

§ 531. Definitions

As used in sections 528 to 531 of this title the following terms shall have the following meanings:

(a) "Multiple use" means: The management of all the various renewable surface resources of the national forests so that they are utilized in the combination that will best meet the needs of the American people; making the most judicious use of the land for some or all of these resources or related services over areas large enough to provide sufficient latitude for periodic adjustments in use to conform to changing needs and conditions; that some land will be used for less than all of the resources; and harmonious and coordinated management of the various resources, each with the other, without impairment of the productivity of the land, with consideration being given to the relative values of the various resources, and not necessarily the combination of uses that will give the greatest dollar return or the greatest unit output.

(b) "Sustained yield of the several products and services" means the achievement and maintenance in perpetuity of a high-level annual or regular periodic output of the various renewable resources of the national forests without impairment of the productivity of the land.

(Pub. L. 86-517, § 4, June 12, 1960, 74 Stat. 215.)

§ 532. Roads and trails system; Congressional findings and declaration of policy

The Congress hereby finds and declares that the construction and maintenance of an adequate system of roads and trails within and near the national forests and other lands administered by the Forest Service is essential if increasing demands for timber, recreation, and other uses of such lands are to be met; that the existence of such a system would have the effect, among other things, of increasing the value of timber and other resources tributary to such roads; and that such a system is essential to enable the Secretary of Agriculture (hereinafter called the Secretary) to provide for intensive use, protection, development, and management of these lands under principles of multiple use and sustained yield of products and services.

(Pub. L. 88-657, § 1, Oct. 13, 1964, 78 Stat. 1089.)

§ 533. Grant of easements for road rights-of-way; authority of Secretary of Agriculture; regulations

The Secretary is authorized, under such regulations as he may prescribe, subject to the provisions of sections 532 to 538 of this title, to grant permanent or temporary easements for specified periods or otherwise for road rights-of-way (1) over national forest lands and other lands administered by the Forest Service, and (2) over any other related lands with respect to which the Department of Agriculture has rights under the terms of the grant to it.

(Pub. L. 88-657, § 2, Oct. 13, 1964, 78 Stat. 1089.)

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of Agriculture, insofar as they involve lands and programs under jurisdiction of that Depart-

ment, related to compliance with construction and utilization of national forest roads under sections 532 to 538 of this title with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas transferred to Federal Inspector, Office of Federal Inspector for Alaska Natural Gas Transportation System, until first anniversary of date of initial operation of Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§102(f), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees. Office of Federal Inspector for the Alaska Natural Gas Transportation System abolished and functions and authority vested in Inspector transferred to Secretary of Energy by section 3012(b) of Pub. L. 102-486, set out as an Abolition of Office of Federal Inspector note under section 719e of Title 15, Commerce and Trade. Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 720d(f) of Title 15.

§ 534. Termination and cancellation of easements; notice; hearing

An easement granted under sections 532 to 538 of this title may be terminated by consent of the owner of the easement, by condemnation, or after a five-year period of nonuse the Secretary may, if he finds the owner has abandoned the easement, make a determination to cancel it. Before the Secretary may cancel an easement for nonuse the owner of such easement must be notified of the determination to cancel and be given, upon his request made within sixty days after receipt of the notice, a hearing in accordance with such rules and regulations as may be issued by the Secretary.

(Pub. L. 88-657, § 3, Oct. 13, 1964, 78 Stat. 1089.)

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Secretary or other official in Department of Agriculture under sections 532 to 538 of this title to Federal Inspector, Office of Federal Inspector for Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see Transfer of Functions note set out under section 533 of this title.

§ 535. Forest development roads; acquisition, construction, and maintenance; maximum economy; methods of financing; cost arrangements for construction standards; transfer of unused effective purchaser credit for road construction

The Secretary is authorized to provide for the acquisition, construction, and maintenance of forest development roads within and near the national forests and other lands administered by the Forest Service in locations and according to specifications which will permit maximum economy in harvesting timber from such lands tributary to such roads and at the same time meet the requirements for protection, development, and management thereof, and for utilization of the other resources thereof. Financing of such roads may be accomplished (1) by the Secretary utilizing appropriated funds, (2) by requirements on purchasers of national forest timber and other products, including provisions for amortization of road costs in contracts, (3) by coopera-

tive financing with other public agencies and with private agencies or persons, or (4) by a combination of these methods: *Provided*, That where roads of a higher standard than that needed in the harvesting and removal of the timber and other products covered by the particular sale are to be constructed, the purchaser of the national forest timber and other products shall not be required to bear that part of the costs necessary to meet such higher standard, and the Secretary is authorized to make such arrangements to this end as may be appropriate. The Secretary is authorized, under such rules and regulations as he shall prescribe, to permit the transfer of unused effective purchaser credit for road construction earned after December 16, 1975, from one timber sale to a purchaser to another timber sale to the same purchaser within the same National Forest.

