§ 1401a. Adjustment of retired pay and retainer pay to reflect changes in Consumer Price Index

(a) PROHIBITION ON RECOMPUTATION TO REFLECT INCREASES IN BASIC PAY.—Unless other-

wise specifically provided by law, the retired pay of a member or former member of an armed force may not be recomputed to reflect any increase in the rates of basic pay for members of the armed forces.

(b) COST-OF-LIVING ADJUSTMENTS BASED ON CPI INCREASES.—

(1) INCREASE REQUIRED.—Effective on December 1 of each year, the Secretary of Defense shall increase the retired pay of members and former members entitled to that pay in accordance with paragraphs (2) and (3).

(2) PERCENTAGE INCREASE.—Except as otherwise provided in this subsection, the Secretary shall increase the retired pay of each member and former member by the percent (adjusted to the nearest one-tenth of 1 percent) by which—

(A) the price index for the base quarter of that year, exceeds

(B) the base index.

(3) REDUCED PERCENTAGE FOR CERTAIN POST-AUGUST 1, 1986 MEMBERS.—If the percent determined under paragraph (2) is greater than 1 percent, the Secretary shall increase the retired pay of each member and former member who first became a member on or after August 1, 1986, and has elected to receive a bonus under section 322 (as in effect before the enactment of the National Defense Authorization Act for Fiscal Year 2008) or section 354 of title 37, by the difference between—

(A) the percent determined under paragraph (2); and

(B) 1 percent.

(4) SPECIAL RULE FOR PARAGRAPH (3).—If in any case in which an increase in retired pay that would otherwise be made under paragraph (3) is not made by reason of law (other than any provision of this section), then (unless otherwise provided by law) when the next increase in retired pay is made under this subsection, the increase under paragraph (3) shall be carried out so as to achieve the same net increase in retired pay under that paragraph that would have been the case if that law had not been enacted.

(5) ADJUSTMENTS FOR PARTICIPANTS IN MODERNIZED RETIREMENT SYSTEM.—Notwithstanding paragraph (3), if a member or former member participates in the modernized retirement system by reason of section 1409(b)(4) of this title (including pursuant to an election under subparagraph (B) of that section), the Secretary shall increase the retired pay of such member in accordance with paragraph (2).

(6) REGULATIONS.—Any increase in retired pay under this subsection shall be made in accordance with regulations prescribed by the Secretary of Defense.

(c) FIRST COLA ADJUSTMENT FOR MEMBERS WITH RETIRED PAY COMPUTED USING FINAL BASIC PAY.—

(1) FIRST ADJUSTMENT WITH INTERVENING INCREASE IN BASIC PAY.—Notwithstanding subsection (b) but subject to subsection (f)(3), if a person described in paragraph (3) becomes entitled to retired pay based on rates of monthly basic pay that became effective after the last day of the calendar quarter of the base index,

the retired pay of the member or former member shall be increased on the effective date of the next adjustment of retired pay under subsection (b) only by the percent (adjusted to the nearest one-tenth of 1 percent) by which—

(A) the price index for the base quarter of that year, exceeds

(B) the price index for the calendar quarter immediately before the calendar quarter in which the rates of monthly basic pay on which the retired pay is based became effective.

(2) **FIRST ADJUSTMENT WITH NO INTERVENING INCREASE IN BASIC PAY.**—If a person described in paragraph (3) becomes entitled to retired pay on or after the effective date of an adjustment in retired pay under subsection (b) but before the effective date of the next increase in the rates of monthly basic pay, the retired pay of the member or former member shall be increased (subject to subsection (f)(3) as applied to other members whose retired pay is computed on the current rates of basic pay in the most recent adjustment under this section), effective on the date the member becomes entitled to that pay, by the percent (adjusted to the nearest one-tenth of 1 percent) by which—

(A) the base index, exceeds

(B) the price index for the calendar quarter immediately before the calendar quarter in which the rates of monthly basic pay on which the retired pay is based became effective.

