Subsec. (h). Pub. L. 94-370, §6(4), added subsec. (h) which incorporates former provision of subsec. (b) relating to mediation by Secretary of disagreements between Federal agencies and state.

§ 1456-1. Authorization of the Coastal and Estuarine Land Conservation Program

(a) In general

The Secretary may conduct a Coastal and Estuarine Land Conservation Program, in cooperation with appropriate State, regional, and other units of government, for the purposes of protecting important coastal and estuarine areas that have significant conservation, recreation, ecological, historical, or aesthetic values, or that are threatened by conversion from their natural, undeveloped, or recreational state to other uses or could be managed or restored to effectively conserve, enhance, or restore ecological function. The program shall be administered by the National Ocean Service of the National Oceanic and Atmospheric Administration through the Office of Ocean and Coastal Resource Management.

(b) Property acquisition grants

The Secretary shall make grants under the program to coastal states with approved coastal zone management plans or National Estuarine Research Reserve units for the purpose of acquiring property or interests in property described in subsection (a) that will further the goals of—

- (1) a Coastal Zone Management Plan or Program approved under this chapter;
- (2) a National Estuarine Research Reserve management plan;
- (3) a regional or State watershed protection or management plan involving coastal states with approved coastal zone management programs; or
- (4) a State coastal land acquisition plan that is consistent with an approved coastal zone management program.

(c) Grant process

The Secretary shall allocate funds to coastal states or National Estuarine Research Reserves

under this section through a competitive grant process in accordance with guidelines that meet the following requirements:

(1) The Secretary shall consult with the coastal state's coastal zone management program, any National Estuarine Research Reserve in that State, and the lead agency designated by the Governor for coordinating the implementation of this section (if different from the coastal zone management program).

(2) Each participating coastal state, after consultation with local governmental entities and other interested stakeholders, shall identify priority conservation needs within the State, the values to be protected by inclusion of lands in the program, and the threats to those values that should be avoided.

(3) Each participating coastal state shall to the extent practicable ensure that the acquisition of property or easements shall complement working waterfront needs.

(4) The applicant shall identify the values to be protected by inclusion of the lands in the program, management activities that are planned and the manner in which they may affect the values identified, and any other information from the landowner relevant to administration and management of the land.

(5) Awards shall be based on demonstrated need for protection and ability to successfully leverage funds among participating entities, including Federal programs, regional organizations, State and other governmental units, landowners, corporations, or private organizations.

(6) The governor, or the lead agency designated by the governor for coordinating the implementation of this section, where appropriate in consultation with the appropriate local government, shall determine that the application is consistent with the State's or territory's approved coastal zone plan, program, and policies prior to submittal to the Secretary.

(7)(A) Priority shall be given to lands described in subsection (a) that can be effectively managed and protected and that have significant ecological value.

(B) Of the projects that meet the standard in subparagraph (A), priority shall be given to lands that—

(i) are under an imminent threat of conversion to a use that will degrade or otherwise diminish their natural, undeveloped, or recreational state; and

(ii) serve to mitigate the adverse impacts caused by coastal population growth in the coastal environment.

(8) In developing guidelines under this section, the Secretary shall consult with coastal states, other Federal agencies, and other interested stakeholders with expertise in land acquisition and conservation procedures.

(9) Eligible coastal states or National Estuarine Research Reserves may allocate grants to local governments or agencies eligible for assistance under section 1455a(e) of this title.

(10) The Secretary shall develop performance measures that the Secretary shall use to evaluate and report on the program's effectiveness in accomplishing its purposes, and

shall submit such evaluations to Congress triennially.

(d) Limitations and private property protections

(1) A grant awarded under this section may be used to purchase land or an interest in land, including an easement, only from a willing seller. Any such purchase shall not be the result of a forced taking under this section. Nothing in this section requires a private property owner to participate in the program under this section.

(2) Any interest in land, including any easement, acquired with a grant under this section shall not be considered to create any new liability, or have any effect on liability under any other law, of any private property owner with respect to any person injured on the private property.

