

shall be based on the energy intensiveness of activities carried out in such facility or collection of facilities, the type and amount of energy consumed, or the technical feasibility of making the desired changes. The Postmaster General shall identify and list in the report required under section 8262i of this title the facilities designated by it for such exclusion.

(b) Implementation steps

In carrying¹ subsection (a), the Postmaster General shall—

(1) not later than 1 year after October 24, 1992, prepare or update, as appropriate, a plan (which may be submitted as part of the first report submitted under section 8262i of this title)—

(A) describing how this section will be implemented;

(B) designating personnel primarily responsible for achieving the requirements of this section; and

(C) identifying high priority projects;

(2) perform energy surveys of United States Postal Service facilities as necessary to achieve the requirements of this section;

(3) install those energy conservation measures that will attain the requirements of this section in a cost-effective manner as defined in section 8254 of this title; and

(4) ensure that the operation and maintenance procedures applied under this section are continued.

CODIFICATION

Section was enacted as part of the Energy Policy Act of 1992, and not as part of the National Energy Conservation Policy Act which comprises this chapter.

§ 8262k. Government contract incentives

(a) Establishment of criteria

Each agency, in consultation with the Federal Acquisition Regulatory Council, shall establish criteria for the improvement of energy efficiency in Federal facilities operated by Federal Government contractors or subcontractors.

(b) Purpose of criteria

The criteria established under subsection (a) shall be used to encourage Federal contractors, and their subcontractors, which manage and operate federally-owned facilities, to adopt and utilize energy conservation measures designed to reduce energy costs in Government-owned and contractor-operated facilities and which are ultimately borne by the Federal Government.

(Pub. L. 102-486, title I, §167, Oct. 24, 1992, 106 Stat. 2862.)

CODIFICATION

Section was enacted as part of the Energy Policy Act of 1992, and not as part of the National Energy Conservation Policy Act which comprises this chapter.

PART C—FEDERAL PHOTOVOLTAIC UTILIZATION

§ 8271. “Federal facility” and “Secretary” defined

For purposes of this part—

¹So in original. Probably should be followed by the word “out”.

(1) The term “Federal facility” means any building, structure, or fixture or part thereof which is owned by the United States or any Federal agency or which is held by the United States or any Federal agency under a lease-acquisition agreement under which the United States or a Federal agency will receive fee simple title under the terms of such agreement without further negotiation. Such term also applies to facilities related to programs administered by Federal agencies.

(2) The term “Secretary” means the Secretary of Energy.

(Pub. L. 95-619, title V, §562, Nov. 9, 1978, 92 Stat. 3280; Pub. L. 96-294, title IV, §407(1), June 30, 1980, 94 Stat. 717.)

AMENDMENTS

1980—Par. (1). Pub. L. 96-294 inserted applicability to facilities related to programs administered by Federal agencies.

SHORT TITLE

For short title of this part as the “Federal Photovoltaic Utilization Act”, see section 561 of Pub. L. 95-619, set out as a note under section 8201 of this title.

§ 8272. Photovoltaic energy program

There is hereby established a photovoltaic energy commercialization program for the accelerated procurement and installation of photovoltaic solar electric systems for electric production in Federal facilities.

(Pub. L. 95-619, title V, §563, Nov. 9, 1978, 92 Stat. 3280.)

§ 8273. Purpose of program

The purpose of the program established by section 8272 of this title is to—

(1) accelerate the growth of a commercially viable and competitive industry to make photovoltaic solar electric systems available to the general public as an option in order to reduce national consumption of fossil fuel;

(2) reduce fossil fuel costs to the Federal Government;

(3) stimulate the general use within the Federal Government of methods for the minimization of life cycle costs; and

(4) develop performance data on the program established by section 8272 of this title.

(Pub. L. 95-619, title V, §564, Nov. 9, 1978, 92 Stat. 3280.)

§ 8274. Acquisition of systems

The program established by section 8272 of this title shall provide for the acquisition of photovoltaic solar electric systems and associated storage capability by the Secretary for their use by Federal agencies, and for the acquisition of such systems and associated capability by Federal agencies for their own use in cases where the authority to make such acquisition has been delegated to the agency involved by the Secretary. The acquisition of photovoltaic solar electric systems shall be at an annual level substantial enough to allow use of low-cost production techniques by suppliers of such systems. The Secretary (or other Federal agency acting
