§ 321i. Use of commercially available technology, goods, and services

It is the sense of Congress that—

(1) the Secretary should, to the maximum extent possible, use off-the-shelf commercially developed technologies to ensure that the Department's information technology systems allow the Department to collect, manage, share, analyze, and disseminate information securely over multiple channels of communication; and

(2) in order to further the policy of the United States to avoid competing commercially with the private sector, the Secretary should rely on commercial sources to supply the goods and services needed by the Department.

§ 321j. Procurement of security countermeasures for Strategic National Stockpile

(a) Authorization of appropriations

For the procurement of security countermeasures under section 247d–6b(c) of title 42 (referred to in this section as the “security countermeasures program”), there is authorized to be appropriated up to \$5,593,000,000 for the fiscal years 2004 through 2013. Of the amounts appropriated under the preceding sentence, not to exceed \$3,418,000,000 may be obligated during the fiscal years 2004 through 2008, of which not to exceed \$890,000,000 may be obligated during fiscal year 2004. None of the funds made available under this subsection shall be used to procure countermeasures to diagnose, mitigate, prevent, or treat harm resulting from any naturally oc-

curing infectious disease or other public health threat that are not security countermeasures under section 247d–6b(c)(1)(B) of title 42.¹

(b) Special reserve fund

For purposes of the security countermeasures program, the term “special reserve fund” means the “Biodefense Countermeasures” appropriations account or any other appropriation made under subsection (a).

(c) Availability

Amounts appropriated under subsection (a) become available for a procurement under the security countermeasures program only upon the approval by the President of such availability for the procurement in accordance with paragraph (6)(B) of such program.

(d) Related authorizations of appropriations

(1) Threat assessment capabilities

For the purpose of carrying out the responsibilities of the Secretary for terror threat assessment under the security countermeasures program, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2004 through 2006, for the hiring of professional personnel within the Office of Intelligence and Analysis, who shall be analysts responsible for chemical, biological, radiological, and nuclear threat assessment (including but not limited to analysis of chemical, biological, radiological, and nuclear agents, the means by which such agents could be weaponized or used in a terrorist attack, and the capabilities, plans, and intentions of terrorists and other non-state actors who may have or acquire such agents). All such analysts shall meet the applicable standards and qualifications for the performance of intelligence activities promulgated by the Director of Central Intelligence pursuant to section 403–4¹ of title 50.

(2) Intelligence sharing infrastructure

For the purpose of carrying out the acquisition and deployment of secure facilities (including information technology and physical infrastructure, whether mobile and temporary, or permanent) sufficient to permit the Secretary to receive, not later than 180 days after July 21, 2004, all classified information and products to which the Under Secretary for Intelligence and Analysis is entitled under part A of subchapter II, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2004 through 2006.