(3) **MEMBERS COVERED.**—Paragraphs (1) and (2) apply to a member or former member of an armed force who first became a member of a uniformed service before August 1, 1986, and whose retired pay base is determined under section 1406 of this title.

(d) **FIRST COLA ADJUSTMENT FOR MEMBERS WITH RETIRED PAY COMPUTED USING HIGH-THREE.**—Notwithstanding subsection (b) but subject to subsection (f)(3), the retired pay of a member or former member of an armed force who first became a member of a uniformed service before August 1, 1986, or on or after August 1, 1986, if the member or former member did not elect to receive a bonus under section 322 (as in effect before January 28, 2008) or section 354 of title 37 and whose retired pay base is determined under section 1407 of this title shall be increased on the effective date of the first adjustment of retired pay under subsection (b) after the member or former member becomes entitled to retired pay by the percent (adjusted to the nearest one-tenth of 1 percent) equal to the difference between the percent by which—

(1) the price index for the base quarter of that year, exceeds

(2) the price index for the calendar quarter immediately before the calendar quarter during which the member became entitled to retired pay.

(e) **PRO RATING OF INITIAL ADJUSTMENT.**—Notwithstanding subsection (b) but subject to subsection (f)(3), the retired pay of a member or former member of an armed force who first became a member of a uniformed service on or

after August 1, 1986, and elected to receive a bonus under section 322 (as in effect before January 28, 2008) or section 354 of title 37 shall be increased on the effective date of the first adjustment of retired pay under subsection (b) after the member or former member becomes entitled to retired pay by the percent (adjusted to the nearest one-tenth of 1 percent) equal to the difference between—

(1) the percent by which—

(A) the price index for the base quarter of that year, exceeds

(B) the price index for the calendar quarter immediately before the calendar quarter during which the member became entitled to retired pay; and

(2) one-fourth of 1 percent for each calendar quarter from the quarter described in paragraph (1)(B) to the quarter described in paragraph (1)(A).

If in any case the percent described in paragraph (2) exceeds the percent determined under paragraph (1), such an increase shall not be made.

(f) **PREVENTION OF PAY INVERSIONS.**—

(1) **PREVENTION OF RETIRED PAY INVERSIONS FOR MEMBERS WITH RETIRED PAY COMPUTED USING FINAL BASIC PAY.**—The monthly retired pay of a member or a former member of an armed force who first became a member of a uniformed service before September 8, 1980, and who initially became entitled to that pay on or after January 1, 1971, may not be less than the monthly retired pay to which he would be entitled if he had become entitled to retired pay at an earlier date based on the grade in which the member is retired, adjusted to reflect any applicable increases in such pay under this section. In computing the amount of retired pay to which such a member or former member would have been entitled on that earlier date, the computation shall be based on his grade, length of service, and the rate of basic pay applicable to him at that time, except that such computation may not be based on a rate of basic pay for a grade higher than the grade in which the member is retired. This subsection does not authorize any increase in the monthly retired pay to which a member was entitled for any period before October 7, 1975.

(2) **PREVENTION OF RETIRED PAY INVERSIONS FOR MEMBERS WITH RETIRED PAY COMPUTED USING HIGH-THREE.**—Subject to subsections (d) and (e), the monthly retired pay of a member or former member of an armed force who first became a member of a uniformed service on or after September 8, 1980, may not be less, on the date on which the member or former member initially becomes entitled to such pay, than the monthly retired pay to which the member or former member would be entitled on that date if the member or former member had become entitled to retired pay on an earlier date, adjusted to reflect any applicable increases in such pay under this section. However, in the case of a member or former member whose retired pay is computed subject to section 1407(f) of this title, paragraph (1) (rather than the preceding sentence) shall apply in the same manner as if the member or former

member first became a member of a uniformed service before September 8, 1980, but only with respect to a calculation as of the date on which the member or former member first became entitled to retired pay.

