§ 790c. Analysis and evaluation of energy information; establishment and maintenance by Director of professional, etc., capability; specific capabilities

(a) The Director shall establish and maintain the scientific, engineering, statistical, or other technical capability to perform analysis of energy information to—

(1) verify the accuracy of items of energy information submitted to the Director; and

(2) insure the coordination and comparability of the energy information in possession of the Office and other Federal agencies.

(b) The Director shall establish and maintain the professional and analytic capability to evaluate independently the adequacy and comprehensiveness of the energy information in possession of the Office and other agencies of the Federal Government in relation to the purposes of this chapter and for the performance of the analyses described in section 790a of this title. Such analytic capability shall include—

(1) expertise in economics, finance, and accounting;

(2) the capability to evaluate estimates of reserves of mineral fuels and nonmineral energy resources utilizing alternative methodologies;

(3) the development and evaluation of energy flow and accounting models describing the production, distribution, and consumption of energy by the various sectors of the economy and lines of commerce in the energy industry;

(4) the development and evaluation of alternative forecasting models describing the short- and long-term relationships between energy supply and consumption and appropriate variables; and

(5) such other capabilities as the Director deems necessary to achieve the purposes of this chapter.

Section, Pub. L. 93-275, § 55, as added Pub. L. 94-385, title I, § 142, Aug. 14, 1976, 90 Stat. 1137; amended Pub. L. 95-91, title VII, § 709(a)(4), Aug. 4, 1977, 91 Stat. 608, related to annual performance audit review of Office of Energy Information and Analysis procedures and methodology by Professional Audit Review Team.

§ 790e. Coordination by Director of energy information gathering activities of Federal agencies

(a) Review

In carrying out the purposes of this chapter the Director shall, as he deems appropriate, review the energy information gathering activities of Federal agencies with a view toward avoiding duplication of effort and minimizing the compliance burden on business enterprises and other persons.

(b) Policy recommendations

In exercising his responsibilities under subsection (a) of this section, the Director shall recommend policies which, to the greatest extent practicable—

(1) provide adequately for the energy information needs of the various departments and agencies of the Federal Government, the Congress, and the public;

(2) minimize the burden of reporting energy information on businesses, other persons, and especially small businesses;

(3) reduce the cost to Government of obtaining information; and

(4) utilize files of information and existing facilities of established Federal agencies.

(c) Report to Administrator by other Federal agencies involved in collection of energy information; cooperation of other Federal agencies; report by Administrator to President, Congress, and Energy Resources Council

(1) At the earliest practicable date after August 14, 1976, each Federal agency which is engaged in the gathering of energy information as a part of an established program, function, or other activity shall promptly provide the Administrator with a report on energy information which—

(A) identifies the statutory authority upon which the energy information collection activities of such agency is based;

(B) lists and describes the energy information needs and requirements of such agency; and

(C) lists and describes the categories, definitions, levels of detail, and frequency of collection of the energy information collected by such agency.

Such agencies shall cooperate with the Administrator and provide such other descriptive information with respect to energy information activities as the Administrator may request. The Administrator shall prepare a report on his ac-

tivities under this subsection, which report shall include recommendations with respect to the coordination of energy information activities of the Federal Government. Such report shall be available to the Congress and shall be transmitted to the President and to the Energy Resources Council for use in preparation of the plan required under subsection (c) of section 5818 of title 42.

TRANSFER OF FUNCTIONS

Functions assigned to Director of Office of Energy Information and Analysis under this subchapter vested in Administrator of Energy Information Administration within Department of Energy by section 7135(c) of Title 42, The Public Health and Welfare.

Federal Energy Administration terminated and functions vested by law in Administrator thereof transferred to Secretary of Energy (unless otherwise specifically provided) by sections 7151(a) and 7293 of Title 42.

§ 790f. Reports by Director

(a) Periodic and special reports by Director to Congress and public; contents

The Director shall make periodic reports and may make special reports to the Congress and the public, including but not limited to—

(1) such reports as the Director determines are necessary to provide a comprehensive picture of the quarterly, monthly, and, as appropriate, weekly supply and consumption of the various nonmineral energy resources, mineral fuels, and electricity in the United States; the information reported may be organized by company, by States, by regions, or by such other producing and consuming sectors, or combinations thereof, and shall be accompanied by an appropriate discussion of the evolution of the energy supply and consumption situation and such national and international trends and their effects as the Director may find to be significant; and

(2) an annual report which includes, but is not limited to, a description of the activities of the Office and the National Energy Information System during the preceding year; a summary of all special reports published during the preceding year; a summary of statistical information collected during the preceding year; short-, medium-, and long-term energy consumption and supply trends and forecasts under various assumptions; and, to the maximum extent practicable, a summary or schedule of the amounts of mineral fuel resources, nonmineral energy resources, and mineral fuels that can be brought to market at various prices and technologies and their relationship to forecasted demands.

(b) Duty of Director to insure adequate documentation of forecasts and reports; periodic audit and validation of analytical methodologies; availability of information to public

(1) The Director, on behalf of the Administrator, shall insure that adequate documentation for all statistical and forecast reports prepared by the Director is made available to the public at the time of publication of such reports. The Director shall periodically audit and validate analytical methodologies employed in the preparation of periodic statistical and forecast reports.

(2) The Director shall, on a regular basis, make available to the public information which contains validation and audits of periodic statistical and forecast reports.

(c) Approval prior to publication of forecasts and reports

Prior to publication, the Director may not be required to obtain the approval of any other officer or employee of the United States with respect to the substance of any statistical or forecasting technical reports which he has prepared in accordance with law.

§ 790g. Access by Director to energy information

(a) Access by Director to energy information in possession of other Federal agencies; limitations

In furtherance and not in limitation of any other authority, the Director, on behalf of the Administrator, shall have access to energy information in the possession of any Federal agency except information—

(1) the disclosure of which to another Federal agency is expressly prohibited by law; or

(2) the disclosure of which the agency so requested determines would significantly impair the discharge of authorities and responsibilities which have been delegated to, or vested by law, in such agency.

(b) Authority to obtain information from original or alternate sources

In the event that energy information in the possession of another Federal agency which is
