§ 8316. Authorization of appropriations

(a) In general

There are authorized to be appropriated such sums as are necessary to carry out this chapter.

(b) Transfer of funds

(1) In general

In connection with an emergency under which a pest or disease of livestock threatens any segment of agricultural production in the United States, the Secretary may transfer from other appropriations or funds available to the agencies or corporations of the Department of Agriculture such funds as the Secretary determines are necessary for the arrest, control, eradication, or prevention of the spread of the pest or disease of livestock and for related expenses.

(2) Availability

Any funds transferred under this subsection shall remain available until expended, without fiscal year limitation.

(3) Reviewability

The action of any officer, employee, or agent of the Secretary in carrying out this section (including determining the amount of and making any payment authorized to be made under this chapter) shall not be subject to review by any officer or employee of the Federal Government other than the Secretary or the designee of the Secretary.

(c) Use of funds

In carrying out this chapter, the Secretary may use funds made available to carry out this chapter for—

- (1) the employment of civilian nationals in foreign countries; and
- (2) the construction and operation of research laboratories, quarantine stations, and other buildings and facilities for special purposes.

§ 8320. Expansion of Animal and Plant Health Inspection Service activities

(a) In general

The Secretary of Agriculture (referred to in this section as the “Secretary”) may utilize existing authorities to give high priority to enhancing and expanding the capacity of the Animal and Plant Health Inspection Service to conduct activities to—

- (1) increase the inspection capacity of the Service at international points of origin;
- (2) improve surveillance at ports of entry and customs;
- (3) enhance methods of protecting against the introduction of plant and animal disease organisms by terrorists;
- (4) develop new and improve existing strategies and technologies for dealing with intentional outbreaks of plant and animal disease arising from acts of terrorism or from unintentional introduction, including—

(A) establishing cooperative agreements among Veterinary Services of the Animal and Plant Health Inspection Service, State animal health commissions and regulatory agencies for livestock and poultry health, and private veterinary practitioners to enhance the preparedness and ability of Veterinary Services and the commissions and agencies to respond to outbreaks of such animal diseases; and

(B) strengthening planning and coordination with State and local agencies, including—

- (i) State animal health commissions and regulatory agencies for livestock and poultry health; and
- (ii) State agriculture departments; and

(5) otherwise improve the capacity of the Service to protect against the threat of bioterrorism.

(b) Automated recordkeeping system

The Administrator of the Animal and Plant Health Inspection Service may implement a central automated recordkeeping system to provide for the reliable tracking of the status of animal and plant shipments, including those shipments on hold at ports of entry and customs. The Secretary shall ensure that such a system shall be fully accessible to or fully integrated with the Food Safety Inspection Service.

(c) Authorization of appropriations

There is authorized to be appropriated to carry out this section, \$30,000,000 for fiscal year 2002, and such sums as may be necessary for each subsequent fiscal year.