(3) PREVENTION OF COLA INVERSIONS.—The percentage of the first adjustment under this section in the retired pay of any person, as determined under subsection (c)(1), (c)(2), (d), or (e), may not exceed the percentage increase in retired pay determined under subsection (b)(2) that is effective on the same date as the effective date of such first adjustment.

(g) DEFINITIONS.—In this section:

(1) The term “price index” means the Consumer Price Index (all items, United States city average) published by the Bureau of Labor Statistics.

(2) The term “base quarter” means the calendar quarter ending on September 30 of each year.

(3) The term “base index” means the price index for the base quarter for the most recent adjustment under subsection (b).

(4) The term “retired pay” includes retainer pay.

(h) PRICE INDEX FOR A QUARTER.—For purposes of this section, the price index for a calendar quarter is the arithmetical mean of the price index for the three months comprising that quarter.

visions that the Secretary of Defense shall determine on a monthly basis the percent by which the index has increased over that used as a basis for the most recent adjustment of retired and retainer pay and if Secretary determines for 3 consecutive months that the amount of increase is at least 3 percent over the base index, retired and retainer pay shall be increased by adding 1 percent and the highest percent increase in the index during those months adjusted to the nearest $\frac{1}{10}$ of 1 percent.

Pub. L. 94-361 struck out “the per centum obtained by adding 1 per centum and” before “the highest per centum of increase in the index”.

L. 89-132 has increased over the base index (that for the calendar month immediately preceding the effective date of Pub. L. 89-132 or, if later, that used as the basis for the most recent adjustment of retired and retainer pay under this subsection).

ELIMINATION OF DISPARITY BETWEEN EFFECTIVE DATES FOR MILITARY AND CIVILIAN RETIREE COST-OF-LIVING ADJUSTMENTS FOR FISCAL YEAR 1995

Pub. L. 103-337, div. A, title VI, §631, Oct. 5, 1994, 108 Stat. 2785, provided that:

“(a) IN GENERAL.—The fiscal year 1995 increase in military retired pay shall (notwithstanding subparagraph (B) of section 1401a(b)(2) of title 10, United States Code) first be payable as part of such retired pay for the month of March 1995.

“(b) DEFINITIONS.—For the purposes of subsection (a):

“(1) The term ‘fiscal year 1995 increase in military retired pay’ means the increase in retired pay that, pursuant to paragraph (1) of section 1401a(b) of title 10, United States Code, becomes effective on December 1, 1994.

“(2) The term ‘retired pay’ includes retainer pay.

“(c) LIMITATION.—Subsection (a) shall be effective only if there is appropriated to the Department of Defense Military Retirement Fund (in an Act making appropriations for the Department of Defense for fiscal year 1995 that is enacted before March 1, 1995) such amount as is necessary to offset increased outlays to be made from that fund during fiscal year 1995 by reason of the provisions of subsection (a).

“(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated for fiscal year 1995 to the Department of Defense Military Retirement Fund the sum of \$376,000,000 to offset increased outlays to be made from that fund during fiscal year 1995 by reason of the provisions of subsection (a).”

SENSE OF CONGRESS ON EQUAL TREATMENT OF EFFECTIVE DATES FOR FUTURE COST-OF-LIVING ADJUSTMENTS FOR MILITARY AND CIVILIAN RETIREES

Pub. L. 103-337, div. A, title VI, §632, Oct. 5, 1994, 108 Stat. 2786, provided that:

“(a) FINDINGS.—Congress makes the following findings:

“(1) Congress, in the Omnibus Budget Reconciliation Act of 1993 [Pub. L. 103-66, see Tables for classification], changed the effective dates for future cost-of-living adjustments for military retired pay and for Federal civilian retirement annuities, which (before that Act) were provided by law to be made effective on December 1 each year.

“(2) The timing, and the percentage of increase, of military and Federal civilian retirees’ cost-of-living adjustments have been linked for decades.

