The Federal Nonnuclear Energy Research and Development Act of 1974 (Public Law 93-577), referred to in subsec. (d), is Pub. L. 93-577, Dec. 31, 1974, 88 Stat. 1878, as amended, which is classified generally to chapter 74 (§5901 et seq.) of Title 42. For complete classification of this Act to the Code, see Short Title note set out under section 5901 of Title 42 and Tables.

CODIFICATION

In subsec. (b), the words “the Federal Energy Administration,” which followed “Environmental Protection Agency,” have been omitted from the Code in view of the termination of the Federal Energy Administration and the transfer of the functions of the Administration to the Secretary of Energy pursuant to sections 301(a) and 703 of Pub. L. 95-91 which are classified to sections 7151(a) and 7293 of Title 42, The Public Health and Welfare. This transfer would result in this phrase being redundant in that it would provide for the Secretary of Energy to consult with the Secretary of Energy.

In subsec. (c), “section 6101 of title 41” substituted for “section 3709 of the Revised Statutes (41 U.S.C. 5)” on authority of Pub. L. 111-350, §6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

In subsec. (e), “chapter 83 of title 41” substituted for “title III of the Act of March 3, 1933 (47 Stat. 1520; 41 U.S.C. 10a-10c)” on authority of Pub. L. 111-350, §6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

§ 2509. Loan guarantees

(a) Congressional policy

It is the policy of the Congress to assist in the introduction into the Nation’s transportation fleet of electric and hybrid vehicles and to assure that qualified small business concerns and other qualified borrowers are not excluded from participation in such development due to lack of adequate capital. Accordingly, it is the policy of the Congress to provide guarantees of loans made for such purposes.

(b) Encouragement of commercial production; purpose of loans

In order to encourage the commercial production of electric and hybrid vehicles, the Secretary of Energy is authorized to guarantee, and to enter into commitments to guarantee, principal and interest on loans made by lenders to qualified borrowers, primarily small business concerns, for the purposes of—

- (1) research and development related to electric and hybrid vehicle technology;
- (2) prototype development for such vehicles and parts thereof;

- (4) initial operating expenses associated with the development and production of electric and hybrid vehicles and components.

(c) Maximum amount of loan guarantee

Any guarantee under this section shall apply only to so much of the principal amount of the loan involved as does not exceed 90 percentum of the aggregate cost of the activity with respect to which the loan is made.

(d) Terms and conditions of guarantee

Loan guarantees under this section shall be on such terms and conditions as the Secretary of Energy determines, except that a guarantee shall be made under this section only if—