(Pub. L. 88-657, §4, Oct. 13, 1964, 78 Stat. 1089; Pub. L. 94-154, Dec. 16, 1975, 89 Stat. 823.)

AMENDMENTS

1975—Pub. L. 94-154 authorized the Secretary to permit the transfer of unused effective purchaser credit for road construction earned after Dec. 16, 1975, from one timber sale to a purchaser to another timber sale to the same purchaser within the same National Forest.

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Secretary or other official in Department of Agriculture under sections 532 to 538 of this title to Federal Inspector, Office of Federal Inspector for Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see Transfer of Functions note set out under section 533 of this title.

FINANCING OF FOREST DEVELOPMENT ROADS

Financing of forest development roads authorized by cl. (2) of this section deemed "budget authority" and "budget outlays" as defined in section 621(a) of Title 2, The Congress, and effective for purpose specified in section 651(a) of Title 2, see section 1608 of this title.

§ 535a. Forest development roads: prohibition on credits; inclusion of construction costs in notice of sale; special election by small business concerns; construction standards; authorization of harvesting; treatment of road value

(a) Prohibition on timber purchaser road credits

In financing any forest development road pursuant to section 535 of this title, the Secretary of Agriculture may not provide effective credit for road construction to any purchaser of national forest timber or other forest products.

(b) Construction of roads by timber purchasers

(1) Whenever the Secretary of Agriculture makes a determination that a forest development road referred to in subsection (a) shall be constructed or paid for, in whole or in part, by a purchaser of national forest timber or other forest products, the Secretary shall include notice of the determination in the notice of sale of the timber or other forest products. The notice of sale shall contain, or announce the availability of, sufficient information related to the road described in the notice to permit a prospective

bidder on the sale to calculate the likely cost that would be incurred by the bidder to construct or finance the construction of the road so that the bidder may reflect such cost in the bid.

(2) If there is an increase or decrease in the cost of roads constructed by the timber purchaser, caused by variations in quantities, changes or modifications subsequent to the sale of timber made in accordance with applicable timber sale contract provisions, then an adjustment to the price paid for timber harvested by the purchaser shall be made. The adjustment shall be applied by the Secretary as soon as practicable after any such design change is implemented.

(c) Special election by small business concerns

(1) A notice of sale referred to in subsection (b) containing specified road construction of \$50,000 or more, shall give a purchaser of national forest timber or other forest products that qualifies as a "small business concern" under the Small Business Act (15 U.S.C. 631 et seq.), and regulations issued thereunder, the option to elect that the Secretary of Agriculture build the roads described in the notice. The Secretary shall provide the small business concern with an estimate of the cost that would be incurred by the Secretary to construct the roads on behalf of the small business concern. The notice of sale shall also include the date on which the roads described in the notice will be completed by the Secretary if the election is made.

(2) If the election referred to in paragraph (1) is made, the purchaser of the national forest timber or other forest products shall pay to the Secretary of Agriculture, in addition to the price paid for the timber or other forest products, an amount equal to the estimated cost of the roads which otherwise would be paid by the purchaser as provided in the notice of sale. Pending receipt of such amount, the Secretary may use receipts from the sale of national forest timber or other forest products and such additional sums as may be appropriated for the construction of roads, such funds to be available until expended, to accomplish the requested road construction.

(d) Authorization of harvesting

In each sale of national forest timber or other forest products referred to in this section, the Secretary of Agriculture is encouraged to authorize harvest of the timber or other forest products in a unit included in the sale as soon as road work for that unit is completed and the road work is approved by the Secretary.

(e) Construction standard

For any forest development road that is to be constructed or paid for by a purchaser of national forest timber or other forest products, the Secretary of Agriculture may not require the purchaser to design, construct, or maintain the road (or pay for the design, construction, or maintenance of the road) to a standard higher than the standard, consistent with applicable environmental laws and regulations, that is sufficient for the harvesting and removal of the timber or other forest products, unless the Secretary bears that part of the cost necessary to meet the higher standard.
