§ 1980. Compensation for loss or destruction of commercial fishing vessel or gear

(a) Definitions

For purposes of this section—

(1) The terms “fishery”, “fishery conservation zone”, “fishing”, “fishing vessel”, “Secretary”, and “vessel of the United States” shall each have the same respective meaning as is given to such terms in section 3 of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1802).¹

(2) The term “fishing gear” means any equipment or appurtenance which is necessary for the carrying out of fishing operations by a fishing vessel, whether or not such equipment or appurtenance is attached to such vessel.

(3) The term “fund” means the Fishing Vessel and Gear Damage Compensation Fund established under subsection (f).

(4) The term “resulting economic loss” means the gross income, as estimated by the Secretary, that a fishing vessel owner or operator who is eligible for compensation under this section for damage to, loss of, or destruction of, a fishing vessel or the fishing gear used with such vessel will lose by reason of not being able to engage in fishing, or having to reduce his fishing effort, during the period before the vessel or gear, or both, are repaired or replaced and available for use.

(b) Causes of loss or destruction

Subject to the provisions of this section, the owner or operator (hereinafter referred to as the “vessel owner”) of any fishing vessel which is a vessel of the United States is eligible for monetary compensation under this section for any damage to, loss of, or destruction of such vessel, or any fishing gear used with such vessel, or

both, and for any resulting economic loss, if the damage, loss, or destruction—

(1) in the case of such vessel—

(A) occurs when such vessel is engaged in any fishery subject to the exclusive fishery management authority of the United States under the Magnuson-Stevens Fishery Conservation and Management Act [16 U.S.C. 1801 et seq.], and

(B) is attributable to any vessel (or its crew or fishing gear) other than a vessel of the United States; or

(2) in the case of such fishing gear—

(A) occurs when such fishing gear is being used for fishing in any fishery subject to such exclusive management authority, and

(B) is attributable to any other vessel, whether or not such vessel is a vessel of the United States.

For purposes of subparagraph (B), there shall be a rebuttable presumption that any damage, loss, or destruction of fishing gear is attributable to another vessel.

(c) Eligibility for compensation

A vessel owner is not eligible for compensation under this section with respect to fishing vessel or fishing gear damage, loss, or destruction and resulting economic loss unless such owner—

(1) makes application to the Secretary for compensation under this section within 90 days after the day on which the damage, loss, or destruction occurred or was first noticed by the owner;

(2) pays upon making such application a reasonable administrative fee which the Secretary shall deposit into the fund;

(3) has, in such form as the Secretary shall prescribe by regulation, a current inventory or other evidence of possession of the fishery vessel or fishing gear concerned;

(4) has complied with all applicable regulations, if any, relating to the marking of, and (if appropriate) the notification of the location of, the fishing gear concerned; and

(5) is in compliance with such other regulations as may be prescribed by the Secretary to carry out this section.

(d) Application for compensation; initial determination of eligibility; amount of compensation; review of initial determination; subrogation of United States upon payment

(1) Application for compensation under this section shall be made in such form and manner, and include such documentation and other evidence relating to the cause and extent of the damage, loss, or destruction, and resulting economic loss, claimed, as the Secretary shall prescribe by regulation. The Secretary shall promptly, but not later than sixty days after receipt of an application, consider, and issue an initial determination with respect to, the application.

(2) The amount of compensation awarded to any vessel owner under this section shall be—

(A) the depreciated replacement cost, or the repair cost, whichever cost is less, of the fishing vessel or the fishing gear concerned; and

(B) 25 percent of any resulting economic loss.
