

age more transformational projects, and improve project outcomes by encouraging Federal investment in robust predevelopment activities and providing other forms of support, such as technical assistance, to communities during the predevelopment phase.

Therefore, by the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

**SECTION 1. Policy.** It shall be the policy of the Federal Government for all executive departments and agencies (agencies) that provide grants, technical assistance, and other forms of support for nonfederal domestic infrastructure assets, or regulate the development of these infrastructure assets, to actively support nonfederal predevelopment activities with all available tools, including grants, technical assistance, and regulatory changes, to the extent permitted by law and consistent with agency mission. Agencies shall seek to make predevelopment funding and support available, as permitted by law and consistent with agency mission and where it is in the public interest and does not supplant existing public investment, to encourage opportunities for private sector investment. Agencies shall pay particular attention to predevelopment activities in sectors where State, local, and tribal governments have traditionally played a significant role, such as surface transportation, drinking water, sewage and storm water management systems, landside ports, and social infrastructure like schools and community facilities.

**SEC. 2. Definitions.** For the purposes of this memorandum:

(a) “Predevelopment activities” means activities that provide decisionmakers with the opportunity to identify and assess potential infrastructure projects and modifications to existing infrastructure projects, and to advance those projects from the conceptual phase to actual construction. Predevelopment activities include:

(i) project planning, feasibility studies, economic assessments and cost-benefit analyses, and public benefit studies and value-for-money analyses;

(ii) design and engineering;

(iii) financial planning (including the identification of funding and financing options);

(iv) permitting, environmental review, and regulatory processes;

(v) assessment of the impacts of potential projects on the area, including the effect on communities, the environment, the workforce, and wages and benefits, as well as assessment of infrastructure vulnerability and resilience to climate change and other risks; and

(vi) public outreach and community engagement.

(b) “Predevelopment funding” means funding for predevelopment activities and associated costs, such as flexible staff, external advisors, convening potential investment partners, and associated legal costs directly related to predevelopment activities.

**SEC. 3. Federal Action to Support Predevelopment Activities.** Agencies shall take the following actions to support predevelopment activities:

(a) the Department of Commerce, through the Economic Development Administration’s Public Works grants and Economic Adjustment Assistance grants, and consistent with the programs’ mission and goals, shall take steps to increase assistance for the predevelopment phase of infrastructure projects;

(b) the Department of Transportation shall develop guidance to clarify where predevelopment activities are eligible for funding through its programs. To further encourage early collaboration in the project development process, the Department of Transportation shall also clarify options for providing early feedback into environmental review processes;

(c) the Department of Homeland Security shall clarify for grantees where predevelopment funding is available through the Hazard Mitigation Grant Program;

(d) the Department of Housing and Urban Development shall clarify for grantees how the Community Development Block Grant program and other Federal

funding sources can be used for predevelopment activities;

(e) the Department of Agriculture shall develop guidance to clarify where predevelopment activities are eligible for funding through its programs, including grants for water and waste projects pursuant to 7 CFR 1780.1 et seq., the Special Evaluation Assistance for Rural Communities and Households Program, the Community Facilities Grant program, and the Watershed and Flood Prevention Operations Program. To encourage innovative predevelopment work, the Department of Agriculture shall also train Water and Environmental Programs field staff on predevelopment best practices and prioritize predevelopment in the Department of Agriculture’s project development process; and

(f) the other members of the Working Group established in section 3 of my memorandum of July 17, 2014 (Expanding Public-Private Collaboration on Infrastructure Development and Financing), shall take such steps as appropriate to clarify program eligibilities related to predevelopment activities for nonfederal domestic infrastructure assets.

**SEC. 4. Implementation, Public Education, and Best Practices.** The Departments of Agriculture, Commerce, Labor, Housing and Urban Development, Transportation, Energy, and Homeland Security, and the Environmental Protection Agency shall develop plans for implementing the requirements of this memorandum, providing technical assistance to nonfederal actors engaged in predevelopment activities, and educating grantees and the public on the benefits of predevelopment and the Federal resources available for these activities. These agencies shall also work together to develop a guide for nonfederal actors undertaking nonfederal predevelopment activities that includes best practices on how to evaluate and compare traditional and alternative financing strategies. No later than 60 days after the date of this memorandum, these agencies shall provide these plans and the best practice guide to the Director of the National Economic Council. Subsequently, these agencies shall provide regular updates to the Director of the National Economic Council on their progress in increasing support for predevelopment activities.

**SEC. 5. General Provisions.** (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(c) The Secretary of Transportation is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

## § 602. Regulatory agenda

(a) During the months of October and April of each year, each agency shall publish in the Federal Register a regulatory flexibility agenda which shall contain—

(1) a brief description of the subject area of any rule which the agency expects to propose or promulgate which is likely to have a significant economic impact on a substantial number of small entities;

(2) a summary of the nature of any such rule under consideration for each subject area listed in the agenda pursuant to paragraph (1), the objectives and legal basis for the issuance of

the rule, and an approximate schedule for completing action on any rule for which the agency has issued a general notice of proposed rulemaking,<sup>1</sup> and

(3) the name and telephone number of an agency official knowledgeable concerning the items listed in paragraph (1).

