the Board.

(2) The Board shall maintain and revise as necessary standards and procedures for establishing revenue levels for rail carriers providing transportation subject to its jurisdiction under this part that are adequate, under honest, economical, and efficient management, for the infrastructure and investment needed to meet the present and future demand for rail services and to cover total operating expenses, including depreciation and obsolescence, plus a reasonable and economic profit or return (or both) on capital employed in the business. The Board shall

make an adequate and continuing effort to assist those carriers in attaining revenue levels prescribed under this paragraph. Revenue levels established under this paragraph should—

(A) provide a flow of net income plus depreciation adequate to support prudent capital outlays, assure the repayment of a reasonable level of debt, permit the raising of needed equity capital, and cover the effects of inflation; and

(B) attract and retain capital in amounts adequate to provide a sound transportation system in the United States.

(3) On the basis of the standards and procedures described in paragraph (2), the Board shall annually determine which rail carriers are earning adequate revenues.

(b) The Board may begin a proceeding under this section only on complaint. A complaint under subsection (a) of this section must be made under section 11701 of this title, but the proceeding may also be in extension of a complaint pending before the Board.

(c) In a proceeding to challenge the reasonableness of a rate, the Board shall make its determination as to the reasonableness of the challenged rate—

(1) within 9 months after the close of the administrative record if the determination is based upon a stand-alone cost presentation; or

(2) within 6 months after the close of the administrative record if the determination is based upon the methodology adopted by the Board pursuant to section 10701(d)(3).

(d)(1) The Board shall maintain procedures to ensure the expeditious handling of challenges to the reasonableness of railroad rates. The procedures shall include appropriate measures for avoiding delay in the discovery and evidentiary phases of such proceedings and exemption or revocation proceedings, including appropriate sanctions for such delay, and for ensuring prompt disposition of motions and interlocutory administrative appeals.

(2)(A) Except as provided under subparagraph (B), in a stand-alone cost rate challenge, the Board shall comply with the following timeline:

(i) Discovery shall be completed not later than 150 days after the date on which the challenge is initiated.

(ii) The development of the evidentiary record shall be completed not later than 155 days after the date on which discovery is completed under clause (i).

(iii) The closing brief shall be submitted not later than 60 days after the date on which the development of the evidentiary record is completed under clause (ii).

(iv) A final Board decision shall be issued not later than 180 days after the date on which the evidentiary record is completed under clause (ii).

(B) The Board may extend a timeline under subparagraph (A) after a request from any party or in the interest of due process.
