

Any such grant awarded before the date of promulgation of such guidelines shall be conditioned on the applicant's agreement to comply to the maximum feasible extent with such guidelines as expeditiously as practicable following the date of promulgation thereof.

(3) Guidelines under this section may, in the discretion of the Administrator—

(A) be nationally and uniformly applicable to all projects funded under section 300j-3a of this title or section 300j-1(a)(2)¹ of this title;

(B) vary for different classes or categories of such projects (as determined by the Administrator);

(C) be established and applicable on a project-by-project basis; or

(D) any combination of the above.

(4) Nothing in this section shall be construed to prohibit or delay the award of any grant referred to in paragraph (1) prior to the date of promulgation of such guidelines.

(Pub. L. 95-477, §7(b), Oct. 18, 1978, 92 Stat. 1511.)

REFERENCES IN TEXT

Section 300j-1(a)(2) of this title, referred to in par. (3)(A), was amended by Pub. L. 104-182, title I, §121(3), (4)(A), Aug. 6, 1996, 110 Stat. 1651, to redesignate par. (2)(B) as subsec. (b) of section 300j-1, strike par. (2)(A), and add a new par. (2) relating to information and research facilities.

CODIFICATION

Section was enacted as part of the Environmental Research, Development, and Demonstration Authorization Act of 1979, and not as part of the Public Health Service Act which comprises this chapter.

§ 300j-3c. National assistance program for water infrastructure and watersheds

(a) Technical and financial assistance

The Administrator of the Environmental Protection Agency may provide technical and financial assistance in the form of grants to States (1) for the construction, rehabilitation, and improvement of water supply systems, and (2) consistent with nonpoint source management programs established under section 1329 of title 33, for source water quality protection programs to address pollutants in navigable waters for the purpose of making such waters usable by water supply systems.

(b) Limitation

Not more than 30 percent of the amounts appropriated to carry out this section in a fiscal year may be used for source water quality protection programs described in subsection (a)(2).

(c) Condition

As a condition to receiving assistance under this section, a State shall ensure that such assistance is carried out in the most cost-effective manner, as determined by the State.

(d) Authorization of appropriations

(1) Unconditional authorization

There are authorized to be appropriated to carry out this section \$25,000,000 for each of fiscal years 1997 through 2003. Such sums shall remain available until expended.

(2) Conditional authorization

In addition to amounts authorized under paragraph (1), there are authorized to be appropriated to carry out this section \$25,000,000 for each of fiscal years 1997 through 2003, provided that such authorization shall be in effect for a fiscal year only if at least 75 percent of the total amount of funds authorized to be appropriated for such fiscal year by section 300j-12(m) of this title are appropriated.

(e) Acquisition of lands

Assistance provided with funds made available under this section may be used for the acquisition of lands and other interests in lands; however, nothing in this section authorizes the acquisition of lands or other interests in lands from other than willing sellers.

(f) Federal share

The Federal share of the cost of activities for which grants are made under this section shall be 50 percent.

(g) Definitions

In this section, the following definitions apply:

(1) State

The term "State" means a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(2) Water supply system

The term "water supply system" means a system for the provision to the public of piped water for human consumption if such system has at least 15 service connections or regularly serves at least 25 individuals and a draw and fill system for the provision to the public of water for human consumption. Such term does not include a system owned by a Federal agency. Such term includes (A) any collection, treatment, storage, and distribution facilities under control of the operator of such system and used primarily in connection with such system, and (B) any collection or pretreatment facilities not under such control that are used primarily in connection with such system.

(Pub. L. 104-182, title IV, §401, Aug. 6, 1996, 110 Stat. 1690.)

CODIFICATION

Section was enacted as part of the Safe Drinking Water Act Amendments of 1996, and not as part of the Public Health Service Act which comprises this chapter.

INDIAN RESERVATION DRINKING WATER PROGRAM

Pub. L. 115-270, title II, §2001, Oct. 23, 2018, 132 Stat. 3840, provided that:

"(a) IN GENERAL.—Subject to the availability of appropriations, the Administrator of the Environmental Protection Agency shall carry out a program to implement—

"(1) 10 eligible projects described in subsection (b) that are within the Upper Missouri River Basin; and

"(2) 10 eligible projects described in subsection (b) that are within the Upper Rio Grande Basin.

"(b) ELIGIBLE PROJECTS.—A project eligible to participate in the program under subsection (a) is a project—

¹ See References in Text note below.