(3) Nothing in this section requires a private property owner to provide access (including Federal, State, or local government access) to or use of private property unless such property or an interest in such property (including a conservation easement) has been purchased with funds made available under this section.

(e) Recognition of authority to control land use

Nothing in this chapter modifies the authority of Federal, State, or local governments to regulate land use.

(f) Matching requirements

(1) In general

The Secretary may not make a grant under the program unless the Federal funds are matched by non-Federal funds in accordance with this subsection.

(2) Cost share requirement

(A) In general

Grant funds under the program shall require a 100 percent match from other non-Federal sources.

(B) Waiver of requirement

The Secretary may grant a waiver of subparagraph (A) for underserved communities, communities that have an inability to draw on other sources of funding because of the small population or low income of the community, or for other reasons the Secretary deems appropriate and consistent with the purposes of the program.

(3) Other Federal funds

Where financial assistance awarded under this section represents only a portion of the total cost of a project, funding from other Federal sources may be applied to the cost of the project. Each portion shall be subject to match requirements under the applicable provision of law.

(4) Source of matching cost share

For purposes of paragraph (2)(A), the non-Federal cost share for a project may be determined by taking into account the following:

(A) The value of land or a conservation easement may be used by a project applicant as non-Federal match, if the Secretary determines that—

(i) the land meets the criteria set forth in section 2(b)¹ and is acquired in the pe-

riod beginning 3 years before the date of the submission of the grant application and ending 3 years after the date of the award of the grant;

(ii) the value of the land or easement is held by a non-governmental organization included in the grant application in perpetuity for conservation purposes of the program; and

(iii) the land or easement is connected either physically or through a conservation planning process to the land or easement that would be acquired.

(B) The appraised value of the land or conservation easement at the time of the grant closing will be considered and applied as the non-Federal cost share.

(C) Costs associated with land acquisition, land management planning, remediation, restoration, and enhancement may be used as non-Federal match if the activities are identified in the plan and expenses are incurred within the period of the grant award, or, for lands described in² (A), within the same time limits described therein. These costs may include either cash or in-kind contributions.

(g) Reservation of funds for National Estuarine Research Reserve sites

No less than 15 percent of funds made available under this section shall be available for acquisitions benefitting National Estuarine Research Reserves.

(h) Limit on administrative costs

No more than 5 percent of the funds made available to the Secretary under this section shall be used by the Secretary for planning or administration of the program. The Secretary shall provide a report to Congress with an account of all expenditures under this section for fiscal year 2009 and triennially thereafter.

(i) Title and management of acquired property

If any property is acquired in whole or in part with funds made available through a grant under this section, the grant recipient shall provide—

(1) such assurances as the Secretary may require that—

(A) the title to the property will be held by the grant recipient or another appropriate public agency designated by the recipient in perpetuity;

(B) the property will be managed in a manner that is consistent with the purposes for which the land entered into the program and shall not convert such property to other uses; and

(C) if the property or interest in land is sold, exchanged, or divested, funds equal to the current value will be returned to the Secretary in accordance with applicable Federal law for redistribution in the grant process; and

(2) certification that the property (including any interest in land) will be acquired from a willing seller.

¹ So in original. Probably should be “subsection (b)”.

² So in original. Probably should be followed by “subparagraph”.

(j) Requirement for property used for non-Federal match

If the grant recipient elects to use any land or interest in land held by a non-governmental organization as a non-Federal match under subsection (g), the grant recipient must to the Secretary's satisfaction demonstrate in the grant application that such land or interest will satisfy the same requirements as the lands or interests in lands acquired under the program.

(k) Definitions

In this section:

(1) Conservation easement

The term "conservation easement" includes an easement or restriction, recorded deed, or a reserve interest deed where the grantee acquires all rights, title, and interest in a property, that do not conflict with the goals of this section except those rights, title, and interests that may run with the land that are expressly reserved by a grantor and are agreed to at the time of purchase.

(2) Interest in property

The term "interest in property" includes a conservation easement.