“(3) The effect of the enactment of the Omnibus Budget Reconciliation Act of 1993 was to abandon the longstanding congressional practice of treating military and Federal civilian retirees identically in matters related to cost-of-living adjustments.

“(b) SENSE OF CONGRESS.—In light of the findings in subsection (a), it is the sense of Congress that—

“(1) as a matter of simple equity and fairness, it is imperative that cost-of-living adjustments in retirement benefits for military and Federal civilian retirees be returned to an identical schedule as soon as possible, but not later than January 1, 1999;

“(2) if after October 1, 1998, there is, by law, a difference between the date on which a cost-of-living adjustment for Federal civilian retirees takes effect and the date on which a cost-of-living adjustment for military retirees takes effect, then the difference in those effective dates should be eliminated by requiring that cost-of-living adjustments for both classes of

retirees become effective on the earlier of the two dates; and

“(3) if after October 1, 1998, there is, by law, a difference between the first month for which a cost-of-living adjustment for civilian retirees is payable and the first month for which a cost-of-living adjustment for military retirees is payable, then the difference in the months for which those adjustments are first payable should be eliminated by requiring that the cost-of-living adjustments for both classes of retirees first become payable for the earlier of the two months.”

WAIVER OF ADMINISTRATIVE TIME-IN-GRADE REQUIREMENTS TO PREVENT PAY INVERSIONS IN RETIRED PAY OF CERTAIN MILITARY RETIREES

Pub. L. 103-337, div. A, title VI, §634, Oct. 5, 1994, 108 Stat. 2787, provided that:

“(a) **AUTHORITY.**—The Secretary concerned may, for purposes of the computation under section 1401a(f) of title 10, United States Code, of the retired pay of military retirees described in subsection (b), waive any administrative time-in-grade regulation (as described in subsection (d)) that would otherwise apply to such computation. Any such waiver may be made retroactive, in the case of any such retiree, to the date on which that retiree initially became entitled to retired pay.

“(b) **COVERED RETIREES.**—This section applies to any military retiree—

“(1) who initially became entitled to retired pay on or after January 1, 1971, and before the date of the enactment of this Act [Oct. 5, 1994];

“(2) whose retired pay, by reason of the provisions of section 1401a(f) of title 10, United States Code (the so-called ‘Tower amendment’), was initially computed as an amount greater than would have been the case but for that section; and

“(3) who, as of the earlier computation date applicable to that retiree—

“(A) in the case of an individual retired in an enlisted grade, had served in the grade in which the retiree retired for a period that was less than the period prescribed by the applicable administrative time-in-grade requirement described in subsection (d); and

“(B) in the case of an individual retired in an officer grade—

“(i) was subject to an administrative time-in-grade requirement described in subsection (d) that established a time-in-grade requirement that was longer than the statutory time-in-grade requirement applicable to that member; and

“(ii) had served in the grade in which the retiree retired for a period that was less than the period prescribed by such administrative time-in-grade requirement but not less than the statutory time-in-grade requirement applicable to that member.

“(c) **EARLIER COMPUTATION DATE.**—For purposes of subsection (b)(3), the earlier computation date applicable to a military retiree is the date that (under such section 1401a(f) as in effect on the date of the member’s retirement) was the ‘earlier date’ that was used as the basis for the computation of the retiree’s retired pay.

“(d) **REGULATIONS SUBJECT TO WAIVER.**—A regulation that may be waived under subsection (a) is any regulation (not required by law) that establishes a minimum period of time that a member of the Armed Forces must have served in a grade on active duty in order to be eligible to retire in that grade.

CONTINGENT ONCE-A-YEAR ADJUSTMENT OF RETIRED AND RETAINER PAY

Pub. L. 96-342, title VIII, §812, Sept. 8, 1980, 94 Stat. 1098, as amended by Pub. L. 97-35, title II, §211(b), Aug. 13, 1981, 95 Stat. 383, provided that:

“(a)(1) The increase in the retired and retainer pay of members and former members of the uniformed services which but for this section would be made effective September 1, 1980, under the provisions of paragraph (2)(B) of section 1401a(b) of title 10, United States Code, shall not be made.

