The section is reorganized to clarify the steps in the computation of the insurance allocable to issuing and reinsuring companies.

In subsections (c) and (d), references to the first determination date, December 31, 1953, are omitted as executed.

Standard changes are made to conform with the definitions applicable and the style of this title as outlined in the preface to the report.

AMENDMENTS

1978—Subsecs. (a) to (c), (e), (f). Pub. L. 95-454 substituted "Office of Personnel Management" and "Office" for "Civil Service Commission" and "Commission", respectively, wherever appearing.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95-454 effective 90 days after Oct. 13, 1978, see section 907 of Pub. L. 95-454, set out as a note under section 1101 of this title.

§ 8711. Basic tables of premium rates

(a) A policy purchased under this chapter shall include, for the first policy year, basic tables of premium rates as follows:

(1) For group life insurance, a schedule of basic premium rates by age which the Office of Personnel Management determines to be consistent with the lowest schedule of basic premium rates generally charged for new group life insurance policies issued to large employers.

(2) For group accidental death and dismemberment insurance, a basic premium rate which the Office determines is consistent with the lowest rate generally charged for new group accidental death and dismemberment policies issued to large employers.

The schedule for group life insurance, except as otherwise provided by this section, shall be applied to the distribution by age of the amounts of group life insurance under the policy at its date of issuance to determine an average basic premium rate per \$1,000 of life insurance.

(b) The policy shall provide that the basic premium rates determined for the first policy year continue for later policy years except as readjusted for a later year based on experience under the policy. The company issuing the policy may make the readjustment on a basis that the Office determines in advance of the policy year is consistent with the general practice of life insurance companies under policies of group life and group accidental death and dismemberment insurance issued to large employers.

(c) The policy shall provide that if the Office determines that ascertaining the actual age distribution of the amounts of group life insurance in force at the date of issue of the policy or at the end of the first or any later year of insurance thereunder would not be possible except at a disproportionately high expense, the Office may approve the determination of a tentative average group life premium rate, for the first or

any later policy year, instead of using the actual age distribution. The Office, on request by the company issuing the policy, shall redetermine the tentative average premium rate during any policy year, if experience indicates that the assumptions made in determining that rate were incorrect for that year.

(d) The policy shall stipulate the maximum expense and risk charges for the first policy year. The Office shall determine these charges on a basis consistent with the general level of charges made by life insurance companies under policies of group life and accidental death and dismemberment insurance issued to large employers. The maximum charges continue from year to year, except that the Office may redetermine them for any year either by agreement with the company issuing the policy or on written notice given to the company at least 1 year before the beginning of the year for which the redetermined maximum charges will be effective.

AMENDMENTS

1978—Subsecs. (a) to (d). Pub. L. 95-454 substituted "Office of Personnel Management" and "Office" for "Civil Service Commission" and "Commission", respectively, wherever appearing.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95-454 effective 90 days after Oct. 13, 1978, see section 907 of Pub. L. 95-454, set out as a note under section 1101 of this title.

§ 8712. Annual accounting; special contingency reserve

A policy purchased under this chapter shall provide for an accounting to the Office of Personnel Management not later than 90 days after the end of each policy year. The accounting shall set forth, in a form approved by the Office—

- (1) the amounts of premiums actually accrued under the policy from its date of issue to the end of the policy year;
- (2) the total of all mortality and other claim charges incurred for that period; and
- (3) the amounts of the insurers' expense and risk charges for that period.

An excess of the total of paragraph (1) of this section over the sum of paragraphs (2) and (3) of

this section shall be held by the company issuing the policy as a special contingency reserve to be used by the company only for charges under the policy. The reserve shall bear interest at a rate determined in advance of each policy year by the company and approved by the Office as being consistent with the rates generally used by the company for similar funds held under other group life insurance policies. When the Office determines that the special contingency reserve has attained an amount estimated by it to make satisfactory provision for adverse fluctuations in future charges under the policy, any further excess shall be deposited in the Treasury of the United States to the credit of the Employees' Life Insurance Fund. When a policy is discontinued, any balance remaining in the special contingency reserve after all charges have been made shall be deposited in the Treasury to the credit of the Fund. The company may make the deposit in equal monthly installments over a period of not more than 2 years.
