(1) Initial Federal branch or agency

Except as provided in section 3103 of this title, a foreign bank which engages directly in a banking business outside the United States may, with the approval of the Comptroller, establish one or more Federal branches or agencies in any State in which (1) it is not operating a branch or agency pursuant to State law and (2) the establishment of a branch or agency, as the case may be, by a foreign bank is not prohibited by State law.

(2) Board conditions required to be included

In considering any application for approval under this subsection, the Comptroller of the Currency shall include any condition imposed by the Board under section 3105(d)(5) of this title as a condition for the approval of such application by the agency.

In establishing and operating a Federal branch or agency, a foreign bank shall be subject to such rules, regulations, and orders as the Comptroller considers appropriate to carry out this section, which shall include provisions for service of process and maintenance of branch and agency accounts separate from those of the parent bank. Except as otherwise specifically provided in this chapter or in rules, regulations, or orders adopted by the Comptroller under this section, operations of a foreign bank at a Federal branch or agency shall be conducted with the same rights and privileges as a national bank at the same location and shall be subject to all the same duties, restrictions, penalties, liabilities, conditions, and limitations that would apply under the National Bank Act to a national bank doing business at the same location, except that (1) any limitation or restriction based on the capital stock and surplus of a national bank shall be deemed to refer, as applied to a Federal branch or agency, to the dollar equivalent of the capital stock and surplus of the foreign bank, and if the foreign bank has more than one Federal branch or agency the business transacted by all such branches and agencies shall be aggregated in determining compliance with the limitation; (2) a Federal branch or agency shall not be required to become a member bank, as that term is defined in section 221 of this title; and (3) a Federal agency shall not be required to become an insured bank as that

In acting on any application to establish a Federal branch or agency, the Comptroller shall take into account the effects of the proposal on competition in the domestic and foreign commerce of the United States, the financial and managerial resources and future prospects of the applicant foreign bank and the branch or agency, and the convenience and needs of the community to be served.

(d) Receipt of deposits and exercising of fiduciary powers at Federal agency prohibited

Notwithstanding any other provision of this section, a foreign bank shall not receive deposits or exercise fiduciary powers at any Federal agency.