(b) Each regulatory flexibility agenda shall be transmitted to the Chief Counsel for Advocacy of the Small Business Administration for comment, if any.

(c) Each agency shall endeavor to provide notice of each regulatory flexibility agenda to small entities or their representatives through direct notification or publication of the agenda in publications likely to be obtained by such small entities and shall invite comments upon each subject area on the agenda.

(d) Nothing in this section precludes an agency from considering or acting on any matter not included in a regulatory flexibility agenda, or requires an agency to consider or act on any matter listed in such agenda.

(Added Pub. L. 96-354, §3(a), Sept. 19, 1980, 94 Stat. 1166.)

#### EFFECTIVE DATE

Section effective Jan. 1, 1981, see section 4 of Pub. L. 96-354, set out as a note under section 601 of this title.

### § 603. Initial regulatory flexibility analysis

(a) Whenever an agency is required by section 553 of this title, or any other law, to publish general notice of proposed rulemaking for any proposed rule, or publishes a notice of proposed rulemaking for an interpretative rule involving the internal revenue laws of the United States, the agency shall prepare and make available for public comment an initial regulatory flexibility analysis. Such analysis shall describe the impact of the proposed rule on small entities. The initial regulatory flexibility analysis or a summary shall be published in the Federal Register at the time of the publication of general notice of proposed rulemaking for the rule. The agency shall transmit a copy of the initial regulatory flexibility analysis to the Chief Counsel for Advocacy of the Small Business Administration. In the case of an interpretative rule involving the internal revenue laws of the United States, this chapter applies to interpretative rules published in the Federal Register for codification in the Code of Federal Regulations, but only to the extent that such interpretative rules impose on small entities a collection of information requirement.

(b) Each initial regulatory flexibility analysis required under this section shall contain—

(1) a description of the reasons why action by the agency is being considered;

(2) a succinct statement of the objectives of, and legal basis for, the proposed rule;

(3) a description of and, where feasible, an estimate of the number of small entities to which the proposed rule will apply;

(4) a description of the projected reporting, recordkeeping and other compliance requirements of the proposed rule, including an esti-

mate of the classes of small entities which will be subject to the requirement and the type of professional skills necessary for preparation of the report or record;

(5) an identification, to the extent practicable, of all relevant Federal rules which may duplicate, overlap or conflict with the proposed rule.

(c) Each initial regulatory flexibility analysis shall also contain a description of any significant alternatives to the proposed rule which accomplish the stated objectives of applicable statutes and which minimize any significant economic impact of the proposed rule on small entities. Consistent with the stated objectives of applicable statutes, the analysis shall discuss significant alternatives such as—

(1) the establishment of differing compliance or reporting requirements or timetables that take into account the resources available to small entities;

(2) the clarification, consolidation, or simplification of compliance and reporting requirements under the rule for such small entities;

(3) the use of performance rather than design standards; and

(4) an exemption from coverage of the rule, or any part thereof, for such small entities.

(d)(1) For a covered agency, as defined in section 609(d)(2), each initial regulatory flexibility analysis shall include a description of—

(A) any projected increase in the cost of credit for small entities;

(B) any significant alternatives to the proposed rule which accomplish the stated objectives of applicable statutes and which minimize any increase in the cost of credit for small entities; and

(C) advice and recommendations of representatives of small entities relating to issues described in subparagraphs (A) and (B) and subsection (b).

(2) A covered agency, as defined in section 609(d)(2), shall, for purposes of complying with paragraph (1)(C)—

(A) identify representatives of small entities in consultation with the Chief Counsel for Advocacy of the Small Business Administration; and

(B) collect advice and recommendations from the representatives identified under subparagraph (A) relating to issues described in subparagraphs (A) and (B) of paragraph (1) and subsection (b).

(Added Pub. L. 96-354, §3(a), Sept. 19, 1980, 94 Stat. 1166; amended Pub. L. 104-121, title II, §241(a)(1), Mar. 29, 1996, 110 Stat. 864; Pub. L. 111-203, title X, §1100G(b), July 21, 2010, 124 Stat. 2112.)

#### AMENDMENTS

2010—Subsec. (d). Pub. L. 111-203 added subsec. (d).

1996—Subsec. (a). Pub. L. 104-121, §241(a)(1)(B), inserted at end “In the case of an interpretative rule involving the internal revenue laws of the United States, this chapter applies to interpretative rules published in the Federal Register for codification in the Code of Federal Regulations, but only to the extent that such interpretative rules impose on small entities a collection of information requirement.”

<sup>1</sup> So in original. The comma probably should be a semicolon.