“(2)(A) In making the determination required by the provisions of paragraph (1)(A) of section 1401a(b) of title 10, United States Code, to be made on January 1, 1981, or within a reasonable time thereafter, the Secretary of Defense shall determine the percent change in the index (as such term is defined in section 1401a(a) of title 10, United States Code) published for December 1980 over the index published for December 1979 (rather than over the index published for June 1980).

“(B) The increase in the retired and retainer pay of members and former members of the uniformed services to be made effective March 1, 1981, under the provisions of paragraph (2)(A) of such section shall, in lieu of the increase prescribed by such paragraph, be the percent change computed under subparagraph (A), adjusted to the nearest 1/10 of one percent.

“(3) The President shall by Executive order provide for only one cost-of-living adjustment in the annuities paid under the Central Intelligence Agency [Retirement] Act of 1964 for Certain Employees ([former] 50 U.S.C. 403 note) during the period beginning on September 1, 1980, and ending on August 31, 1981. Such adjustment shall be effective March 1, 1981, and shall be made in the same manner and percentage as the adjustment provided for in paragraphs (1) and (2) for the retired and retainer pay of members and former members of the uniformed services.

“(4) Paragraphs (1), (2), and (3) shall not take effect unless similar legislation is enacted which provides for only one cost-of-living increase in annuities paid under subchapter III of chapter 83 of title 5, United States Code, during the period beginning on September 1, 1980, and ending on August 31, 1981.

“(b)(1) Effective August 31, 1981, but subject to paragraph (2), section 1401a(b), of title 10, United States Code, relating to adjustment of retired pay and retainer pay to reflect changes in the Consumer Price Index, is amended to read as follows:

“(b) Each time that an increase is made under section 8340(b) of title 5 in annuities paid under subchapter III of chapter 83 of such title, the Secretary of Defense shall at the same time increase the retired and retainer pay of members and former members of the armed forces by the same percent as the percent-

age by which annuities are increased under such section.’.

“(2) The amendment made by paragraph (1) shall not take effect unless legislation is enacted which provides for the adjustment of annuities paid under subchapter III of chapter 83 of title 5, United States Code, on a once-a-year basis. In the event such legislation is enacted, such amendment shall become effective with respect to adjustments in the retired pay and retainer pay of members and former members of the uniformed services at the same time that the legislation providing for such a once-a-year adjustment of annuities paid under subchapter III of chapter 83 of title 5, United States Code, becomes effective.

“(3) If legislation described in paragraph (2) is enacted to provide for the adjustment of annuities paid under subchapter III of chapter 83 of title 5, United States Code, on a once-a-year basis, the President shall exercise the authority vested in him under section 292 of the Central Intelligence Agency [Retirement] Act of 1964 for Certain Employees ([former] 50 U.S.C. 403 note) to provide for cost-of-living adjustments in the annuities paid under such Act on an identical basis.

“(4) If at the time the first adjustment in retired and retainer pay is made under section 1401a(b) of title 10, United States Code, as amended by paragraph (1) of this subsection, the period upon which the most recent adjustment in such retired and retainer pay was computed is not identical to the period upon which the most recent adjustment in annuities under subchapter III of chapter 83 of title 5, United States Code, was computed, then the percentage increase to be made under such section 1401a(b) at the time of the first such adjustment shall be computed in the same manner as the percentage increase made at the same time in annuities under subchapter III of chapter 83 of title 5, United States Code, is computed, but shall be based on the period beginning on the last day of the period upon which the most recent adjustment in such retired and retainer pay was computed and ending on the last day of the period upon which the adjustment being made at the same time in annuities under such subchapter III is computed. The President shall by Executive order provide for a similar computation of the adjustment in annuities paid under the Central Intelligence Agency [Retirement] Act of 1964 for Certain Employees ([former] 50 U.S.C. 403 note) which is made at the same time as the increase in retired and retainer pay to which the preceding [preceding] sentence is applicable.