“(1) that is on a reservation (as defined in section 3 of the Indian Financing Act of 1974 (25 U.S.C. 1452)) that serves a federally recognized Indian Tribe; and

“(2) the purpose of which is to connect, expand, or repair an existing public water system, as defined in section 1401(4) of the Safe Drinking Water Act (42 U.S.C. 300f(4)), in order to improve water quality, water pressure, or water services.

“(c) REQUIREMENT.—In carrying out the program under subsection (a)(1), the Administrator of the Environmental Protection Agency shall select not less than one eligible project for a reservation that serves more than one federally recognized Indian Tribe.

“(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out the program under subsection (a) \$20,000,000 for each of fiscal years 2019 through 2022.”

§ 300j-3d. Water supply cost savings

(a) Drinking water technology clearinghouse

The Administrator, in consultation with the Secretary of Agriculture, shall—

(1) develop a technology clearinghouse for information on the cost-effectiveness of innovative and alternative drinking water delivery systems, including wells and well systems; and

(2) disseminate such information to the public and to communities and not-for-profit organizations seeking Federal funding for drinking water delivery systems serving 500 or fewer persons.

(b) Water system assessment

In any application for a grant or loan for the purpose of construction, replacement, or rehabilitation of a drinking water delivery system serving 500 or fewer persons, the funding for which would come from the Federal Government (either directly or through a State), a unit of local government or not-for-profit organization shall self-certify that the unit of local government or organization has considered, as an alternative drinking water supply, drinking water delivery systems sourced by publicly owned—

- (1) individual wells;
- (2) shared wells; and
- (3) community wells.

(c) Report to Congress

Not later than 3 years after December 16, 2016, the Comptroller General of the United States shall submit to Congress a report that describes—

- (1) the use of innovative and alternative drinking water delivery systems described in this section;
- (2) the range of cost savings for communities using innovative and alternative drinking water delivery systems described in this section; and
- (3) the use of drinking water technical assistance programs operated by the Administrator and the Secretary of Agriculture.

(Pub. L. 114-322, title II, §2108, Dec. 16, 2016, 130 Stat. 1728.)

CODIFICATION

Section was enacted as part of the Water and Waste Act of 2016, and also as part of the Water Infrastructure Improvements for the Nation Act, also known as the WIIN Act, and not as part of the Public Health Service Act which comprises this chapter.

DEFINITION OF “ADMINISTRATOR”

Pub. L. 114-322, title II, §2002, Dec. 16, 2016, 130 Stat. 1716, provided that: “In this title [see section 2001 of

Pub. L. 114-322, set out as a Short Title of 2016 Amendment note under section 201 of this title], the term ‘Administrator’ means the Administrator of the Environmental Protection Agency.”

§ 300j-4. Records and inspections

(a) Provision of information to Administrator; monitoring program for unregulated contaminants

(1)(A) Every person who is subject to any requirement of this subchapter or who is a grantee, shall establish and maintain such records, make such reports, conduct such monitoring, and provide such information as the Administrator may reasonably require by regulation to assist the Administrator in establishing regulations under this subchapter, in determining whether such person has acted or is acting in compliance with this subchapter, in administering any program of financial assistance under this subchapter, in evaluating the health risks of unregulated contaminants, or in advising the public of such risks. In requiring a public water system to monitor under this subsection, the Administrator may take into consideration the system size and the contaminants likely to be found in the system’s drinking water.

(B) Every person who is subject to a national primary drinking water regulation under section 300g-1 of this title shall provide such information as the Administrator may reasonably require, after consultation with the State in which such person is located if such State has primary enforcement responsibility for public water systems, on a case-by-case basis, to determine whether such person has acted or is acting in compliance with this subchapter.

(C) Every person who is subject to a national primary drinking water regulation under section 300g-1 of this title shall provide such information as the Administrator may reasonably require to assist the Administrator in establishing regulations under section 300g-1 of this title, after consultation with States and suppliers of water. The Administrator may not require under this subparagraph the installation of treatment equipment or process changes, the testing of treatment technology, or the analysis or processing of monitoring samples, except where the Administrator provides the funding for such activities. Before exercising this authority, the Administrator shall first seek to obtain the information by voluntary submission.

(D) The Administrator shall not later than 2 years after August 6, 1996, after consultation with public health experts, representatives of the general public, and officials of State and local governments, review the monitoring requirements for not fewer than 12 contaminants identified by the Administrator, and promulgate any necessary modifications.

(2) MONITORING PROGRAM FOR UNREGULATED CONTAMINANTS.—

(A) ESTABLISHMENT.—The Administrator shall promulgate regulations establishing the criteria for a monitoring program for unregulated contaminants. The regulations shall require monitoring of drinking water supplied by public water systems and shall vary the frequency and schedule for monitoring requirements for systems based on the number of per-
