#### § 2448b. Independent technical risk assessments

(a) IN GENERAL.—With respect to a major defense acquisition program, the Secretary of Defense shall conduct or approve independent technical risk assessments—

(1) before any decision to grant Milestone A approval for the program pursuant to section 2366a of this title, that identifies critical technologies and manufacturing processes that need to be matured; and

(2) before any decision to grant Milestone B approval for the program pursuant to section 2366b of this title, any decision to enter into low-rate initial production or full-rate production, or at any other time considered appropriate by the Secretary, that includes the identification of any critical technologies or manufacturing processes that have not been successfully demonstrated in a relevant environment.

(b) GUIDANCE.—The Secretary shall issue guidance and a framework for the conduct, execution, and approval of independent technical risk assessments.

(Added Pub. L. 114-328, div. A, title VIII, § 807(a)(1), Dec. 23, 2016, 130 Stat. 2261; amended Pub. L. 116-92, div. A, title IX, § 902(73), Dec. 20, 2019, 133 Stat. 1552.)

#### AMENDMENTS

2019—Pub. L. 116-92 added subsecs. (a) and (b) and struck out former subsecs. (a) and (b) which read as follows:

“(a) IN GENERAL.—With respect to a major defense acquisition program, the Secretary of Defense shall ensure that an independent technical risk assessment is conducted—

“(1) before any decision to grant Milestone A approval for the program pursuant to section 2366a of this title, that identifies critical technologies and manufacturing processes that need to be matured; and

“(2) before any decision to grant Milestone B approval for the program pursuant to section 2366b of this title, any decision to enter into low-rate initial production or full-rate production, or at any other time considered appropriate by the Secretary, that includes the identification of any critical technologies or manufacturing processes that have not been successfully demonstrated in a relevant environment.

“(b) CATEGORIZATION OF TECHNICAL RISK LEVELS.—The Secretary shall issue guidance and a framework for categorizing the degree of technical and manufacturing risk in a major defense acquisition program.”

#### § 2451. Defense supply management

(a) The Secretary of Defense shall develop a single catalog system and related program of standardizing supplies for the Department of Defense.

(b) In cataloging, the Secretary shall name, describe, classify, and number each item recurrently used, bought, stocked, or distributed by the Department of Defense, so that only one distinctive combination of letters or numerals, or both, identifies the same item throughout the Department of Defense. Only one identification may be used for each item for all supply functions from purchase to final disposal in the field or other area. The catalog may consist of a number of volumes, sections, or supplements. It shall include all items of supply and, for each item, information needed for supply operations, such as descriptive and performance data, size, weight, cubage, packaging and packing data, a standard quantitative unit of measurement, and other related data that the Secretary determines to be desirable.

(c) In standardizing supplies the Secretary shall, to the highest degree practicable—

(1) standardize items used throughout the Department of Defense by developing and using single specifications, eliminating overlapping and duplicate specifications, and reducing the number of sizes and kinds of items that are generally similar;

(2) standardize the methods of packing, packaging, and preserving such items; and

(3) make efficient use of the services and facilities for inspecting, testing, and accepting such items.

(d) The Secretary shall coordinate with the Administrator of General Services to enable the use of commercial identifiers for commercial products (as defined in section 103 of title 41) within the Federal cataloging system.
