§ 472a. Timber sales on National Forest System lands

(a) Authorization; rules and regulations; appraised value as minimum sale price

For the purpose of achieving the policies set forth in the Multiple-Use Sustained-Yield Act of 1960 (74 Stat. 215; 16 U.S.C. 528-531) and the Forest and Rangeland Renewable Resources Planning Act of 1974 (88 Stat. 476) [16 U.S.C. 1600 et seq.], the Secretary of Agriculture, under such rules and regulations as he may prescribe, may sell, at not less than appraised value, trees, portions of trees, or forest products located on National Forest System lands.

(b) Designation on map; prospectus

All advertised timber sales shall be designated on maps, and a prospectus shall be available to the public and interested potential bidders.

(c) Terms and conditions of contract

The length and other terms of the contract shall be designed to promote orderly harvesting consistent with the principles set out in section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended [16 U.S.C. 1604]. Unless there is a finding by the Sec-

retary of Agriculture that better utilization of the various forest resources (consistent with the provisions of the Multiple-Use Sustained-Yield Act of 1960 [16 U.S.C. 528-531]) will result, sales contracts shall be for a period not to exceed ten years: *Provided*, That such period may be adjusted at the discretion of the Secretary to provide additional time due to time delays caused by an act of an agent of the United States or by other circumstances beyond the control of the purchaser. The Secretary shall require the purchaser to file as soon as practicable after execution of a contract for any advertised sale with a term of two years or more, a plan of operation, which shall be subject to concurrence by the Secretary. The Secretary shall not extend any contract period with an original term of two years or more unless he finds (A) that the purchaser has diligently performed in accordance with an approved plan of operation or (B) that the substantial overriding public interest justifies the extension.

(d) Advertisement of sales; exceptions

The Secretary of Agriculture shall advertise all sales unless he determines that extraordinary conditions exist, as defined by regulation, or that the appraised value of the sale is less than \$10,000. If, upon proper offering, no satisfactory bid is received for a sale, or the bidder fails to complete the purchase, the sale may be offered and sold without further advertisement.

(e) Bidding methods; purposes; oral auction procedures; monitoring and enforcement for prevention of collusive practices

(1) In the sale of trees, portions of trees, or forest products from National Forest System lands (hereinafter referred to in this subsection as "national forest materials"), the Secretary of Agriculture shall select the bidding method or methods which—

(A) insure open and fair competition;

(B) insure that the Federal Government receive not less than the appraised value as required by subsection (a) of this section;

(C) consider the economic stability of communities whose economies are dependent on such national forest materials, or achieve such other objectives as the Secretary deems necessary; and

(D) are consistent with the objectives of this Act and other Federal statutes.

The Secretary shall select or alter the bidding method or methods as he determines necessary to achieve the objectives stated in clauses (A), (B), (C), and (D) of this paragraph.

(2) In those instances when the Secretary selects oral auction as the bidding method for the sale of any national forest materials, he shall require that all prospective purchasers submit written sealed qualifying bids. Only prospective purchasers whose written sealed qualifying bids are equal to or in excess of the appraised value of such national forest materials may participate in the oral bidding process.

(3) The Secretary shall monitor bidding patterns involved in the sale of national forest materials. If the Secretary has a reasonable belief that collusive bidding practices may be occurring, then—