(l) Authorization of appropriations

There are authorized to be appropriated to the Secretary to carry out this section \$60,000,000 for each of fiscal years 2009 through 2013.

(Pub. L. 89-454, title III, §307A, as added Pub. L. 111-11, title XII, §12502, Mar. 30, 2009, 123 Stat. 1442.)

§ 1456a. Coastal Zone Management Fund

(a)(1) The obligations of any coastal state or unit of general purpose local government to repay loans made pursuant to this section as in effect before November 5, 1990, and any repayment schedule established pursuant to this chapter as in effect before November 5, 1990, are not altered by any provision of this chapter. Such loans shall be repaid under authority of this subsection and the Secretary may issue regulations governing such repayment. If the Secretary finds that any coastal state or unit of local government is unable to meet its obligations pursuant to this subsection because the actual increases in employment and related population resulting from coastal energy activity and the facilities associated with such activity do not provide adequate revenues to enable such State or unit to meet such obligations in accordance with the appropriate repayment schedule, the Secretary shall, after review of the information submitted by such State or unit, take any of the following actions:

(A) Modify the terms and conditions of such loan.

(B) Refinance the loan.

(C) Recommend to the Congress that legislation be enacted to forgive the loan.

(2) Loan repayments made pursuant to this subsection shall be retained by the Secretary as offsetting collections, and shall be deposited into the Coastal Zone Management Fund established under subsection (b).

(b)(1) The Secretary shall establish and maintain a fund, to be known as the "Coastal Zone

Management Fund", which shall consist of amounts retained and deposited into the Fund under subsection (a) and fees deposited into the Fund under section 1456(i)(3) of this title.

(2) Subject to amounts provided in appropriation Acts, amounts in the Fund shall be available to the Secretary for use for the following:

(A) Expenses incident to the administration of this chapter, in an amount not to exceed for each of fiscal years 1997, 1998, and 1999 the higher of—

(i) \$4,000,000; or

(ii) 8 percent of the total amount appropriated under this chapter for the fiscal year.

(B) After use under subparagraph (A)—

(i) projects to address management issues which are regional in scope, including interstate projects;

(ii) demonstration projects which have high potential for improving coastal zone management, especially at the local level;

(iii) emergency grants to State coastal zone management agencies to address unforeseen or disaster-related circumstances;

(iv) appropriate awards recognizing excellence in coastal zone management as provided in section 1460 of this title; and

(v) to provide financial support to coastal states for use for investigating and applying the public trust doctrine to implement State management programs approved under section 1455 of this title.

CODIFICATION

Subsec. (b)(3) of this section, which required the Secretary to transmit to Congress an annual report on the Fund, including the balance of the Fund and an itemization of all deposits into and disbursements from the Fund, terminated, effective May 15, 2000, pursuant to section 3003 of Pub. L. 104-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance. See, also, page 143 of House Document No. 103-7.

AMENDMENTS

1996—Subsec. (b)(2)(A). Pub. L. 104-150, §5(a), amended subpar. (A) generally. Prior to amendment, subpar. (A) read as follows: "Expenses incident to the administration of this chapter, in an amount not to exceed—

"(i) \$5,000,000 for fiscal year 1991;

"(ii) \$5,225,000 for fiscal year 1992;

"(iii) \$5,460,125 for fiscal year 1993;

"(iv) \$5,705,830 for fiscal year 1994; and

"(v) \$5,962,593 for fiscal year 1995."

Subsec. (b)(2)(B)(iv) to (vi). Pub. L. 104-150, §2(b)(2), inserted "and" at end of cl. (iv), redesignated cl. (vi) as (v), and struck out former cl. (v) which read as follows: "program development grants as authorized by section 1454 of this title, in an amount not to exceed \$200,000 for each of fiscal years 1997, 1998, and 1999; and".

Subsec. (b)(2)(B)(v). Pub. L. 104-150, §5(b), amended cl. (v) generally. Prior to amendment, cl. (v) read as fol-