“(c) For the purposes of this section, the term ‘uniformed services’ means—

“(1) the Armed Forces; and

“(2) the commissioned corps of the National Oceanic and Atmospheric Administration and of the Public Health Service.”

“SEC. 2. (a) Any change in the retired pay of any individual by reason of the enactment of this Act shall be effective for months beginning after September 30, 1978.

“(2) If any change other than the repeal of the so-called 1 per centum add-on provision referred to in paragraph (1) is made in the method of computing the cost-of-living adjustment of annuities paid under chapter 83 of title 5, United States Code, the President shall make the same change in the cost-of-living adjustment of retired pay and retainer pay of members and former members of the Armed Forces and the cost-of-living adjustment of annuities paid under the Central Intelligence Agency [Retirement] Act of 1964 for Certain Employees. § 1402. Recomputation of retired or retainer pay to reflect later active duty of members who first became members before September 8, 1980

(a) A member of an armed force who first became a member of a uniformed service before September 8, 1980, and who has become entitled to retired pay or retainer pay, and who thereafter serves on active duty (other than for training), is entitled to recompute his retired pay or retainer pay upon his release from that duty according to the following table.

Column 1 Take	Column 2 Multiply by
Monthly basic pay ¹ of the grade in which he would be eligible— (1) to retire if he were retiring upon that release from active duty; or (2) to transfer to the Fleet Reserve or Fleet Marine Corps Reserve if he were transferring to either upon that release from active duty.	2½ percent of the sum of— (1) the years of service that may be credited to him in computing retired pay or retainer pay; and (2) his years of active service after becoming entitled to retired pay or retainer pay. ²

¹ For a member who has been entitled, for continuous period of at least two years, to basic pay under the rates of basic pay in effect upon that release from active duty, compute under those rates. For a member who has been entitled to basic pay for a continuous period of at least two years upon that release from active duty, but who is not covered by the preceding sentence, compute under the rates of basic pay replaced by those in effect upon that release from active duty. For any other member, compute under the rates of basic pay under which the member's retired pay or retainer pay was computed when he entered on that active duty.

² Before applying percentage factor, credit each full month of service that is in addition to the number of full years of service creditable to the member as one-twelfth of a year and disregard any remaining fractional part of a month.

However, an officer who was ordered to active duty (other than for training) in the grade that he holds on the retired list under former section 6150 of this title, or under any other law that authorized advancement on the retired list based upon a special commendation for the performance of duty in actual combat, may have his retired pay recomputed under this subsection on the basis of the rate of basic pay applicable to that grade upon his release from that active duty only if he has been entitled, for a continuous period of at least three years, to basic pay at that rate. If, upon his release from that active duty, he has been entitled to the basic pay of that grade for a continuous period of at least three years, but he does not qualify under the preceding sentence, he may have his retired pay recomputed under this subsection on the basis of the rate of basic pay prescribed for that grade by the rates of basic pay replaced by those in effect upon his release from that duty.

(b) A member of an armed force who first became a member of a uniformed service before September 8, 1980, and who has been retired other than for physical disability, and who while on active duty incurs a physical disability of at least 30 percent for which he would otherwise be eligible for retired pay under chapter 61 of this title, is entitled, upon his release from active duty, to retired pay under subsection (d).

(c) A member of an armed force who first became a member of a uniformed service before September 8, 1980, and who—

(1) was retired for physical disability under section 1201 or 1204 of this title or any other law or whose name is on the temporary disability retired list;

(2) incurs, while on active duty after retirement or after his name was placed on that list, a physical disability that is in addition to or that aggravates the physical disability for which he was retired or for which his name was placed on the temporary disability retired list; and

(3) is qualified under section 1201, 1202, 1204, or 1205 of this title;

is entitled, upon his release from active duty, to retired pay under subsection (d).
